and capitalize on the opportunity ahead over the next several years.”

“IMAX continues to set the table for a new, sustained era of growth with a 2025 and 2026 slate that is as promising as we’ve ever seen,” said Rich Gelfond, CEO of IMAX. “With an exceptional content pipeline, accelerating system installations, and robust sales activity worldwide, we are very well-positioned to execute

“As we look forward, we expect 2025 to be our best year ever at the global box office, with more than \$1.2 billion in IMAX grosses worldwide. Our slate next year is highlighted by at least 14 Filmed for IMAX® releases worldwide shot with our cameras, for our screens — a historical indicator of higher indexing for our platform and further proof that filmmakers and audiences prefer the awe-inspiring IMAX Experience®.”

“Demand for the IMAX platform is strong among our global exhibition partners. We installed nearly 50 new and upgraded systems worldwide in the third quarter — one of our best third quarters for installs ever — and continue to strike agreements in key growth markets, including Australia, France, Japan, and Saudi Arabia.”

“Our third quarter performance further demonstrates our ability to deliver results in any environment, reflecting our flexible, asset-lite business model and diversified content portfolio. With a strong slate ahead, we look forward to fully capitalizing on our model, our strong brand and technology, and our unique global scale to deliver for our shareholders.”

1. Please refer to the Company's Form 10-Q for the period ended September 30, 2024 for additional segment information.

#### Content Solutions Segment

- Content Solutions revenues of \$30 million decreased 32% year-over-year driven by the mix of content, which included "Oppenheimer" — the Company's fifth highest grossing title of all time — in the year prior. Despite the decline, the third quarter 2024 was the third highest grossing third quarter in IMAX history
- Gross margin for Content Solutions of \$16 million decreased 38% compared to the third quarter of the prior year period.

#### Technology Products and Services Segment

- Technology Products and Services revenues and gross margin increased 3% year-over-year to \$58 million and decreased 5% year-over-year to \$32 million, respectively, driven by system installation growth that is outpacing the prior year and offset the lower box office related rental revenue.
- During the third quarter the Company installed 49 systems compared to 30 systems in the third quarter of 2023, an increase of 63% year-over-year. Of those, 20 systems were under sales arrangements, compared to 16 systems in the prior year.
- Commercial network growth continues with the number of IMAX locations increasing 4% year-over-year to 1,714 systems. The Company ended Q3 2024 with a backlog of 472 IMAX systems.

#### Operating Cash Flow and Liquidity

Net cash provided by operating activities for year-to-date September 2024 was \$59 million compared to \$55 million in the prior year period. Third quarter 2024 net cash provided by operating activities was \$35 million compared to \$29 million in the prior year period with the increase reflecting improvements in working capital.

As of September 30, 2024, the Company's available liquidity was \$413 million. The Company's liquidity includes cash and cash equivalents of \$105 million, \$253 million in available borrowing capacity under the Credit Facility, and \$56 million in available borrowing capacity under IMAX China's revolving facilities. Total debt, excluding deferred financing costs, was \$280 million as of September 30, 2024.

In 2021, the Company issued \$230.0 million of 0.500% Convertible Senior Notes due 2026 ("Convertible Notes"). In connection with the pricing of the Convertible Notes, the Company entered into privately negotiated capped call transactions with an initial cap price of \$37.2750 per share of the Company's common shares.

#### Share Count and Capital Return

The weighted average basic and diluted shares outstanding in the third quarter of 2024 were 52.7 million and 54.1 million, respectively, compared to 54.6 million and 55.5 million in the third quarter of 2023, a decrease of 3.5% and 2.6%, respectively.

For the nine months ended September 30, 2024, the Company repurchased 1,166,370 common shares at an average price of \$13.99 for a total of \$16 million, excluding commissions.

The Company is authorized under its share-repurchase program, expiring June 30, 2026 to repurchase up to \$400 million of its common shares, of which approximately \$151 million remains available.

## Forward-Looking Statements

*This earnings release contains forward looking statements that are based on IMAX management's assumptions and existing information and involve certain risks and uncertainties which could cause actual results to differ materially from future results expressed or implied by such forward looking statements. These forward-looking statements include, but are not limited to, references to business and technology strategies and measures to implement strategies, competitive strengths, goals, expansion and growth of business, operations and technology, future capital expenditures (including the amount and nature thereof), industry prospects and consumer behavior, plans and references to the future success of IMAX Corporation together with its consolidated subsidiaries (the "Company") and expectations regarding the Company's future operating, financial and technological results. These forward-looking statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, as well as other factors it believes are appropriate in the circumstances. However, whether actual results and developments will conform with the expectations and predictions of the Company is subject to a number of risks and uncertainties, including, but not limited to, risks associated with investments and operations in foreign jurisdictions and any future international expansion, including those related to economic, political and regulatory policies of local governments and laws and policies of the United States and Canada, as well as geopolitical conflicts; risks related to the Company's growth and operations in China; the performance of IMAX remastered films and other films released to the IMAX network; the signing of IMAX System agreements; conditions, changes and developments in the commercial exhibition industry; risks related to currency fluctuations; the potential impact of increased competition in the markets within which the Company operates, including competitive actions by other companies; the failure to respond to change and advancements in technology; risks relating to consolidation among commercial exhibitors and studios; risks related to brand extensions and new business initiatives; conditions in the in-home and out-of-home entertainment industries; the opportunities (or lack thereof) that may be presented to and pursued by the Company; risks related to cyber-security and data privacy; risks related to the Company's inability to protect the Company's intellectual property; risks associated with the Company's use of artificial intelligence and exploration of additional use cases of artificial intelligence; risks related to climate change; risks related to weather conditions and natural disasters that may disrupt or harm the Company's business; risks related to the Company's indebtedness and compliance with its debt agreements; general economic, market or business conditions; risks related to political, economic and social instability; the failure to convert system backlog into revenue; changes in laws or regulations; any statements of belief and any statements of assumptions underlying any of the foregoing; other factors and risks outlined in the Company's periodic filings with the SEC; and other factors, many of which are beyond the control of the Company. Consequently, all of the forward-looking statements made in this earnings release are qualified by these cautionary statements, and actual results or anticipated developments by the Company may not be realized, and even if substantially realized, may not have the expected consequences to, or effects on, the Company. These factors, other risks and uncertainties and financial details are discussed in the Company's most recent Annual Report on Form 10-K. The Company undertakes no obligation to update publicly or otherwise revise any forward-looking statements, whether as a result of new information, future events or otherwise.*

## Primary Reporting Groups

The Company's Chief Executive Officer ("CEO") is its CODM, as such term is defined under U.S. GAAP. The CODM assesses segment performance based on segment revenues and segment gross margins. Selling, general and administrative expenses, research and development costs, the amortization of intangible assets, provision for (reversal of) current expected credit losses, certain write-downs, interest income, interest expense, and income tax (expense) benefit are not allocated to the Company's segments.

In the first quarter of 2023, the Company revised its internal segment reporting, including the information provided to the CODM to assess segment performance and allocate resources. Accordingly, the Company has two reportable segments:

1. Content Solutions, which principally includes the digital remastering of films and other content into IMAX formats for distribution to the IMAX network. To a lesser extent, the Content Solutions segment also earns revenue from the distribution of large-format documentary films and exclusive experiences ranging from live performances to interactive events with leading artists and creators, as well as film post-production services.
2. Technology Products and Services, which includes results from the sale or lease of IMAX Systems, as well as from the

maintenance of IMAX Systems. To a lesser extent, the Technology Product and Services segment also earns revenue from certain ancillary theater business activities, including after-market sales of IMAX System parts and 3D glasses.

Transactions between segments are valued at exchange value. Inter-segment profits are eliminated upon consolidation, as well as for the disclosures below.

1. All Other includes the results from the Company's streaming and consumer technology business, as well as other ancillary activities.

In this release, the Company presents adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per basic and diluted share, EBITDA, Adjusted EBITDA per Credit Facility, Adjusted EBITDA margin as supplemental measures of the Company's performance, which are not recognized under U.S. GAAP. Adjusted net income or loss attributable to common shareholders and adjusted net income or loss attributable to common shareholders per basic and diluted share exclude, where applicable: (i) share-based compensation; (ii) realized and unrealized investment gains or losses; (iii) transaction-related expenses; and (iv) restructuring and executive transition costs, as well as the related tax impact of these adjustments.

The Company believes that these non-GAAP financial measures are important supplemental measures that allow management and users of the Company's financial statements to view operating trends and analyze controllable operating performance on a comparable basis between periods without the after-tax impact of share-based compensation and certain unusual items included in net income attributable to common shareholders. Although share-based compensation is an important aspect of the Company's employee and executive compensation packages, it is a non-cash expense and is excluded from certain internal business performance measures.

A reconciliation from net income (loss) attributable to common shareholders and the associated per share amounts to adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per diluted share is presented in the table below. Net income (loss) attributable to common shareholders and the associated per share amounts are the most directly comparable GAAP measures because they reflect the earnings relevant to the Company's shareholders, rather than the earnings attributable to non-controlling interests.

In addition to the non-GAAP financial measures discussed above, management also uses "EBITDA," as such term is defined in the Credit Agreement, and which is referred to herein as "Adjusted EBITDA per Credit Facility." As allowed by the Credit Agreement, Adjusted EBITDA per Credit Facility includes adjustments in addition to the exclusion of interest, taxes, depreciation and amortization. Accordingly, this non-GAAP financial measure is presented to allow a more comprehensive analysis of the Company's operating performance and to provide additional information with respect to the Company's compliance with its Credit Agreement requirements, when applicable. In addition, the Company believes that Adjusted EBITDA per Credit Facility presents relevant and useful information widely used by analysts, investors and other interested parties in the Company's industry to evaluate, assess and benchmark the Company's results.

EBITDA is defined as net income or loss excluding: (i) income tax expense or benefit; (ii) interest expense, net of interest income; (iii) depreciation and amortization, including film asset amortization; and (iv) amortization of deferred financing costs. Adjusted EBITDA per Credit Facility is defined as EBITDA excluding: (i) share-based and other non-cash compensation; (ii) realized and unrealized investment gains or losses; (iii) transaction-related expenses; (iv) restructuring and executive transition costs; and (v) write-downs, net of recoveries, including asset impairments and credit loss expense.

A reconciliation of net income (loss) attributable to common shareholders, which is the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA per Credit Facility is presented in the table below. Net income (loss) attributable to common shareholders is the most directly comparable GAAP measure because it reflects the earnings relevant to the Company's shareholders, rather than the earnings attributable to non-controlling interests.

In this release, the Company also presents free cash flow, which is not recognized under U.S. GAAP, as a supplemental measure of the Company's liquidity. The Company definition of free cash flow deducts only normal recurring capital expenditures, including the Company's investment in joint revenue sharing arrangements, the purchase of property, plant and equipment and the acquisition of other intangible assets (from the Consolidated Statements of Cash Flows), from net cash provided by or used in operating activities. Management believes that free cash flow is a supplemental measure of the cash flow available to reduce debt, add to cash balances, and fund other financing activities. Free cash flow does not represent residual cash flow available for discretionary expenditures. A reconciliation of cash provided by operating activities to free cash flow is presented below.

These non-GAAP measures may not be comparable to similarly titled amounts reported by other companies. Additionally, the non-GAAP financial measures used by the Company should not be considered as a substitute for, or superior to, the comparable GAAP amounts.
