

IMAX Roars to \$25 Million Global Opening for "Jurassic World: Dominion"

June 13, 2022

"Jurassic World" Trilogy Finale Delivers Third Consecutive \$25 Million-Plus Opening for IMAX, Biggest IMAX China Debut for a Hollywood Release in More Than a Year

NEW YORK, June 13, 2022 /PRNewswire/ -- IMAX Corporation (NYSE: IMAX) dominated the worldwide box office this weekend with a \$25 million global opening for Universal Pictures' "Jurassic World: Dominion". The strong haul included \$12.3 million in North American box office receipts, as well as \$6.3 million in China — good for IMAX's biggest Hollywood opening in China since May 2021, despite capacity limitations in key Chinese markets. IMAX delivered an impressive 12.2% of the Chinese box office for "Jurassic World: Dominion" on less than 1% of screens.

"Jurassic World: Dominion" continued IMAX's hot streak at the summer box office, as the third consecutive IMAX global opening of more than \$25 million. With more than eight weeks to go in the 2022 summer season, the company has already exceeded its summer global box office of 2021.*

"We were confident that this summer would unleash a wave of pent-up demand for long-delayed, highly anticipated tentpole releases, and the early results of films like "Jurassic World: Dominion" are validating," said Rich Gelfond, CEO of IMAX. "This summer slate is tailor-made for IMAX, and we've hit the trifecta with three consecutive big openings on the season so far — demonstrating the strength of the IMAX Experience and our blockbuster-centric model."

The strong summer slate continues for IMAX in the weeks ahead, with several forthcoming *Filmed for IMAX* releases, including Disney/Pixar's "Lightyear" — which makes pioneering use of IMAX technology for animation capture; "Thor: Love and Thunder"; and Jordan Peele's "NOPE" which was shot with IMAX film cameras. Highly anticipated releases "The Minions: Rise of Gru" and "Bullet Train" also arrive on IMAX screens this summer.
