IMAX CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Tabular amounts in thousands of U.S. Dollars, unless otherwise stated)

1. Basis of Presentation

Accounting Principles

IMAX Corporation (together with its subsidiaries, unless the context requires otherwise, the “Company” or “IMAX”), prepares financial statements in accordance with United States Generally Accepted Accounting Principles (“U.S. GAAP” or “GAAP”) and pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). Certain information and footnote disclosures have been condensed or omitted as permitted by such rules and regulations. In the opinion of the Company’s management, the unaudited Condensed Consolidated Financial Statements reflect all necessary adjustments for a fair statement of interim results. The Condensed Consolidated Balance Sheet at December 31, 2025 was derived from the Company’s audited annual Consolidated Financial Statements in the Company’s 2025 Annual Report on Form 10-K (the “2025 Form 10-K”). The interim results presented in the Company’s Condensed Consolidated Statements of Operations and Condensed Consolidated Statements of Cash Flows are not necessarily indicative of results for a full year. Certain prior period comparatives have been revised to conform with the current period presentation.

These unaudited Condensed Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements in the 2025 Form 10-K, which includes significant accounting policies adopted by the Company.

Principles of Consolidation

These unaudited Condensed Consolidated Financial Statements include the accounts of IMAX together with its consolidated subsidiaries, except for subsidiaries which have been identified as variable interest entities (“VIEs”) where the Company is not the primary beneficiary. All intercompany accounts and transactions have been eliminated. The Company has evaluated its various variable interests to determine whether they are VIEs as required by U.S. GAAP.

The Company has interests in ten film production companies, which have been identified as VIEs. The Company is the primary beneficiary of and consolidates five of these entities as it has the power to direct the activities that most significantly impact the economic performance of the VIE, and it has the obligation to absorb losses or the right to receive benefits from the respective VIE that could potentially be significant. The majority of the assets relating to these production companies are held by the IMAX Original Film Fund (the “Original Film Fund”). The Company does not consolidate the other five film production companies because it does not have the power to direct their activities and it does not have the obligation to absorb the majority of the expected losses or the right to receive expected residual returns. The Company uses the equity method of accounting for these entities, which continues to not be material to the Company’s Condensed Consolidated Financial Statements. A change in the value of an equity method investment that is other than temporary is recognized in the Condensed Consolidated Statements of Operations.

As of June 30, 2026 and December 31, 2025, total assets and liabilities of the Company’s consolidated VIEs were as follows:

<i>(In thousands of U.S. Dollars)</i>	June 30, 2026	December 31, 2025
Total assets	\$ 1,818	\$ 1,746
Total liabilities	\$ 364	\$ 362

Estimates and Assumptions

In preparing the Company's Condensed Consolidated Financial Statements, management makes judgments in applying various accounting policies. The areas of policy judgment are consistent with those reported in Note 2 of the Company's audited Consolidated Financial Statements included in its 2025 Form 10-K. The significant estimates made by management include, but are not limited to: (i) the allocation of the transaction price in an IMAX System arrangement to distinct performance obligations; (ii) the amount of variable consideration to be earned on sales of IMAX Systems based on projections of future box office performance and inflation; (iii) expected credit losses on accounts receivable, financing receivables, and variable consideration receivables; (iv) provisions for the write-down of excess and obsolete inventories; (v) the fair values of the reporting units used in assessing the recoverability of goodwill; (vi) the cash flow projections used in testing the recoverability of long-lived assets such as the system equipment supporting joint revenue sharing arrangements ("JRSA's"); (vii) the economic lives of the system equipment supporting joint revenue sharing arrangements; (viii) the useful lives of tangible and intangible assets; (ix) the ultimate revenue forecasts used to test the recoverability of film assets; (x) the discount rates used to determine the present value of financing receivables, variable consideration and lease liabilities, as well as to determine the fair values of the Company's reporting units for the purpose of assessing the recoverability of goodwill; (xi) pension plan assumptions; (xii) estimates related to the fair value and projected vesting of share-based payment awards; (xiii) the valuation allowance of deferred income tax assets; and (xiv) reserves related to uncertain tax positions.

2. New Accounting Standards and Accounting Changes

Adoption of New Accounting Pronouncements

Measurement of Credit Losses for Accounts Receivable and Contract Assets

In July 2025, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2025-05, "Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets" ("ASU 2025-05"). The amendments in ASU 2025-05 provide a practical expedient that allows entities to assume current economic conditions as of the balance sheet date will remain unchanged throughout the reasonable and supportable forecast period when estimating expected credit losses for eligible financial assets, including trade receivables and contract assets. The Company adopted ASU 2025-05 as of January 1, 2026. The adoption did not have a material impact on its Condensed Consolidated Financial Statements.

Recently Issued FASB Accounting Standards Codification Updates Not Yet Adopted

Disaggregation of Income Statement Expenses

In November 2024, the FASB issued ASU No. 2024-03, "Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures" ("ASU 2024-03"). The amendments in ASU 2024-03 expand disclosures about specific expense categories presented on the face of the income statement and address requests from investors for more detailed information about the types of expenses (including purchases of inventory, employee compensation, depreciation and amortization) in commonly presented expense captions (such as cost of sales, selling, general and administrative expenses). ASU 2024-03 is effective for interim periods within annual reporting periods beginning after December 15, 2027 with early adoption permitted. The Company is in the process of evaluating the impact of ASU 2024-03 on its Consolidated Financial Statements.

Targeted Improvements to the Accounting for Internal-Use Software

In September 2025, the FASB issued ASU No. 2025-06, "Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software" ("ASU 2025-06"). The amendments in ASU 2025-06 clarify and refine the criteria for capitalizing costs related to internal-use software. Under the new guidance, capitalization is permitted when both of the following conditions are met: (i) management has authorized and committed to funding the software project, and (ii) it is probable that the project will be completed and the software will be used to perform the function intended. ASU 2025-06 is effective for fiscal periods beginning after December 15, 2027, and interim periods thereafter. The Company is in the process of evaluating the impact of this ASU on its Consolidated Financial Statements.

Hedge Accounting Improvements

In November 2025, the FASB issued ASU No. 2025-09, "Derivatives and Hedging (Topic 815): Hedge Accounting Improvements" ("ASU 2025-09"). The amendments in ASU 2025-09 more closely align hedge accounting with the economics of an entity's risk management activities for (i) similar risk assessment for cash flow hedges, (ii) hedging forecasted interest payment on choose-your-rate debt instruments, (iii) cash flow hedges of nonfinancial forecasted transactions, (iv) net written options as hedging instruments, and (v) foreign-currency-denominated debt instrument as hedging instrument and hedged item. ASU 2025-09 is effective

for fiscal periods beginning after December 15, 2026, and interim periods thereafter. The Company is in the process of evaluating the impact of this ASU on its Consolidated Financial Statements.

Accounting for Government Grants Received by Business Entities

In December 2025, the FASB issued ASU No. 2025-10, "Government Grants (Topic 832): Accounting for Government Grants Received by Business Entities" ("ASU 2025-10"). The amendments in ASU 2025-10 establishes accounting and guidance for a government grant received by an entity. Under the new guidance, a government grant is not recognized until it is probable that an entity will comply with the conditions attached to the grant and the grant will be received, and recognition guidance is met. A grant related to an asset is recognized on the balance sheet as an entity incurs the related costs for which the grant is intended to compensate. ASU 2025-10 is effective for fiscal periods beginning after December 15, 2028, and interim periods thereafter. The Company is in the process of evaluating the impact of this ASU on its Consolidated Financial Statements.

The Company considers the applicability and impact of all recently issued FASB accounting standard codification updates. ASUs that are not noted above were assessed and determined to be not applicable or not significant to the Company's Condensed Consolidated Financial Statements for the period ended June 30, 2026.

3. Receivables

The ability of the Company to collect its receivables is principally dependent on the viability and solvency of individual theater operators which is significantly influenced by consumer behavior and general economic conditions. Theater operators, or other customers, may experience financial difficulties that could result in them being unable to fulfill their payment obligations to the Company.

In order to mitigate the credit risk associated with the Company's receivables, management performs an initial credit evaluation prior to entering into an arrangement with a customer and then regularly monitors the credit quality of each customer through an analysis of collections history and aging. This monitoring process includes meetings on at least a monthly basis to identify credit concerns and potential changes in credit quality classification. A customer may improve their credit quality classification once a substantial payment is made on an overdue balance or when the customer has agreed to a payment plan and payments have commenced in accordance with that plan. Changes in credit quality classification are dependent upon management approval. The Company's internal credit quality classifications are reported in Note 4 of the Company's audited Consolidated Financial Statements included in its 2025 Form 10-K.

During the period when the accretion of Finance Income is suspended for Financing Receivables, any payments received from a customer are applied against the outstanding balance owed. If payments are sufficient to cover any unreserved receivables, a reversal of the provision is recorded to the extent of the residual cash received. Once the collectability issues are resolved and the customer has returned to being in good standing, the Company will resume recognition of Finance Income.

When a customer's aging exceeds 90 days, the Company's policy is to perform an enhanced review to assess collectability of the theater's past due accounts. The over 90 days past due category may be an indicator of potential impairment as up to 90 days outstanding is considered to be a reasonable time to resolve any issues.

The Company develops an estimate of expected credit losses by class of receivable and customer type through a calculation that utilizes historical loss rates, which are then adjusted for specific receivables that are judged to have a higher-than-normal risk profile after considering management's internal credit quality classifications. Additional credit loss provisions are also recorded taking into account macro-economic and industry risk factors. The write-off of any billed receivable balance requires the approval of management.

Management's judgments regarding expected credit losses are based on the facts available to management and involve estimates about the future. As a result, the Company's judgments and associated estimates of credit losses may ultimately prove, with the benefit of hindsight, to be incorrect. The impacts of inflation, and rising interest rates may impact future credit losses. The Company will continue to monitor economic trends and conditions and portfolio performance and adjust its allowance for credit loss accordingly.

Accounts Receivable

Accounts receivable principally includes amounts currently due to the Company under IMAX System sale and sales-type lease arrangements, contingent fees owed by theater operators as a result of box office performance, and fees for maintenance services. Accounts receivable also includes amounts due to the Company from movie studios and other content creators principally for digitally remastering films into IMAX formats, as well as for film distribution and post-production services.

Variable Consideration Receivables

In sale arrangements, variable consideration may become due to the Company from theater operators if certain annual minimum box office receipt thresholds are exceeded. Such variable consideration is recorded as revenue in the period when the sale is recognized and adjusted in future periods based on actual results and changes in estimates. Variable consideration is only recognized to the extent the Company believes there is not a risk of significant revenue reversal.

4. Lease Arrangements***IMAX Corporation as a Lessor***

The Company provides IMAX Systems to customers through long-term lease arrangements that for accounting purposes are classified as sales-type leases. Under these arrangements, in exchange for providing the IMAX System, the Company earns fixed upfront and ongoing consideration. Certain arrangements that are legal sales are also classified as sales-type leases as certain clauses within the arrangements limit transfer of title or provide the Company with conditional rights to the system. The customer's rights under the Company's sales-type lease arrangements are described in Note 2 of the Company's audited Consolidated Financial Statements included in its 2025 Form 10-K. Under the Company's sales-type lease arrangements, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's lease portfolio terms are typically non-cancellable for 10 to 20 years with renewal provisions from inception. The Company's sales-type lease arrangements do not contain a guarantee of residual value at the end of the lease term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and an extended warranty generally after the first year of the lease until the end of the lease term. The customer is responsible for obtaining insurance coverage for the IMAX System commencing on the date specified in the arrangement's shipping terms and ending on the date the IMAX System is returned to the Company.

The Company also provides IMAX Systems to customers through JRSAs. Under the traditional form of these arrangements, in exchange for providing the IMAX System under a long-term lease, the Company earns rent based on a percentage of contingent box office receipts and, in some cases, concession revenues, rather than a fixed upfront fee or annual minimum payments.

Under certain other JRSAs, known as hybrid arrangements, the customer is responsible for making fixed upfront payments prior to the delivery and installation of the IMAX System.

Under JRSAs, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's JRSAs are typically non-cancellable for ten years or longer with renewal provisions. Title to the IMAX System under a JRSA generally does not transfer to the customer. The Company's JRSAs do not contain a guarantee of residual value at the end of the lease term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and an extended warranty throughout the term. The customer is responsible for obtaining insurance coverage for the IMAX System commencing on the date specified in the arrangement's shipping terms and ending on the date the IMAX System is returned to the Company.

The following lease payments are expected to be received by the Company for its sales-type leases and JRSAs in each of the remainder of 2026, next four years and thereafter following the June 30, 2026 balance sheet date:

Wells Fargo Credit Agreement

The Company is a party to a Seventh Amended and Restated Credit Agreement, dated as of July 14, 2025 (the “Credit Agreement”), that provides for a credit facility (the “Credit Facility”). The Company’s obligations under the Credit Agreement are guaranteed by certain of the Company’s subsidiaries (the “Guarantors”), and are secured by first-priority security interests in substantially all of the assets of the Company and the Guarantors.

The Credit Agreement provides for a revolving borrowing capacity of \$375.0 million, and contains an uncommitted accordion feature that allows the Company to further increase its borrowing capacity by the greater of \$140.0 million or by the Company’s EBITDA (as defined in the Credit Agreement) (“Adjusted EBITDA per Credit Facility”) for the sum of the four most recently ended fiscal quarters, subject to certain conditions, depending on the mix of revolving loans and/or term loans under the incremental facility and subject to conditions set forth in the Credit Agreement.

The Credit Agreement requires that the Company does not exceed a maximum Senior Secured Net Leverage Ratio (as defined therein) of 3.25:1.00, which may be increased under certain circumstances and is tested on the last day of each fiscal quarter. The Company was in compliance with this requirement as of June 30, 2026 as the Senior Secured Net Leverage Ratio was 0.00:1.00.

Loans under the Credit Facility will bear interest, at the Company’s option, at (i) Term SOFR, Eurocurrency Rate or Term CORRA plus a margin ranging from 1.00% to 1.75% per annum or (ii) the U.S. base rate or the Canadian prime rate plus a margin ranging from 0.25% to 1.00% per annum, in each case depending on the Company’s total leverage ratio. In no event will Term SOFR, Eurocurrency Rate or Term CORRA be less than 0.00% per annum.

As of June 30, 2026, borrowings under the Credit Facility were \$41.0 million (December 31, 2025 — \$37.0 million) and bore interest at Term SOFR (as defined in the Credit Agreement), plus a margin of 1.50% per annum (December 31, 2025 — 1.50%) based on the Company’s total leverage ratio. The effective interest rates for the three and six months ended June 30, 2026 were 5.14% and 5.16%, respectively (2025 — 6.17%, respectively).

[Table of Contents](#)

As of June 30, 2026 and December 31, 2025, the Company had no letters of credit or advance payment guarantees outstanding under the Credit Facility. As of June 30, 2026, the amount available for future borrowings under the Credit Facility was \$334.0 million (December 31, 2025 — \$338.0 million).

Foreign Exchange Facility

Within the Credit Facility, the Company is able to purchase foreign currency forward contracts and/or other swap arrangements. As of June 30, 2026, the net unrealized loss on the Company's outstanding foreign currency forward contracts was \$0.9 million, representing the amount by which the fair value of these forward contracts exceeded their notional value (December 31, 2025 — net unrealized gain of \$1.0 million). As of June 30, 2026, the notional value of the Company's outstanding foreign currency forward contracts was \$46.3 million (December 31, 2025 — \$48.4 million).

Bank of China Facility

As of June 30, 2026, and December 31, 2025, there were no borrowings outstanding under the Bank of China Facility (as defined and described in Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K). As of June 30, 2026, there were no outstanding letters of guarantee.

As of June 30, 2026, the amount available for future borrowings under the Bank of China Facility was RMB 190.0 million (\$27.9 million) and the amount available for letters of guarantee was RMB 10.0 million (\$1.5 million). The amount available for future borrowings under the Bank of China Facility is not subject to a standby fee. The effective interest rates for the three and six months ended June 30, 2026 was 0% (2025 — 0%). There were no amounts drawn under the Bank of China Facility for the three and six months ended June 30, 2026. The Bank of China Facility has been renewed to April 15, 2027.

HSBC China Facility

As of June 30, 2026 and December 31, 2025, no borrowings were outstanding under the HSBC China Facility (as defined and described in Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K). As of June 30, 2026, and December 31, 2025, the amount available for future borrowings under the HSBC China Facility was RMB 200.0 million (\$29.4 million). The effective interest rate for the three and six months ended June 30, 2026 was 0% (2025 — 0%).

NBC Facility

The NBC Facility (as defined and described in Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K) has been renewed to October 8, 2026. The Company did not have any letters of credit or advance payment guarantees outstanding as of June 30, 2026 and December 31, 2025 under the NBC Facility.

2026 Convertible Notes

On March 19, 2021, the Company issued \$230.0 million of 0.500% Convertible Senior Notes due 2026 (the “2026 Convertible Notes”). In connection with the pricing of the 2026 Convertible Notes, the Company entered into privately negotiated capped call transactions (the “2026 Capped Call Transactions”) with certain financial institutions to reduce potential dilution in connection with the redemption of the 2026 Convertible Notes.

On November 6, 2025, the Company completed the repurchase of \$229.3 million (or 99.7%) of the outstanding principal amount of the 2026 Convertible Notes in separate, privately negotiated repurchase transactions with a limited number of holders. During the three months ended March 31, 2026, certain holders of the remaining outstanding 2026 Convertible Notes elected to convert 217 notes \$0.2 million of the outstanding principal. As a result of this election, the Company recorded a loss on debt extinguishment of \$0.1 million in Interest Expense in the Condensed Consolidated Statement of Operations. The liability for the converted bonds was settled on April 1, 2026, along with the remaining unconverted and outstanding 2026 Convertible Notes. Concurrently with this April 1, 2026 transaction, the Company terminated the remaining portion of the associated 2026 capped call transactions.

2030 Convertible Notes

On November 6, 2025, the Company issued \$250.0 million of 0.750% Convertible Senior Notes due 2030 (the “2030 Convertible Notes”) in a private placement conducted pursuant to Rule 144A under the Securities Act of 1933, as amended. The net proceeds from the issuance of the 2030 Convertible Notes were \$243.1 million, after deducting the initial purchasers’ discounts and commissions, and were used to repurchase \$229.3 million of the outstanding principal amount of the 2026 Convertible Notes.

The 2030 Convertible Notes are senior unsecured obligations of the Company and bear interest at a rate of 0.750% per annum on the principal of \$250.0 million, payable semi-annually in arrears on May 15 and November 15 of each year. The 2030 Convertible Notes will mature on November 15, 2030, unless they are redeemed or repurchased by the Company or converted on an earlier date.

The Company continues to record the Convertible Notes entirely as a liability on the Condensed Consolidated Balance Sheets, net of initial purchasers’ discounts and commissions and other debt issuance costs, with interest expense reflecting the cash coupon plus the amortization of the discounts and capitalized costs.

Federal Economic Development Loan

As of June 30, 2026, the Federal Economic Development Loan (as defined and described in Note 13 to the Company’s audited Consolidated Financial Statements in its 2025 Form 10-K) had a carrying value of \$0.6 million, net of unaccreted interest benefit and is recorded within Convertible Notes and Other Borrowings, Net on the Company’s Condensed Consolidated Balance Sheets.

7. Commitments, Contingencies and Guarantees

Commitments

In the ordinary course of its business, the Company enters into contractual agreements with third parties that include non-cancelable payment obligations, for which it is liable in future periods. These arrangements can include terms binding the Company to minimum payments and/or penalties if it terminates the agreement for any reason other than an event of default as described by the agreement.

Contingencies and guarantees

The Company is involved in lawsuits, claims, and proceedings, including those identified below, which arise in the ordinary course of business. Management is required to assess the likelihood of any adverse judgments or outcomes related to these legal contingencies, as well as potential ranges of probable or reasonably possible losses. The Company records a provision for a liability when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated. The determination of the amount of any liability recorded or disclosed is reviewed at least quarterly based on a careful analysis of each individual exposure with, in some cases, the assistance of outside legal counsel, taking into account the impact of negotiations, settlements, rulings, and other pertinent information related to the case. The amount of liabilities recorded or disclosed for these contingencies may change in the future due to changes in management’s judgments resulting from new developments or changes in settlement strategy. Any resulting adjustment to the liabilities recorded by the Company could have a material adverse effect on its results of operations, cash flows, and financial position in the period or periods in which such changes in judgment occur. The Company believes it has adequate provisions for any such matters. The Company expenses legal costs relating to its lawsuits, claims, and proceedings as incurred.

In January 2004, the Company and IMAX Theatre Services Ltd., a subsidiary of the Company, commenced an arbitration seeking damages before the International Court of Arbitration of the International Chamber of Commerce (the “ICC”) with respect to the

breach by Electronic Media Limited (“EML”) of its December 2000 agreement with the Company. In June 2004, the Company commenced a related arbitration before the ICC against EML’s affiliate, E-City Entertainment (I) PVT Limited (“E-City”). On March 27, 2008, the arbitration panel issued a final award in favor of the Company in the amount of \$11.3 million, as well as an additional \$2,512 each day in interest from October 1, 2007 until the date the award is paid. In July 2008, E-City commenced a proceeding in Mumbai, India seeking to prevent recognition of the ICC award in India. On March 10, 2017, the Supreme Court of India dismissed E-City’s petition. On March 29, 2017, the Company filed an Execution Application in the Bombay High Court seeking to enforce the ICC award against E-City and several related parties. On December 30, 2025, the Commercial Appellate Division of the Bombay High Court rejected E-City’s objections to enforcement of the arbitration award and recognized the award as a decree of the Court. The E-City parties have appealed this decision to the Supreme Court of India. The Company fully intends to continue pursuing its rights and seeking to enforce the arbitration award. No amounts have been recognized in connection with this matter.

Financial Guarantees

Certain subsidiaries of the Company have provided significant financial guarantees to third parties under the Credit Agreement.

Product Warranties

The Company’s accrual for product warranties, which is recorded within Accrued and Other Liabilities on the Condensed Consolidated Balance Sheets, was less than \$0.1 million as of June 30, 2026 and \$nil as of December 31, 2025.

Director and Officer Indemnifications

The Company’s by-laws contain an indemnification of its directors/officers, former directors/officers, and persons who have acted at its request to be a director/officer of an entity in which the Company is a shareholder or creditor, to indemnify them, to the extent permitted by the *Canada Business Corporations Act*, against expenses (including legal fees), judgments, fines and any amounts actually and reasonably incurred by them in connection with any action, suit or proceeding in which the directors and/or officers are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of the Company. In addition, the Company has entered into indemnification agreements with each of its directors in order to effectuate the foregoing. The nature of the indemnification prevents the Company from making a reasonable estimate of the maximum potential amount it could be required to pay to counterparties. The Company has purchased directors’ and officers’ liability insurance. No amount has been accrued on the Company’s Condensed Consolidated Balance Sheets as of June 30, 2026 and December 31, 2025, with respect to this indemnity.

Other Indemnification Agreements

In the normal course of its operations, the Company provides indemnifications to counterparties in transactions such as: IMAX System lease and sale agreements and the supervision of installation or servicing of IMAX Systems; film production, exhibition and distribution agreements; real property lease agreements; and employment agreements. These indemnification agreements require the Company to compensate the counterparties for costs incurred as a result of litigation claims that may be suffered by the counterparty as a consequence of the transaction or the Company’s breach or non-performance under these agreements. While the terms of these indemnification agreements vary based upon the contract, they normally extend for the life of the agreements. A small number of agreements do not provide for any limit on the maximum potential amount of indemnification; however, virtually all of the IMAX System lease and sale agreements limit such maximum potential liability to the purchase price of the system. The fact that the maximum potential amount of indemnification required by the Company is not specified in some cases prevents the Company from making a reasonable estimate of the maximum potential amount it could be required to pay to counterparties. Historically, the Company has not made any significant payments under such indemnifications and no amounts have been accrued in the Condensed Consolidated Financial Statements with respect to the contingent aspect of these indemnities.

Foreign Exchange

Included in Selling, General and Administrative Expenses for the three and six months ended June 30, 2026 was a foreign currency net gain of \$0.4 million and loss of \$0.2 million, respectively (2025 — net gain of \$0.2 million and loss of \$0.2 million, respectively) resulting from changes in exchange rates related to foreign currency denominated monetary assets and liabilities. See Note 15 for additional information.

Government Assistance

During the three and six months ended June 30, 2025, the Company recognized \$2.5 million as a reduction to Selling, General and Administrative Expenses, and a \$1.3 million reduction to Costs and Expenses Applicable to Revenues for benefits received from the Internal Revenue Service under the Employee Retention Credit (“ERC”) program which provides for a refundable tax credit for eligible businesses that had employees and were affected during the COVID-19 pandemic. No such assistance was received in 2026.

Collaborative Arrangements

Joint Revenue Sharing Arrangements

The accounting policy for the Company’s JRSAs is disclosed in Note 2 of the Company’s audited Consolidated Financial Statements in its 2025 Form 10-K.

Revenue attributable to transactions arising between the Company and its customers under JRSAs is recorded within Revenues — Technology Sales (for hybrid JRSAs) and Revenues — Technology Rentals (for traditional JRSAs). For the three and six months ended June 30, 2026, such revenues totaled \$19.7 million and \$36.2 million, respectively (2025 — \$18.7 million and \$37.9 million, respectively).

IMAX Film Remastering and Distribution

The Company earns revenue through the digital remastering of films and other content into IMAX formats for distribution to the IMAX network (“IMAX Film Remastering”). The accounting policy for IMAX Film Remastering and distribution arrangements is disclosed in Note 2 of the Company’s audited Consolidated Financial Statements in its 2025 Form 10-K.

Revenue attributable to transactions arising between the Company and its customers under IMAX Film Remastering and distribution arrangements is included in Revenues – Image Enhancement and Maintenance Services. For the three and six months ended June 30, 2026, such revenues totaled \$32.5 million and \$61.8 million, respectively (2025 — \$28.7 million and \$60.4 million, respectively). See Note 12 for a disaggregated presentation of the Company’s revenues.

Co-Produced Film Arrangements

The accounting policies relating to co-produced film arrangements are disclosed in Notes 2 and 3 of the Company’s audited Consolidated Financial Statements in its 2025 Form 10-K.

As of June 30, 2026, the Company is party to one co-produced film arrangement, which represented the VIE total assets balance of \$1.8 million and liabilities balance of \$0.4 million, and four other co-produced film arrangements, the terms of which are similar.

For the three and six months ended June 30, 2026, expenses of \$0.2 million and \$0.2 million, respectively (2025 — \$0.1 million and \$0.2 million, respectively) attributable to transactions between the Company and other parties involved in the production of the films have been included in Costs and Expenses Applicable to Revenues — Image Enhancement and Maintenance Services.

10. Income Taxes

For the three months ended June 30, 2026, the Company recorded an income tax expense of \$3.5 million (2025 — \$1.2 million). The Company's effective tax rate of 18.1% for the three months ended June 30, 2026 reflects the geographic allocation of income earned in taxing jurisdictions, a decrease in the valuation allowance and tax reserves, partially offset by withholding taxes. The Company's effective tax rate of 8.9% for the three months ended June 30, 2025 reflects the geographic allocation of income earned in taxing jurisdictions and a decrease in the valuation allowance.

For the six months ended June 30, 2026, the Company recorded an income tax expense of \$5.9 million (2025 — \$8.5 million). The Company's effective tax rate of 21.2% for the six months ended June 30, 2026, reflects the geographic allocation of income earned in taxing jurisdictions, tax benefit from share-based compensation, tax rate differences in foreign jurisdictions, and reversals of tax reserves, partially offset by an increase in the valuation allowance and withholding taxes. The Company's effective tax rate of 29.4% for the six months ended June 30, 2025, reflects the geographic allocation of income earned in taxing jurisdictions, tax rate differences in foreign jurisdictions which was offset by an increase in the valuation allowance, tax return adjustments and withholding taxes.

As of June 30, 2026, the Company's Condensed Consolidated Balance Sheets included net deferred income tax assets of \$12.5 million (December 31, 2025 — \$12.6 million). Management evaluates the realizability of deferred tax assets on a quarterly basis by considering all available positive and negative evidence, including recent operating results, forecasts of future taxable income, and other relevant factors specific to our industry such as the success of new film releases. Based on the Company's recent operating results in Canada and its expectation of continued profitability, management believes there is a reasonable possibility that sufficient positive evidence may become available within the next twelve months to support the release of some or all of the valuation allowance recorded against its Canadian deferred tax assets. However, as of June 30, 2026, management has concluded that the available positive evidence is not yet sufficient to overcome the remaining negative evidence and support realization of those deferred tax assets. Any such release would result in a material income tax benefit in the period the conclusion is reached. At December 31, 2025, the amount of the Canadian valuation allowance was \$55.5 million. The timing and amount of a valuation allowance release will depend on the Company's ability to generate sufficient taxable income in Canada, macroeconomic conditions, and other factors affecting management's assessment.

As of June 30, 2026, the Company's Condensed Consolidated Balance Sheets also included deferred tax liabilities of \$12.5 million (December 31, 2025 — \$12.5 million) primarily related to foreign withholding taxes associated with the remaining balance of non-repatriated historical earnings that will not be indefinitely reinvested outside of Canada.

As disclosed in Note 2 — Summary of Significant Accounting Policies of the 2025 Form 10-K, the Company is subject to ongoing tax audits. Subsequent to June 30, 2026, the Company received a proposal letter from the Canada Revenue Agency related to an examination of international matters in prior taxation years. Any potential reassessment encompasses an ultimate resolution involving multiple tax jurisdictions, which may result in offsetting tax differences from what was originally recognized in its financial statements. The Company continues to believe that it has adequately accounted for all uncertain tax positions, including this pending notice of reassessment.

11. Capital Stock and Reserves

Share-Based Compensation

For the three and six months ended June 30, 2026, share-based compensation expense totaled \$7.3 million and \$13.0 million, respectively (2025 — \$7.4 million and \$12.6 million, respectively) and is reflected in the following accounts in the Condensed Consolidated Statements of Operations:

	Three Months Ended June 30,		Six Months Ended June 30,

IMAX LTIP Performance Stock Units ("PSU") Summary

The Company grants two types of PSU award, one which vests based on a combination of employee service and the achievement of certain Adjusted EBITDA targets and one which vests based on a combination of employee service and the achievement of total shareholder return ("TSR") targets. The achievement of these targets is assessed over a three-year performance period, with vesting ranging from 0% to 200% of the initial Adjusted EBITDA PSU award or 200% of the initial TSR PSU award, depending upon actual performance.

For the 2026 grants, the grant date fair value for Adjusted EBITDA PSUs is determined using the volume-weighted average price of the Company's common shares on the New York Stock Exchange for the sixty calendar days prior to the date of grant. The grant date fair value for TSR PSUs is determined using a Monte Carlo Model, influenced by share price and various assumptions, such as market conditions and expected share price volatility over the term of the awards.

The compensation expense attributable for each type of PSU is recognized on a straight-line basis over the requisite service period. If, as a result of management's assessment, it is projected that a greater or lesser number of PSUs will vest than previously anticipated, a life-to-date adjustment to increase or decrease compensation expense is recorded in the period that such determination is made. The expense recognized in the six months ended June 30, 2026 and 2025 includes adjustments reflecting management's estimate of the number of Adjusted EBITDA PSUs expected to vest.

The following table summarizes the activity in respect of PSUs issued under the IMAX LTIP for the six months ended June 30, 2026 and 2025:

	Number of Awards		Weighted Average Grant Date Fair Value Per Share	
	2026	2025	2026	2025
PSUs outstanding, beginning of period	1,140,515	1,097,634	\$ 20.12	\$ 17.99
Granted ⁽¹⁾⁽²⁾	491,275	551,084	29.38	24.17

PSUs outstanding, end of period	1,009,963	1,161,050	26.03	20.12

(1) For the six months ended June 30, 2026, the balance of shares granted includes 199,473 (2025 - 159,376) additional shares, at a weighted average grant date fair value per share of \$16.98 (2025 - \$19.18), as PSUs granted in 2023 (2025 - granted in 2022) with Adjusted EBITDA targets vested at 175% (2025 - 175%) on account of full achievement of the targets.

(2) For the six months ended June 30, 2026, the balance of shares granted includes 46,510 (2025 - 17,375) additional shares, at a weighted average grant date fair value per share of \$19.73 (2025 - \$22.72), as PSUs granted in 2023 (2025 - granted in 2022) with TSR targets vested at 150% on account of full achievement of the targets (2025 - 123.5% based on actual performance versus the targets).

As of June 30, 2026, the maximum number of common shares that may be issued with respect to PSUs outstanding was 1,771,830, assuming full achievement of the Adjusted EBITDA and TSR targets.

Issuer Purchases of Equity Securities

On June 12, 2017, the Company announced that its Board of Directors approved a \$200.0 million share repurchase program for its common shares that would have expired on June 30, 2020, which was subsequently extended through June 30, 2026 and increased to a total share repurchase authority of \$500.0 million under the current share repurchase program. As of June 30, 2026, the Company had \$237.0 million available under the program. The repurchases may be made either in the open market or through private transactions, including repurchases made pursuant to a plan intended to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, subject to market conditions, applicable legal requirements, and other relevant factors. The Company has no obligation to repurchase shares and the share repurchase program may be suspended or discontinued by the Company at any time.

During the three and six months ended June 30, 2026, the Company repurchased 404,866 common shares at an average price of \$33.91 per share, for a total of \$13.7 million, excluding commission. During the three and six months ended June 30, 2025, the Company did not have any repurchases of common shares. During the six months ended June 30, 2026 and 2025, there were no shares purchased in the administration of employee share-based plans.

As of June 30, 2026, the IMAX LTIP trustee did not hold any shares. Any shares held with the trustee are recorded at cost and are reported as a reduction against Capital Stock on the Company's Condensed Consolidated Balance Sheets.

In 2025, IMAX China's shareholders granted its Board of Directors a general mandate authorizing IMAX China's Board of Directors, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of issued shares as of June 12, 2025 (33,919,122 shares). This program expired on the date of the 2026 Annual General Meeting of IMAX China on June 11, 2026. During IMAX China's 2026 Annual General Meeting, shareholders granted its Board of Directors a general mandate, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of issued shares as of June 11, 2026 (33,988,722 shares). This program will be valid until the 2027 Annual General Meeting of IMAX China. The repurchases may be made in the open market or through other means permitted by applicable laws. IMAX China has no obligation to repurchase its shares and the share repurchase program may be suspended or discontinued by IMAX China at any time.

During the three and six months ended June 30, 2026, IMAX China did not repurchase any common shares. During the three and six months ended June 30, 2025, IMAX China repurchased 1,495,900 common shares, at an average price of HKD 7.56 per share (\$0.96 per share) for a total of HKD 11.3 million (\$1.4 million). The change in the non-controlling interest attributable to IMAX China as a result of common shares repurchased is recorded as a reduction to Non-Controlling Interests in the Condensed Consolidated Balance Sheets and the Condensed Consolidated Statements of Shareholders' Equity. The difference between the consideration paid and the ownership interest obtained as a result of IMAX China share repurchases is recorded within Other Equity in the Condensed Consolidated Balance Sheets and the Condensed Consolidated Statements of Shareholders' Equity.

Basic and Diluted Weighted Average Shares Outstanding

The following table reconciles the denominator of the basic and diluted weighted average share computations:

<i>(In thousands)</i>	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2026	2025	2026	2025
Issued and outstanding, beginning of period	54,855	53,742	53,922	52,946
Weighted average number of shares issued, net	96	9	615	502
Weighted average number of shares outstanding - basic	54,951	53,751	54,537	53,448
Weighted average effect of potential common shares, if dilutive	1,618	1,410	1,938	1,616
Weighted average number of shares outstanding - diluted	56,569	55,161	56,475	55,064

For the three and six months ended June 30, 2026, the calculation of diluted weighted average shares outstanding excludes 72,493 shares, respectively (2025 — 929,825 and 968,984 shares, respectively) that are issuable upon the vesting or exercise of share-based compensation including: (i) nil RSUs (2025 — nil RSUs), (ii) 72,493 PSUs (2025 — 86,784 and 125,943 PSUs, respectively) and (iii) nil stock options (2025 — 843,041 stock options), as the effect would be anti-dilutive.

The calculation of diluted weighted average shares outstanding for the three and six months ended June 30, 2026 and 2025 also excludes any shares potentially issuable upon the conversion of the Convertible Notes as the average market price of the Company's common shares during the period of time they were outstanding was less than the conversion price of the Convertible Notes.

Statutory Surplus Reserve

Pursuant to the corporate law of the People's Republic of China ("PRC"), entities registered in the PRC are required to maintain certain statutory reserves, which are appropriated from after-tax profits (after offsetting accumulated losses from prior years), as reported in their respective statutory financial statements, before the declaration or payment of dividends to equity holders. All statutory reserves are created for specific purposes.

The statutory surplus reserve of RMB 37.7 million (\$5.8 million) has reached 50% of the Company's PRC subsidiaries' registered capital, and as such, no further contributions to the reserve are required.

For the three and six months ended June 30, 2026, revenues earned from leasing arrangements total \$20.1 million and \$36.7 million, respectively (2025 — \$19.1 million and \$38.5 million, respectively), including \$20.0 million and \$36.6 million, respectively, in Revenues — Technology Rentals (2025 — \$19.1 million and \$38.4 million, respectively), and \$0.1 million in the three and six months ended June 30, 2026, respectively, in Revenues — Technology Sales (2025 — \$0.1 million, respectively).

Deferred Revenue

IMAX System sale and lease arrangements include a requirement for the Company to provide maintenance services over the life of the arrangement, some of which maintenance services are subject to a consumer price index adjustment each year. In circumstances where customers prepay the entire term's maintenance fee based on the original arrangement, additional payments are due to the Company for the years after its extended warranty and maintenance obligations expire. Payments, upon renewal each year, are either prepaid or made in arrears and can vary in frequency from monthly to annually. As of June 30, 2026, \$19.8 million of consideration has been deferred in relation to outstanding maintenance services to be provided on existing maintenance contracts (December 31, 2025 — \$28.3 million).

During the three and six months ended June 30, 2026, \$10.6 million and \$19.4 million of revenue, respectively, was recognized from the \$50.4 million balance of deferred revenue as of December 31, 2025. During the three and six months ended June 30, 2025, \$10.8 million and \$19.8 million of revenue, respectively, was recognized from the \$52.7 million balance of deferred revenue as of December 31, 2024.

13. Segment Reporting

The Company's Chief Executive Officer ("CEO") is its Chief Operating Decision Maker ("CODM"), as such term is defined under U.S. GAAP. The CODM assesses segment performance based on segment revenues and segment gross margins. Selling, general and administrative expenses, research and development costs, the amortization of intangible assets, provision for (reversal of) current expected credit losses, certain write-downs, interest income, interest expense, and income tax (expense) benefit are not allocated to the Company's segments.

The accounting policies of the reportable segments are the same as those described in Note 2 - Summary of Significant Accounting Policies of the 2025 Form 10-K. Intercompany profit or loss is not included in the evaluation of performance and allocation of resources.

Geographic Information

Revenue by geographic area is based on the location of the customer. Revenue related to IMAX Film Remastering process is presented based upon the geographic location of the IMAX System that exhibits the remastered films. IMAX Film Remastering and distribution revenue is generated through contractual relationships with studios and other third parties that may not be in the same geographical location as the IMAX Systems that exhibit the remastered films.

The following table summarizes the Company's revenues by geographic area for the three and six months ended June 30, 2026 and 2025:

(In thousands of U.S. Dollars)	Three Months Ended		Six Months Ended June 30,	
	2026	2025	2026	2025

The United States, Greater China, Asia and Western Europe each comprise greater than 10% of the Company's total revenues for the three and six months ended June 30, 2025.

14. Employee's Pension and Postretirement Benefits

Defined Benefit Plan

The Company has an unfunded defined benefit pension plan, the Supplemental Executive Retirement Plan (the "SERP"), covering its CEO, Richard L. Gelfond. Under the terms of his employment agreement, as amended, the total benefit payable to Mr. Gelfond under the SERP is fixed at \$20.3 million.

As of June 30, 2026, the Company's projected benefit obligation under the SERP was \$17.9 million (December 31, 2025 — \$17.5 million). For the three and six months ended June 30, 2026, the Company recorded interest costs of \$0.2 million and \$0.4 million, respectively, (2025 — \$0.2 million and \$0.4 million, respectively) related to the SERP. The Company expects to recognize additional interest costs of \$0.3 million related to the SERP during the remainder of 2026. No contributions are expected to be made to the SERP in 2026.

Postretirement Benefits – Executives

The Company has an unfunded postretirement plan for Mr. Gelfond and Bradley J. Wechsler, former Chairman of the Company's Board of Directors (the "Executive Postretirement Benefit Plan").

As of June 30, 2026, the Company's postretirement benefits obligation under this plan was \$0.5 million (December 31, 2025 — \$0.5 million). For the three and six months ended June 30, 2026, the Company has recorded an expense of less than \$0.1 million, respectively (2025 — less than \$0.1 million, respectively) related to this plan.

Postretirement Benefits – Canadian Employees

The Company has an unfunded postretirement plan for its Canadian employees meeting specific eligibility requirements. The Company will provide eligible participants, upon retirement, with health and welfare benefits. As of June 30, 2026, the Company's postretirement benefits obligation under this plan was \$0.9 million (December 31, 2025 — \$1.0 million). For the three and six months ended June 30, 2026, the Company has recorded expense of less than \$0.1 million, respectively (2025 — less than \$0.1 million, respectively) related to this plan.

Deferred Compensation Benefit Plan

The Company maintained a nonqualified deferred compensation benefit plan (the "Retirement Plan") covering the former CEO of IMAX Entertainment and Senior Executive Vice President of the Company. Under the terms of the Retirement Plan, the benefits were due to vest in full if the executive incurred a separation from service from the Company (as defined therein).

As of June 30, 2026, the benefit obligation related to the Retirement Plan was \$4.5 million (December 31, 2025 — \$4.4 million) and is recorded on the Company's Condensed Consolidated Balance Sheets within Accrued and Other Liabilities. As the Retirement Plan is fully vested, the benefit obligation is measured at the present value of the benefits expected to be paid in the future with the accretion of interest recognized in the Condensed Consolidated Statements of Operations within Retirement Benefits Non-Service Expense.

The Retirement Plan is funded by an investment in company-owned life insurance ("COLI"), which is recorded at its fair value on the Company's Condensed Consolidated Balance Sheets within Prepaid Expenses. As of June 30, 2026, fair value of the COLI asset was \$3.9 million (December 31, 2025 — \$3.8 million). Gains and losses resulting from changes in the cash surrender value of the COLI asset are recognized in the Condensed Consolidated Statements of Operations within Realized and Unrealized Investment Gains.

15. Financial Instruments

Financial Instruments

The Company's cash is invested with various major financial institutions. The Company's \$159.9 million balance of cash and cash equivalents as of June 30, 2026 (December 31, 2025 — \$151.2 million) included \$150.1 million in cash held outside of Canada (December 31, 2025 — \$137.4 million), of which \$110.5 million was held in the PRC (December 31, 2025 — \$97.2 million).

Fair Value Measurements

The carrying values of the Company's Cash and Cash Equivalents, Accounts Receivable, Variable Consideration, Accounts Payable and Accrued Liabilities due within one year approximate their fair values due to the short-term maturity of these instruments. Including these instruments, the Company's financial instruments consisted of the following:

(In thousands of U.S. Dollars)	As of June 30, 2026		As of December 31, 2025	
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value
Level 2				
Net financed sales receivables ⁽¹⁾	\$ 87,331	\$ 83,598	\$ 90,799	\$ 87,677
Net investment in sales-type leases ⁽¹⁾	31,065	28,068	31,155	28,200
2030 Convertible notes ⁽²⁾	(250,000)	(285,788)	(250,000)	(278,708)

(1) Fair value is estimated based on discounting future cash flows at currently available interest rates with comparable terms.

(2) Fair value is determined using quoted market prices that are observable in the market or that could be derived from observable market data.

Foreign Exchange Risk Management

The Company is exposed to market risk from changes in foreign currency rates.

A majority of the Company's revenues are denominated in U.S. Dollars while a significant portion of its costs and expenses are denominated in Canadian Dollars. A portion of the Company's net U.S. Dollar cash is converted to Canadian Dollars to fund Canadian Dollar expenses through the spot market. In China and Japan, the Company has ongoing operating expenses related to its operations in RMB, HKD and Japanese Yen, respectively. Net cash flows are converted to and from U.S. Dollars through the spot market. The Company also has cash receipts under leases denominated in RMB, Japanese Yen, Canadian Dollars and Euros which are converted to U.S. Dollars through the spot market. In addition, because IMAX films generate box office receipts in 91 different countries, unfavorable exchange rates between applicable local currencies and the U.S. Dollar could have an impact on box-office receipts and the Company's revenues and results of operations. The Company's policy is to not use any financial instruments for trading or other speculative purposes.

The Company has entered into a series of foreign currency forward contracts to manage the risks associated with the volatility of foreign currencies. Certain of these foreign currency forward contracts met the criteria required for hedge accounting under the Derivatives and Hedging Topic of the FASB ASC at inception, and continued to meet hedge effectiveness tests as of June 30, 2026 (the "Foreign Currency Hedges"), with settlement dates throughout 2026 and 2027. Foreign currency derivatives are recognized and measured on the Condensed Consolidated Balance Sheets at fair value. Changes in the fair value (i.e., gains or losses) are recognized in the Condensed Consolidated Statements of Operations except for derivatives designated and qualifying as foreign currency cash flow hedging instruments. The Company currently has cash flow hedging instruments associated with Selling, General and Administrative Expenses. For foreign currency cash flow hedging instruments related to Selling, General and Administrative Expenses, the effective portion of the gain or loss in a hedge of a forecasted transaction is reported in Accumulated Other Comprehensive Loss ("AOCI") and reclassified to the Condensed Consolidated Statements of Operations when the forecasted transaction occurs. Any ineffective portion is recognized immediately in the Condensed Consolidated Statements of Operations.

16. Non-Controlling Interests

IMAX China Non-Controlling Interest

As of June 30, 2026, the Company indirectly owned 71.57% of the outstanding equity interest in IMAX China, whose shares trade on the Hong Kong Stock Exchange (December 31, 2025 — 71.57%). IMAX China remains a consolidated subsidiary of the Company. As of June 30, 2026, the balance of the Company's non-controlling interest in IMAX China was \$93.8 million (December 31, 2025 — \$89.2 million). For the three and six months ended June 30, 2026, the net income attributable to the non-controlling interest in IMAX China was \$0.5 million and \$2.3 million, respectively (2025 — \$1.0 million and \$6.8 million, respectively).

17. Restructuring Charges and Other Impairments

In each of the three and six months ended June 30, 2026, the Company incurred \$2.3 million (2025 — \$0.8 million, respectively) in Restructuring charges and other impairments in the Condensed Consolidated Statements of Operations.

During the second quarter, the Company recognized an impairment charge of \$2.0 million (2025 — \$nil) on an individual documentary film asset following a reassessment of estimated future revenues. The revised estimates reflects updates to estimated market performance and future monetization of the title.

In addition, in the three and six months ended June 30, 2026, the Company incurred termination charges of \$0.3 million (2025 — \$0.8 million, respectively) in connection with its plan to optimize its organizational structure, including eliminating redundant roles, addressing spans and layers to capture efficiencies and centralizing certain operational roles.

As of June 30, 2026, the Company's liability was \$0.6 million (December 31, 2025 — \$1.4 million) on the Consolidated Balance Sheets within Accrued and other liabilities related to Restructuring charges and other impairments.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Presented below is Management’s Discussion and Analysis of Financial Condition and Results of Operations (“MD&A”) for IMAX Corporation (together with its consolidated subsidiaries, unless the context requires otherwise, “IMAX” or the “Company”) for the three and six months ended June 30, 2026 and 2025. This MD&A should be read in conjunction with the accompanying Condensed Consolidated Financial Statements in Item 1 as well as the Company’s audited consolidated financial statements and related notes and the discussion under the heading “Management’s Discussion and Analysis of Financial Condition and Results of Operations” for the fiscal year ended December 31, 2025 included in the Company’s 2025 Annual Report on Form 10-K (the “2025 Form 10-K”).

As of June 30, 2026, the Company indirectly owned 71.57% of the outstanding equity interest in IMAX China Holding, Inc. (“IMAX China”), whose shares trade on the Hong Kong Stock Exchange. IMAX China is a consolidated subsidiary of the Company. For the six months ended June 30, 2026, net income attributable to IMAX China was \$8.1 million, of which \$5.8 million was attributable to the shareholders of the Company (2025 — \$23.7 million and \$17.0 million, respectively).

OVERVIEW

IMAX is a premier global technology platform for entertainment and events. Through its proprietary software, auditorium architecture, patented intellectual property, and specialized equipment, IMAX offers a unique end-to-end solution to create superior, awe-inspiring immersive content experiences for which the IMAX® brand is globally renowned. Top filmmakers, movie studios, artists, and creators utilize the cutting-edge visual and sound technology of IMAX to connect with audiences in innovative ways. As a

result, IMAX is among the most important and successful global distribution platforms for domestic and international tentpole films. The Company's global content portfolio includes blockbuster films, both from Hollywood and local language film industries worldwide; IMAX documentaries, both original and acquired ("IMAX Documentaries"); and IMAX events and experiences in emerging verticals, including music, gaming, and sports.

The Company leverages its proprietary technology and engineering in its business, which principally consists of the digital remastering of films and other content into the IMAX format for distribution across the IMAX network ("IMAX Film Remastering") and the sale or lease of premium IMAX theater systems ("IMAX System(s)").

IMAX Systems are based on proprietary and patented image, audio and other technology developed over the course of the Company's history. The customers for IMAX Systems are principally exhibitors that operate commercial multiplex theaters, and, to a much lesser extent, institutional locations, including museums and science centers, and destination entertainment sites. The Company does not own the locations in the IMAX network, except for one, and is not an exhibitor, but instead sells or leases the IMAX System to exhibitor customers along with licenses to use its trademarks and ongoing maintenance services for which there are annual payments by the exhibitors to IMAX.

IMAX has the largest global premium format network, more than double the size of its nearest competitor. As of June 30, 2026, there were 1,876 IMAX Systems operating in locations in 91 countries and territories, including 1,809 commercial multiplexes, 10 commercial destinations, and 57 institutional locations in the Company's global network. This compares to 1,821 IMAX Systems operating in locations in 89 countries and territories as of June 30, 2025, including 1,750 commercial multiplexes, 11 commercial destinations, and 60 institutional locations in the Company's global network. (Refer to the table under "IMAX Network and Backlog" for additional information on the composition of the IMAX network.)

IMAX Systems provide the Company's exhibitor customers with a combination of the following benefits:

- the ability to exhibit content that has been enhanced through the IMAX Film Remastering process, which results in higher image and sound fidelity than conventional cinema experiences;
- advanced, high-resolution projectors with specialized equipment and automated theater control systems, which generate significantly more contrast and brightness than conventional theater systems;
- large screens and proprietary auditorium geometry, which result in a substantially larger field of view than conventional theater systems so that the screen extends to the edge of a viewer's peripheral vision and creates more realistic images;
- advanced sound system components, which deliver more expansive sound imagery than conventional theater systems and pinpointed origination of sound to any specific spot in an auditorium equipped with an IMAX System;
- specialized theater acoustics, which result in a four-fold reduction in background noise compared to conventional cinema experiences;
- ongoing maintenance and extended warranty services to ensure a consistent image and sound quality presentation across the IMAX global network; and
- a license to the globally recognized IMAX brand, as well as benefits from IMAX marketing of films being shown in its network and IMAX's growing social media followership.

The Company believes that the benefits related to the enhanced and differentiated image quality and film aspect ratio enable audiences in IMAX locations to feel as if they are a part of the on-screen action, creating a more intense, immersive, and awe-inspiring experience than a conventional cinematic format. For additional discussion, see section titled "Sources of Revenue—IMAX Film Remastering and Distribution" below.

As a result of the engineering and scientific achievements that are a hallmark of *The IMAX Experience*®, the Company's exhibitor customers typically charge a premium for films released in IMAX's format versus films exhibited in their other auditoriums. The premium pricing, combined with the higher attendance levels associated with IMAX films, generates incremental box office receipts ("global box office") for the Company's exhibitor customers and for the movie studios releasing their films to the IMAX network. IMAX has become a key premium distribution and marketing platform for Hollywood and local language films driven by IMAX's leading global network footprint and scale, the incremental global box office generated by IMAX films and the growing demand by moviegoers for the differentiated quality of *The IMAX Experience*.

The Company achieved global box office of \$544.5 million in the first half of 2026. The Company's first half global box office was derived from 63 new pieces of content distributed across its global network. The first half was highlighted by the performance of the Filmed For IMAX® title *Project Hail Mary*, in which IMAX captured 20% of the opening weekend global box office, despite IMAX representing less than 1% of screens worldwide. Global box office in the first half of 2026 also included carry-over of *Avatar: Fire and Ash* and the break-out biopic music centered film title *Michael*. The Company continues to expand its local language strategy with 34 releases across 11 countries and territories, including first time releases in Brazil and Taiwan, China. The total first half local language box office was \$81 million (or 15% of global box office), led by the Chinese film, *Pegasus 3*. Despite increasing competition for consumer attention across both out-of-home and in-home entertainment, demand for *The IMAX Experience* continues to strengthen among theatergoers. During the first half of 2026, the Company's trailing twelve month domestic box office market share was 5.2% and global market share was 3.7%. See "Results of Operations" below for a discussion of the Company's 2026 three and six months results as compared to the prior year periods.

SOURCES OF REVENUE

The Company has organized its operating segments into the following two reportable segments: (i) Content Solutions, which principally includes content enhancement and distribution services, and (ii) Technology Products and Services, which principally includes the sale, lease, and maintenance of IMAX Systems. The Company's activities that do not meet the criteria to be considered a reportable segment are disclosed within All Other (See Note 13 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1).

Content Solutions

The Content Solutions segment earns revenue from IMAX Film Remastering, including the distribution of this content across the IMAX global network. To a lesser extent, the Content Solutions segment also earns revenue from the distribution of large-format documentary films and IMAX events and experiences, including music, gaming, and sports to commercial IMAX theaters, as well as the provision of film post-production services.

Content Solutions segment results are influenced by the level of commercial success and global box office performance of the films and other content released to the IMAX network, as well as other factors, including the timing of the releases, the timing of documentary downstream sales, the length of play across the IMAX network, the global box office share take rates under the Company's Film Remastering and distribution arrangements, the level of marketing spend associated with the releases in the year, and fluctuations in the value of foreign currencies versus the U.S. Dollar.

Film Remastering and Distribution

IMAX Film Remastering is a proprietary technology that digitally remasters films and other content into IMAX formats for distribution across the IMAX network. In a typical IMAX Film Remastering and distribution arrangement, the Company receives a percentage of the global box office from a studio in exchange for converting a commercial film into the IMAX format and distributing it through the IMAX network. The fee earned by the Company in a typical IMAX Film Remastering and distribution arrangement averages approximately 12.5% of box office on a gross basis before sales taxes except within Greater China, where the Company often receives a lower percentage of net box office due to an incremental importation fee paid by the studios. All of the Company's box office results in this Form 10-Q are inclusive of China booking fees to be consistent with market reporting of global box office.

IMAX Film Remastering digitally enhances the image quality and/or resolution for projection on IMAX screens while maintaining or enhancing the visual clarity and sound quality to levels for which *The IMAX Experience* is known. IMAX Film Remastering is completed for the image of films released to the IMAX network, creating a unique IMAX version that is optimized for IMAX's proprietary digital projection systems and format. In addition, the original soundtrack of a film to be exhibited across the IMAX locations is remastered into a unique IMAX digital audio format. IMAX sound systems use proprietary loudspeaker systems, designs and proprietary surround sound configurations to ensure every seat in an auditorium is an optimal listening position.

IMAX films also benefit from enhancements made by individual filmmakers exclusively for the IMAX release of the film. Collectively, the Company refers to these enhancements as "IMAX DNA." Filmmakers and movie studios increasingly seek to infuse more IMAX DNA in theatrical releases to realize a filmmaker's creative vision more fully, while generating interest and excitement among moviegoers. Such enhancements include shooting films with IMAX cameras to increase the audience's immersion in the film and to take advantage of the unique dimensions of the IMAX screen by projecting the film in a larger aspect ratio that delivers up to 26% more image onto a standard IMAX movie screen versus a conventional screen. In select IMAX locations worldwide, movies filmed with IMAX cameras have an IMAX-exclusive 1.43 film aspect ratio, delivering up to 67% more image onto a standard conventional movie screen.

Filmed For IMAX is IMAX's filmmaker partnership program. Filmmakers who participate in the program leverage IMAX technology throughout the production process to deliver a movie that is meant to be seen in an IMAX location. From pre-production through to release, the Company works closely with filmmakers to maximize *The IMAX Experience* for audiences. Filmed For IMAX movies are shot using either an IMAX certified digital camera or an IMAX film camera, with the IMAX Post-Production team working closely with the filmmaker from camera testing before the shoot begins, to on-set support, to test screenings, and post-production. Most Filmed For IMAX movies leverage IMAX's exclusive expanded aspect ratio for select sequences and, occasionally, the entire film, and benefit from unique marketing support. The global box office metrics have demonstrated audiences respond extremely favorably to Filmed For IMAX titles, resulting in a higher market share for IMAX. In the first half of 2026, Filmed For IMAX titles on average indexed approximately 10% higher than titles with no IMAX DNA.

Management believes that growth in global box office represents an important growth opportunity for the Company. The Company's strategy to capitalize on this opportunity includes expanding the IMAX network into underpenetrated international markets and growing the number of local language films released, particularly in Japan, France, India, and South Korea. As the popularity of local language films has continued to increase, the Company has extended its content strategy to distribute local language content beyond native markets. For the six months ended June 30, 2026, local language films exhibited across the Company's global network generated \$81 million in box office, representing 15% of the Company's global box office.

The following table provides the number of new films and other content released to the Company's global network during the three and six months ended June 30, 2026 and 2025:

	Three Months Ended June 30,		Six Months Ended June 30,

(2) Denotes local language release.

The Company remains in active negotiations with studios for additional films to fill out its short- and long-term film slate for the IMAX network. The Company also expects to announce additional local language films and exclusive IMAX events and experiences to be released to its global network in 2026.

Other Content Solutions

The Company distributes large-format documentary feature films through its global commercial network and institutional theaters. Traditionally, the Company receives as its distribution fee either a fixed amount or a fixed percentage of the theater global box office and, following the recoupment of its costs, is typically entitled to receive an additional percentage of gross revenues as participation revenues.

The Company believes that the IMAX network is a valuable global platform to launch and distribute original content, including documentaries. The ownership rights to such films may be held by the film sponsors, the film investors and/or the Company. As of June 30, 2026, the Company had distribution rights with respect to approximately 75 films, which cover subjects such as space, wildlife, music, sports, history, and natural wonders.

In early 2026, *The Lost Wolves of Yellowstone*, in collaboration with Grizzly Creek Films LLC, and French language documentary *Athos*, produced by Federation Studio France, were released. In April 2026, the Company released the restored for IMAX documentary *Cave of Forgotten Dreams*, in collaboration with Independent Film Company. In 2026, the Company plans to release the documentary *Portrait of an Artist* in collaboration with The National Basketball Association (“NBA”), Unanimous Media, and Religion of Sports, offering an intimate glimpse into the life of NBA superstar Stephen Curry. Upcoming 2026 documentaries which are currently in production include *Stormbound*, produced by Academy Award-winning producer, Adam McKay; and *Frontier*, produced in collaboration with Nocturnal Entertainment Productions, LLC, Atlas Entertainment LLC, and Believe Entertainment Group, LLC. *The Elephant Odyssey*, a documentary in collaboration with Beach House Pictures Pte Ltd and China International Communications Group, is expected to be released in 2027.

In addition, the Company continues to evolve its platform to bring new, innovative IMAX events and experiences to audiences worldwide. As of June 30, 2026, the Company has 252 connected IMAX locations worldwide. Furthermore, the Company can use its live streaming technologies to deliver events to additional IMAX locations around the world.

In the six months ended June 30, 2026, the Company partnered with various studios and distributors on a number of alternative content releases and exclusive events. These included the releases of *EPiC: Elvis Presley in Concert* (Neon Rated and Universal Pictures), *Stray Kids: The dominATE Experience* (Bleecker Street and Universal Pictures), *Twenty One Pilots: More Than We Ever Imagined* (Trafalgar Releasing), *Eric Church: Evangeline vs. The Machine Comes Alive* (Mercury Studios), *TOMMY in IMAX (50th Anniversary)* (Sony Pictures), and limited releases of *Marty Supreme* (A24) and *Memento* (China Film Group). The Company partnered with MGM Studios in March 2026 and Universal Pictures in June 2026 to present exclusive Q&A livestreams in advance of screenings of *Project Hail Mary* and *Disclosure Day*, respectively, across select connected IMAX locations in North America. The Company partnered with Apple TV to livestream select races from the 2026 FIA Formula One World Championship across North America, including the *Miami Grand Prix* in May 2026 and the *Monaco Grand Prix* in June 2026.

The Company provides film post-production and quality control services for films, whether produced by IMAX or third parties, and digital post-production services. In addition, the Company also provides IMAX film and digital cameras to content creators under the IMAX certified camera program.

Technology Products and Services

The Technology Products and Services segment earns revenue principally from the sale or lease of IMAX Systems, as well as from the maintenance of IMAX Systems. To a lesser extent, the Technology Products and Services segment also earns revenue from certain ancillary theater business activities, including after-market sales of IMAX Systems parts and 3D glasses.

The primary drivers of Technology Products and Services segment results are the number of IMAX Systems installed in a period, the costs associated with each installation, and lease payments tied to the global box office performance of the films released to the IMAX network, as well as the associated maintenance contracts that accompany each installation. The average revenue and gross margin per IMAX System under sale and sales-type lease arrangements vary depending upon the number of IMAX System commitments with a single respective exhibitor, an exhibitor’s location, the type of IMAX System sold, and various other factors. The installation of IMAX Systems in theaters or multiplexes, which make up a large portion of the Company’s system backlog, depends primarily on the timing of the construction of those projects, which is not under the Company’s control.

Sales and Sales-Type Lease Arrangements

The Company provides IMAX Systems to exhibitors through sale arrangements or long-term lease arrangements that for accounting purposes are classified as sales-type leases. Under these arrangements, in exchange for providing the IMAX System, the Company earns initial fees and ongoing consideration, which can include fixed annual minimum payments and contingent fees in excess of the minimum payments, as well as maintenance and extended warranty fees (see “IMAX Maintenance” below). The initial fees vary depending on the system configuration and location of the IMAX System. Initial fees are paid to the Company in installments typically between the time of signing the arrangement and the time of system installation. Once an IMAX System is installed, the initial fees and the present value of future annual minimum payments, which are financing fees, are recognized as revenue. In addition, in sale arrangements, the present value of the estimated contingent fees that may become due if certain annual minimum global box office receipt thresholds are exceeded is recorded as revenue in the period when the sale is recognized and is adjusted in future periods based on actual results and changes in estimates. Such variable consideration is only recognized on sales transactions to the extent the Company believes there is not a risk of significant revenue reversal. Finance income is recognized over the term of a financed sale or sales-type lease arrangement.

In sale arrangements, title to the IMAX System equipment generally transfers to the customer. However, in certain instances, the Company retains title or a security interest in the equipment until the customer has made all payments required by the agreement or until certain shipment events for the equipment have occurred. In a sales-type lease arrangement, title to the IMAX System equipment remains with the Company. The Company has the right to remove the equipment for non-payment or other defaults by the customer.

The revenue earned from customers under the Company's IMAX System sale or sales-type lease agreements varies from quarter-to- quarter and year-to-year based on a number of factors, including the number and mix of IMAX System configurations sold or leased, the timing of installation of the IMAX Systems, the nature of the arrangement and other factors specific to individual contracts.

Joint Revenue Sharing Arrangements

The Company also provides IMAX Systems to exhibitors through joint revenue sharing arrangements ("JRSA(s)"). Under the traditional form of these arrangements, the Company provides the IMAX System under a long-term lease in which the Company assumes the majority of the equipment and installation costs. In exchange for its upfront investment, the Company, generally, earns rent based on a percentage of contingent box office receipts rather than requiring the customer to pay a fixed upfront fee or fixed annual minimum payments. Rental payments from the customer are required throughout the term of the arrangement and are typically due either monthly or quarterly. The Company retains title to the IMAX System equipment components throughout the lease term, and the equipment is returned to the Company at the conclusion of the arrangement.

Under certain other JRSA, known as hybrid arrangements, the customer is responsible for making fixed upfront payments prior to the delivery and installation of the IMAX System in an amount that is typically half of what the Company would receive from a typical sale transaction. As with a traditional JRSA, the customer also pays the Company a percentage of contingent box office receipts over the term of the arrangement, although this percentage is typically half that of a traditional JRSA.

Under most JRSA (both traditional and hybrid), the initial non-cancellable term is 10 years or longer and is renewable by the customer for one to two additional terms of between three to five years. The Company has the right to remove the equipment for non-payment or other defaults by the customer. The contracts are non-cancellable by the customer unless the Company fails to perform its material obligations.

The revenue earned from customers under the Company's JRSA can vary from quarter-to-quarter and year-to-year based on a number of factors that drive global box office levels including film performance, the mix of IMAX System configurations, the timing of installation of IMAX Systems, the nature of the arrangement, the location, size and management of the theater and other factors specific to individual arrangements.

JRSA also require IMAX to provide maintenance and extended warranty services to the customer over the term of the lease in exchange for a separate fixed annual fee. These fees are reported within IMAX Maintenance, as discussed below.

JRSA have been an important factor in the expansion of the Company's commercial system network. JRSA allow commercial theater exhibitors to install IMAX Systems without the significant initial capital investment required in a sale or sales-type lease arrangement. JRSA drive recurring cash flows and earnings for the Company as customers under these arrangements pay the Company a portion of their ongoing box office receipts. The Company funds its investment in equipment for JRSA through cash flows from operations. As of June 30, 2026, the Company had 881 locations under JRSA in its global commercial multiplex network. The Company also had contracts in backlog for 187 IMAX systems under JRSA as of June 30, 2026, including 88 new locations and 99 upgrades to existing locations.

IMAX Maintenance

IMAX System arrangements also include a requirement for the Company to provide maintenance services over the life of the arrangement in exchange for an extended warranty and annual maintenance fee paid by the exhibitor. Under these arrangements, the Company provides preventative and emergency maintenance services to ensure that each presentation is up to IMAX quality standards. Annual maintenance fees are paid throughout the duration of the term of the system agreements.

Streaming and Consumer Technology

IMAX's Streaming and Consumer Technology ("SCT") business offers a single unified program: IMAX Enhanced®. This umbrella program builds on IMAX's brand and proprietary VisionScience™ technology to deliver *The IMAX Experience* to users across streaming platforms and consumer devices. The new IMAX Enhanced program for partners includes three core elements:

1. IMAX Enhanced Live: Real-time enhancement for sports, concerts, and events using SCT's proprietary technology to measure, enhance, optimize, and validate premium color, contrast, and clarity at the speed of live.
2. IMAX Enhanced On-Demand: Quality preservation and optimization for films and series to preserve creative intent with IMAX-calibrated fidelity and remastering, offering viewers a differentiated, premium IMAX-assured experience. IMAX Enhanced on-demand content is currently available for fan-favorite titles across leading services such as Disney+, Sony Pictures Core, and Tencent Video.
3. Device Certification & Calibration: Establishes IMAX quality standards for consumer devices to ensure playback meets IMAX benchmarks. It assures that the enhancement and preservation of quality applied upstream for both Live and On-Demand workflows are maintained faithfully and experienced as intended on consumer devices, including but not limited to TVs, soundbars, automotive, and other device segments. As of June 30, 2026, IMAX Enhanced certified devices in-market are with partners including Goer Dynamics, Sony Electronics, Hisense, TCL, LG, and Philips.

The SCT products previously branded as StreamSmart™ (encoding optimization) and StreamAware™ (quality assurance and monitoring) have been integrated into the IMAX Enhanced program, streamlining operations and enabling partners to deliver premium viewing experiences validated through IMAX's proprietary quality standards.

IMAX's SCT represents an extension of the IMAX brand and technology beyond traditional theatrical programming into live streaming for connected theaters and live and on-demand streaming home entertainment experiences. Leveraging IMAX's globally recognized brand and proprietary technology, IMAX Enhanced is designed to drive consumer engagement and create incremental return on investment for content owners and rights holders.

Other

All Other also includes revenues from sources including one owned and operated IMAX System in Sacramento, California; a commercial arrangement with one theater resulting in the sharing of profits and losses; the provision of management services to three other theaters; and merchandising revenue including IMAX branded merchandise and cooperative merchandising with studios.

[Table of Contents](#)

IMAX currently estimates a worldwide commercial multiplex addressable market of 4,466 locations, of which there are 1,809 IMAX Systems operating as of June 30, 2026, representing a market penetration of only 41%. The Company believes that the majority of its future growth will come from international markets. As of June 30, 2026, 76% of IMAX Systems in the global commercial multiplex network were located within international markets (defined as all countries other than the United States and Canada). Revenues and gross box office (“GBO”) derived from international markets continue to exceed revenues and GBO from the United States and Canada. Risks associated with the Company’s international business are outlined in “Risk Factors – The Company conducts business internationally, which exposes it to uncertainties and risks that could negatively affect its operations, sales and future growth prospects” in Part II, Item 1A of this Form 10-Q.

The backlog reflects the minimum number of commitments for IMAX Systems according to signed contracts. The Company believes that the contractual obligations for IMAX System installations that are listed in backlog are valid and binding commitments. From time to time, the Company and its customers may amend the arrangement type of a backlog system, and in the normal course of its business the Company will have customers who are unable to proceed with an IMAX System installation for a variety of reasons, including the inability to obtain certain consents, approvals or financing.

Certain of the Company's contracts contain options for the customer to elect to upgrade system type during the term or to alter the contract structure (for example, from a JRSA to a sale) after signing, but before installation. Current backlog information reflects all known elections.

As of June 30, 2026, 73% of IMAX System arrangements in backlog were scheduled to be installed in international markets (2025 — 74%).

(See "Risk Factors – The Company may not convert all of its backlog into revenue and cash flows." in Part I, Item 1A of the Company's 2025 Form 10-K.)

(1) Two IMAX Systems were relocated from their original location for the three and six months ended June 30, 2026, respectively (2025 — zero and three, respectively). When a system is relocated, the amount of revenue earned by the Company may vary from transaction-to-transaction and is usually less than the amount earned for a new sale. In certain situations when a system is relocated, the original location is upgraded to an IMAX Laser System.

(2) Includes Sales and Sales-Type Lease deal types.

(3) Includes 21 and 32 IMAX System upgrades for the three and six months ended June 30, 2026, respectively (2025 — 18 and 25 upgrades, respectively).

RESULTS OF OPERATIONS

The Company's results for the first half of 2026 reflect variability driven by the timing, mix and geographic distribution of global box office performance. The year-over-year decline in total global box office was primarily attributable to an unusually strong prior-year comparison in Greater China. Domestic and other international markets experienced strong box office growth, driven by the performance of Hollywood titles and Filmed For IMAX releases. The Company's future results may continue to be affected by the timing and performance of major film releases, the mix of Hollywood and local language content, and the geographic concentration of box office revenues, as well as by variability in system installations and box office-driven revenues. In addition, broader macroeconomic conditions, including global economic uncertainty, supply chain disruptions, inflationary pressures and geopolitical tensions and conflicts, could adversely impact consumer demand and the Company's ability to deliver and install IMAX systems, any of which could materially affect the Company's financial condition and results of operations.

Results of Operations for the Three Months Ended June 30, 2026 and 2025

Net Income and Adjusted Net Income Attributable to Common Shareholders

The following table presents the Company's net income attributable to common shareholders and net income attributable to common shareholders per diluted share amounts, as well as adjusted net income attributable to common shareholders⁽¹⁾ and adjusted net income attributable to common shareholders per diluted share for the three months ended June 30, 2026 and 2025:

Revenues and Gross Margin

For the three months ended June 30, 2026, the Company's revenues and gross margin were \$102.8 million and \$62.9 million, respectively. In comparison to the prior year second quarter, the Company's revenues and gross margin increased by \$11.2 million, or 12%, and \$9.3 million, or 17%, respectively, principally due to a higher number of IMAX system installations under sales type arrangements and stronger IMAX box office performance across rest of world markets of 24%.

The following table presents the Company's revenue, gross margin, and gross margin percentage by reportable segment for the three months ended June 30, 2026 and 2025:

	Revenue		Gross Margin		Gross Margin %	
	2026	2025	2026	2025	2026	2025
(In thousands of U.S. Dollars)						
Content Solutions	\$ 34,686	\$ 33,965	\$ 21,911	\$ 22,431	63 %	66 %

Total	\$ 102,842	\$ 91,684	\$ 62,896	\$ 53,602	61 %	58 %

(1) All Other includes the results from Streaming and Consumer Technology and other ancillary activities.

Content Solutions

For the three months ended June 30, 2026, Content Solutions segment revenues and gross margin increased by \$0.7 million, or 2%, and decreased by \$0.5 million, or 2%, respectively, when compared to the same period in 2025.

In the second quarter of 2026, box office generated by IMAX films totaled \$284.8 million, a \$3.8 million, or 1% increase versus the prior year comparative period of \$281.1 million. In the second quarter of 2026, IMAX box office was generated by the exhibition of 35 films (32 new films and three re-releases), including the following Hollywood titles: *Michael* (\$69 million), *The Mandalorian & Grogu* (\$42 million), and *The Super Mario Galaxy Movie* (\$39 million). Furthermore, in the second quarter of 2026, local language films exhibited across the Company's global network generated \$18.7 million in box office, representing 7% of its global box office including the Japanese local language film, *Detective Conan: Fallen Angel of the Highway* (\$5 million).

In the second quarter of 2025, IMAX box office was generated by the exhibition of 22 films and other content (21 new films and 1 re-release), including the following Hollywood titles, *Mission: Impossible - The Final Reckoning* (\$75 million), *Sinners* (\$40 million), *F1 The Movie* (\$32 million) and *Thunderbolts* (\$31 million). Furthermore, in the second quarter of 2025, local language films exhibited across the Company's global network generated \$19.8 million in box office, representing 7% of its global box office.

In the second quarter of 2026, the Company released three movies that were filmed with IMAX proprietary cameras (Filmed For IMAX): *Mortal Kombat II*, *The Mandalorian & Grogu* and *Supergirl*. Filmed For IMAX movies historically have performed disproportionately well at the box office, and for *Supergirl*, IMAX delivered approximately 20% or more of the opening weekend domestic box office, despite accounting for only 1% of available screens.

In addition to the level of revenues, Content Solutions segment gross margin is influenced by the costs associated with films and other content exhibited in the period. These costs can include production, post-production, distribution, and marketing, which are expensed as incurred. For the three months ended June 30, 2026, gross margin percent was 63% compared to 66% in the prior year period. The decrease in gross margin reflects the mix of IMAX box office, amount of marketing spend and level of box office outperformance.

Technology Products and Services

The following table provides information about IMAX Systems installed and the associated revenue recognized at that time, except for traditional JRSAs as revenue is recognized over the lease term, during the three months ended June 30, 2026 and 2025:

(In thousands of U.S. Dollars, except number of systems)	Three Months Ended June 30,			
	2026		2025	
	Number of Systems	Revenue	Number of Systems	Revenue
New IMAX Systems	11	\$ 11,551	11	\$ 11,206
Upgraded IMAX Systems	7	7,005	2	1,878
Total IMAX Systems	18	\$ 18,556	13	\$ 13,084

In the three months ended June 30, 2026, one IMAX System was relocated from its original location (2025 — no IMAX Systems were relocated from their original locations). When a system under a sale or sales-type lease arrangement is relocated, the amount of revenue earned by the Company may vary from transaction to transaction and is typically lower than a new IMAX system. In certain situations when a system is relocated, the original location is upgraded to an IMAX Laser System.

For the three months ended June 30, 2026, Technology Products and Services segment revenue and gross margin increased by \$9.2 million, or 16%, and \$8.8 million, or 29%, respectively, when compared to the same period in 2025. The higher level of revenue was primarily driven by higher revenues from variable consideration recognized on IMAX systems installed under sales arrangements in the current period. The increases in revenue were also partially driven by a \$1.9 million increase in revenue contribution from the impact of amendments, renewals and other adjustments to existing IMAX Systems arrangements.

In the three months ended June 30, 2026, IMAX GBO from JRSAs decreased \$5.1 million compared to the prior year period, from \$125.1 million to \$120.0 million. While IMAX GBO from JRSAs declined, rental revenues increased by \$1.2 million to \$19.9 million from \$18.7 million in the prior year comparative period, which reflects lower box office performance fully offset by higher average rental rates resulting from the geographic box office mix coupled with additional rent specifically earned from locations in which the Company has invested in lease incentives.

For the three months ended June 30, 2026, gross margin percent was 60% compared to 54% in the prior period, which primarily reflects the impact of higher variable consideration estimates, amendments, renewals and other adjustments as described above.

All Other

For the three months ended June 30, 2026, All Other revenue and gross margin increased by \$1.3 million and \$1.0 million, respectively, when compared to the same period in 2025, which principally reflects the results of the Company's SCT business expansion of offerings to Goer Dynamics Group Co., Ltd. ("Goer Dynamics") under an automotive consumer device partnership, following the re-positioning and relaunch in late 2025 under the brand of IMAX Enhanced, and increased sales of the Company's merchandise.

Selling, General and Administrative Expenses

The following table presents information about the Company's Selling, General and Administrative Expenses for the three months ended June 30, 2026 and 2025:

	Three Months Ended			
	June 30,		Variance	
(In thousands of U.S. Dollars)	2026	2025	\$	%
Total Selling, general and administrative expenses	\$ 34,528	\$ 35,302	\$ (774)	(2%)
Less: Share-based compensation ⁽¹⁾	(7,315)	(6,862)	(453)	(7%)
Total selling, general and administrative expenses, excluding share-based compensation ⁽²⁾	\$ 27,213	\$ 28,440	\$ (1,227)	(4%)

(1) A portion of share-based compensation expense is recognized within Costs and Expenses Applicable to Revenues, and Research and Development. (Refer to "Capital Stock and Reserves — Share-Based Compensation" in Note 11 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1.)

(2) See "Non-GAAP Financial Measures" for a description of this non-GAAP financial measure and a reconciliation to the most comparable GAAP amount.

For the second quarter of 2026, the lower level of Selling, General and Administrative Expenses year-over-year reflects management's continued focus on operational efficiencies, including workforce reductions, and a shift in timing of annual corporate

events and other expenses. Additionally, influencing the prior period, were \$2.5 million in benefits resulting from an Employee Retention Credit as a reduction to Selling, General and Administrative expenses, partially offset by higher annual incentive compensation costs.

Research and Development

For the three months ended June 30, 2026, Research and Development expenses were \$1.7 million, representing an increase of \$0.2 million or 13%, when compared to expenses of \$1.5 million during the same period in the prior year. The Company continues to expense its investment in other projects, including in the development of new product offerings, data and software projects and improvements to its existing IMAX System product suite.

Credit Loss Expense (Reversal), Net

For the three months ended June 30, 2026, the Company recorded a credit loss expense of \$1.5 million, as compared to a credit loss reversal of \$0.2 million recognized in the prior year. The year over year change was primarily due to higher reserves established for specific exhibitor customers in China resulting from a deterioration in customer credit quality.

Overall, continued strong global box office performance has contributed to consistent collections. Strong theatrical attendance, driven by a robust film slate, has increased and accelerated cash inflows from studio and exhibitor customers. This trend reflects the continued consumer demand for premium cinematic experiences and effectiveness of IMAX's strategic initiatives to partner with filmmakers, studios, and exhibitors to deliver higher levels of box office.

The Company estimates credit losses based on both a historical provision rate and customer specific circumstances. Management's judgments regarding expected credit losses are based on the facts available to management at the time that the Condensed Consolidated Financial Statements are prepared and involve estimates about the future. As a result, the Company's judgments and associated estimates of credit losses may ultimately prove, with the benefit of hindsight, to be incorrect. (Refer to Note 3 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1.)

Interest Expense and Interest Income

For the three months ended June 30, 2026, interest expense was \$2.0 million, representing an increase of less than \$0.1 million, or 2% when compared to interest expense of \$1.9 million during the same period of the prior year primarily due to a higher level of borrowings under the Credit Facility (as defined under "—Liquidity and Capital Resources" below), including \$1.2 million paid for lease incentives provided to exhibitor customers, in the current period offset by lower average interest rates. The effective interest rate for the three months ended June 30, 2026 was 5.14% (2025 — 6.17%).

For the three months ended June 30, 2026 and 2025, interest income was \$0.7 million and \$1.1 million, respectively. Interest income primarily comprises interest earned on bank deposits.

Income Taxes

For the three months ended June 30, 2026, the Company recorded an income tax expense of \$3.5 million (2025 — \$1.2 million). The Company's effective tax rate of 18.1% for the three months ended June 30, 2026 (2025 — 8.9%), reflects the geographic allocation of income earned in taxing jurisdictions and a decrease in the valuation allowance and tax reserves, partially offset by withholding taxes.

Management evaluates the realizability of deferred tax assets on a quarterly basis by considering all available positive and negative evidence, including recent operating results, forecasts of future taxable income, and other relevant factors specific to our industry such as the success of new film releases. Based on the Company's recent operating results in Canada and its expectation of continued profitability, management believes there is a reasonable possibility that sufficient positive evidence may become available within the next twelve months to support the release of some or all of the valuation allowance recorded against its Canadian deferred tax assets. However, as of June 30, 2026, management has concluded that the available positive evidence is not yet sufficient to overcome the remaining negative evidence and support realization of those deferred tax assets. Any such release would result in a material income tax benefit in the period the conclusion is reached. At December 31, 2025, the amount of the Canadian valuation allowance was \$55.5 million. The timing and amount of a valuation allowance release will depend on the Company's ability to generate sufficient taxable income in Canada, macroeconomic conditions, and other factors affecting management's assessment.

As disclosed in Note 2 — Summary of Significant Accounting Policies of the 2025 Form 10-K, the Company is subject to ongoing tax audits. Subsequent to June 30, 2026, the Company received a proposal letter from the Canada Revenue Agency related to an

examination of international matters in prior taxation years. Any potential reassessment encompasses an ultimate resolution involving multiple tax jurisdictions, which may result in offsetting tax differences from what was originally recognized in its financial statements. The Company continues to believe that it has adequately accounted for all uncertain tax positions, including this pending notice of reassessment.

Non-Controlling Interests

For the three months ended June 30, 2026, the net income attributable to non-controlling interests of the Company's subsidiaries was \$0.5 million, a decrease of \$0.5 million, when compared to the same period in 2025, which was driven by the lower level of IMAX box office earned in Greater China.

Restructuring Charges and Other Impairments

For the three months ended June 30, 2026, the Company recorded \$2.3 million (2025 — \$0.8 million) in Restructuring charges and other impairments.

During the quarter, the Company recognized an impairment charge of \$2.0 million (2025 — \$nil) on an individual documentary film asset following a reassessment of estimated future revenues. The revised estimates reflect updates to estimated market performance and future monetization of the title. In addition, the Company incurred other termination and restructuring charges of \$0.3 million (2025 — \$0.8 million). These charges are associated with strategic initiatives aimed at enhancing operational efficiency, reducing costs, and optimizing the Company's organization structure. Specifically, the Company incurred costs in connection with the continued implementation of its plan to optimize its organizational structure, including the elimination of redundant roles, addressing spans and layers to capture efficiencies and centralize certain operational roles.

Revenues and Gross Margin

For the six months ended June 30, 2026, the Company's revenues and gross margin were \$184.2 million and \$108.7 million, respectively. In comparison to the prior year second quarter, the Company's revenues and gross margin increased by \$5.9 million, or 3%, and \$1.9 million, or 2%, respectively, principally due to higher revenues recognized for systems installed under sales and sales-type lease arrangements.

Content Solutions

For the six months ended June 30, 2026, Content Solutions segment revenues and gross margin decreased by \$2.2 million, or 3%, and by \$5.8 million, or 13%, respectively, when compared to the same period in 2025.

In the six months ended June 30, 2026, box office generated by IMAX films totaled \$544.5 million, a \$34.8 million, or 6%, decrease versus the prior year comparative period of \$579.2 million. This decrease was primarily driven by lower local language box office in the first half of 2026, due in part to the shift in 2026 local language blockbuster films out of the Chinese New Year period versus a record Chinese New Year in 2025 from the breakout performance of *Ne Zha 2* (\$167 million), the highest grossing local language film of all time. During the six months ended June 30, 2026, IMAX box office was generated by the exhibition of 69 films and other content (63 new films, 5 re-releases and one carry-over), including the following Hollywood titles: *Project Hail Mary* (\$96 million), *Avatar: Fire and Ash* (\$78 million), *Michael* (\$69 million), *The Mandalorian & Grogu* (\$42 million) and *The Super Mario Galaxy Movie* (\$39 million). In addition, in the six months ended June 30, 2026, local language films exhibited across the Company's global network generated \$81 million in box office, representing 15% of its global box office, including the Chinese local language film, *Pegasus 3* (\$34 million) and *Blades of the Guardians* (\$7 million). In the six months ended June 30, 2025, IMAX box office revenue was generated by the exhibition of 56 films (54 new films and 2 re-releases), including the following Hollywood titles, *Mission: Impossible - The Final Reckoning* (\$75 million), *Sinners* (\$39 million), *F1 The Movie* (\$31 million) and *Thunderbolts* (\$31 million) and local language title *Ne Zha 2* discussed above.

In the six months ended June 30, 2026, the Company released seven movies that were filmed with IMAX proprietary cameras (Filmed For IMAX), including *Mercy*, *The Bride!*, *Project Hail Mary*, *Mortal Kombat II*, *The Mandalorian & Grogu*, *Supergirl*, and the IMAX documentary *Athos*. Filmed For IMAX movies historically have performed disproportionately well at the box office, and for four of these films, IMAX delivered approximately 20% or more of the opening weekend domestic box office, despite accounting for only 1% of available screens.

In addition to the level of revenues, Content Solutions segment gross margin is influenced by the costs associated with films and other content exhibited in the period. These costs can include production, post-production, distribution, and marketing, which are expensed as incurred. For the six months ended June 30, 2026, gross margin percent was 61% compared to 67% in the prior year. The Content Solutions margin decline was driven by a combination of factors including; lower box office performance in Greater China, with no significant breakout title, a lower mix of local language films which carries a higher margin, and an increased level of film marketing spend associated with a higher mix of Hollywood titles.

Technology Products and Services

The following table provides information about IMAX Systems installed and the associated revenue recognized at that time, except for traditional JRSAs, for which revenue is recognized over the lease term, during the six months ended June 30, 2026 and 2025:

	Six Months Ended June 30,			
	2026		2025	
	Number of Systems	Revenue	Number of Systems	Revenue
<i>(In thousands of U.S. Dollars, except number of systems)</i>				
New IMAX Systems	17	\$ 16,281	23	\$ 20,330
Upgraded IMAX Systems	9	9,556	3	3,338
Total	26	\$ 25,837	26	\$ 23,668

In the six months ended June 30, 2026, one IMAX System was relocated from its original location (2025 — three IMAX Systems). When a system under a sale or sales-type lease arrangement is relocated, the amount of revenue earned by the Company may vary from transaction to transaction and is usually less than the amount earned for a new sale. In certain situations when a system is relocated, the original location is upgraded to an IMAX Laser System.

For the six months ended June 30, 2026, Technology Products and Services segment revenue and gross margin increased by \$6.9 million, or 7%, and \$6.6 million, or 11%, respectively, when compared to the same period in the prior year. The increase in revenue was primarily driven by a \$5.0 million increase in revenue contribution from the impact of amendments, renewals and other adjustments to existing IMAX Systems arrangements, coupled with higher revenues for variable consideration recognized from sales arrangements installed in the period.

In the six months ended June 30, 2026, GBO from JRSA's decreased \$36.9 million compared to the prior year, from \$265.2 million to \$228.3 million. Accordingly, rental revenues of \$36.5 million, decreased \$1.4 million from \$37.8 million in the prior year comparative period, were driven by the lower IMAX box office offset mostly higher average rental rates resulting from the geographic box office mix coupled with additional rent specifically earned from locations in which the Company has invested in lease incentives.

For the six months ended June 30, 2026, gross margin percent was 58% compared to 56% in the same period in the prior year, which primarily reflects the impact of amendments, renewals and other adjustments as described above.

All Other

For the six months ended June 30, 2026, All Other revenue and gross margin increased by \$1.1 million, and \$1.0 million, respectively, when compared to the same period in 2025, which principally reflects the results of the Company's SCT business expansion of offerings across automotive consumer devices under the Goer Dynamics partnership, following the re-positioning and relaunch in late 2025 under the brand of IMAX Enhanced, and increased sales of the Company's merchandise.

Selling, General and Administrative Expenses

The following table presents information about the Company's Selling, General and Administrative Expenses for the six months ended June 30, 2026 and 2025:

	Six Months Ended June 30,		Variance	
	2026	2025	\$	%
<i>(In thousands of U.S. Dollars)</i>				
Total Selling, general and administrative expenses	\$ 67,016	\$ 68,764	\$ (1,748)	(3%)
Less: Share-based compensation ⁽¹⁾	(13,224)	(11,582)	(1,642)	(14%)
Total selling, general and administrative expenses, excluding share-based compensation ⁽²⁾	\$ 53,792	\$ 57,182	\$ (3,390)	(6%)

(1) A portion of share-based compensation expense is recognized within Costs and Expenses Applicable to Revenue, and Research and Development. (Refer to "Capital Stock and Reserves — Share-Based Compensation" in Note 11 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1.)

(2) See "Non-GAAP Financial Measures" for a description of this non-GAAP financial measure and a reconciliation to the most comparable GAAP amount.

For the six months ended June 30, 2026, the lower level of Selling, General and Administrative Expenses year-over-year reflects management's continued focus on operational efficiencies, including workforce reductions and timing. Additionally, influencing the prior period, were \$2.5 million in benefits resulting from an Employee Retention Credit as a reduction to Selling, General and Administrative expenses, partially offset by higher annual incentive compensation costs.

Research and Development

For the six months ended June 30, 2026, Research and Development expenses were \$3.5 million, representing an increase of \$0.6 million, or 21%, when compared to Research and Development expenses of \$2.9 million during the same period in the prior year. The increase year-over-year was primarily driven by higher depreciation in the current period from the capitalization of film camera costs in a prior year coupled with increased investment in data and software related projects. The Company continues to expense its investment in other projects, including in the development of new product offerings and improvements to its existing IMAX System product suite.

Credit Loss Expense (Reversal), Net

For the six months ended June 30, 2026, the Company recorded a credit loss expense of \$1.0 million, as compared to a \$0.3 million reversal in the same period of the prior year. The year over year change was primarily due to higher reserves established for specific exhibitor customers in China resulting from a deterioration in customer credit quality.

Overall, continued strong global box office performance has contributed to consistent collections. Strong theatrical attendance, driven by a robust film slate, has increased and accelerated cash inflows from studio and exhibitor customers. This trend reflects the continued consumer demand for premium cinematic experiences and effectiveness of IMAX's strategic initiatives to partner with filmmakers, studios, and exhibitors to deliver higher levels of box office.

The Company estimates credit losses based on both a historical provision rate and customer specific circumstances. Management's judgments regarding expected credit losses are based on the facts available to management at the time that the Condensed Consolidated Financial Statements are prepared and involve estimates about the future. As a result, the Company's judgments and associated estimates of credit losses may ultimately prove, with the benefit of hindsight, to be incorrect. (Refer to Note 3 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1).

Interest Expense and Interest Income

For the six months ended June 30, 2026, interest expense was \$3.9 million, representing an increase of \$0.1 million, or 3%, as compared to \$3.7 million during the same period of the prior year primarily due to a higher level of borrowings under the Credit Facility (as defined under "—Liquidity and Capital Resources" below), including \$9.9 million paid for lease incentives provided to exhibitor customers, in the current period offset by lower average interest rates. The effective interest rate for the six months ended June 30, 2026 was 5.16% (2025 — 6.17%). Additionally, as a result of certain holder of the remaining 2026 Convertible Notes electing to convert, the Company recorded a loss on extinguishment of debt of \$0.1 million during the period.

For the six months ended June 30, 2026 and 2025, interest income was \$1.1 million and \$1.7 million, respectively. Interest income primarily comprises interest earned on bank deposits.

Income Taxes

For the six months ended June 30, 2026, the Company recorded an income tax expense of \$5.9 million (2025 — \$8.5 million). The Company's effective tax rate of 21.2% for the six months ended June 30, 2026 (2025 — 29.4%), reflects the geographic allocation of income earned in taxing jurisdictions, tax benefit from share-based compensation, tax rate differences in foreign jurisdictions, and reversals of tax reserves, partially offset by an increase in the valuation allowance and withholding taxes.

Management evaluates the realizability of deferred tax assets on a quarterly basis by considering all available positive and negative evidence, including recent operating results, forecasts of future taxable income, and other relevant factors specific to our industry such as the success of new film releases. Based on the Company's recent operating results in Canada and its expectation of continued profitability, management believes there is a reasonable possibility that sufficient positive evidence may become available within the next twelve months to support the release of some or all of the valuation allowance recorded against its Canadian deferred tax assets. However, as of June 30, 2026, management has concluded that the available positive evidence is not yet sufficient to overcome the remaining negative evidence and support realization of those deferred tax assets. Any such release would result in a material income tax benefit in the period the conclusion is reached. At December 31, 2025, the amount of the Canadian valuation allowance was \$55.5 million. The timing and amount of a valuation allowance release will depend on the Company's ability to generate sufficient taxable income in Canada, macroeconomic conditions, and other factors affecting management's assessment.

As disclosed in Note 2 — Summary of Significant Accounting Policies of the 2025 Form 10-K, the Company is subject to ongoing tax audits. Subsequent to June 30, 2026, the Company received a proposal letter from the Canada Revenue Agency related to an examination of international matters in prior taxation years. Any potential reassessment encompasses an ultimate resolution involving multiple tax jurisdictions, which may result in offsetting tax differences from what was originally recognized in its financial statements. The Company continues to believe that it has adequately accounted for all uncertain tax positions, including this pending notice of reassessment.

Non-Controlling Interests

For the six months ended June 30, 2026, the net income attributable to non-controlling interests of the Company's subsidiaries was \$2.4 million, a decrease of \$4.5 million, when compared to the same period in 2025, which was driven by the lower level of IMAX box office earned in Greater China.

Restructuring Charges and Other Impairments

For the six months ended June 30, 2026, the Company recorded \$2.3 million (2025 — \$0.8 million) in Restructuring charges and other impairments.

Specifically, the Company recognized an impairment charge of \$2.0 million (2025 — \$nil) on an individual documentary film asset following a reassessment of estimated future revenues. The revised estimates reflect updates to estimated market performance and future monetization of the title. In addition, the Company incurred other termination and restructuring charges of \$0.3 million (2025 — \$0.8 million). These charges are associated with strategic initiatives aimed at enhancing operational efficiency, reducing costs, and optimizing the Company's organizational structure. Specifically, the Company incurred costs in connection with the implementation of its plan to optimize its organizational structure, including the elimination of redundant roles, addressing spans and layers to capture efficiencies and centralize certain operational roles.

CASH FLOWS FOR THE SIX MONTHS ENDED JUNE 30, 2026 AND 2025

The discussion below summarizes our cash flows from operating, investing, and financing activities as reflected in the Condensed Consolidated Statements of Cash Flows for the six months ended June 30, 2026 and 2025.

(In thousands of U.S. Dollars)	Six Months Ended	
	2026	2025
Net cash provided by (used in)		
Operating activities	\$ 36,014	\$ 30,181
Investing activities	(13,028)	(22,048)
Financing activities	(14,275)	480
Effect of exchange rate changes on cash	38	46
Net change in cash	<u>\$ 8,749</u>	<u>\$ 8,659</u>

Net cash provided by the Company's operating activities increased \$5.8 million in the six months ended June 30, 2026, when compared to the same period in 2025, primarily driven by an increase in the net income earned in the current period and a net increase in working capital driven by strong Accounts Receivable collections during the period, partially offset by a \$7.7 million increase in cash outflows for lease incentives provided to exhibitor customers. (Refer to Note 9 to Condensed Consolidated Financial Statements in Item 1. for more information on the Company's change in other operating assets and liabilities.)

Net cash used in investing activities decreased \$9.0 million in the six months ended June 30, 2026, when compared to the same period in 2025. Cash used in the investment in equipment contributed to the Company's JRSAs with exhibitor customers was higher in the first half of 2025 due in part to the Company shipping systems into the U.S. in advance of planned 2025 system installations as a proactive measure in response to new and potentially changing tariffs. (Refer to "Risk Factors—The Company's business may be materially adversely affected by the imposition of tariffs and other trade barriers and retaliatory countermeasures implemented by the United States and other governments." in Part I, Item 1A. in the 2025 Form 10-K.)

Net cash used in financing activities increased \$14.8 million in the six months ended June 30, 2026, when compared to the same period in 2025, mainly driven by repurchases of common shares and higher taxes withheld and paid on employee stock awards vested due to the Company's higher stock price relative to grant dates. This decrease was partially offset by cash received for stock options exercised during the period.

LIQUIDITY AND CAPITAL RESOURCES

As of June 30, 2026, the Company's principal sources of liquidity included: (i) its balances of cash and cash equivalents of \$159.9 million; (ii) the anticipated collection of trade accounts receivable, which includes amounts owed under JRSAs and Film Remastering and distribution agreements with movie studios; (iii) the anticipated collection of financing and variable consideration receivables due in the next 12 months under sale and sales-type lease arrangements for systems currently in operation; and (iv) installment payments expected in the next 12 months under sale and sales-type lease arrangements in backlog. Under the terms of the Company's typical sale and sales-type lease agreements, the Company receives substantial cash payments before it completes the performance of its contractual obligations.

In addition, as of June 30, 2026, the Company had \$334.0 million in available borrowing capacity under its Credit Facility pursuant to its Seventh Amended and Restated Credit Agreement (the "Credit Agreement"), \$27.9 million in available borrowing capacity under the IMAX Shanghai revolving credit facility with the Bank of China (the "Bank of China Facility"), and \$29.4 million in available borrowing capacity under IMAX Shanghai's revolving credit facility with HSBC Bank (China) Company Limited, Shanghai Branch (the "HSBC China Facility"). (Refer to "Borrowings — Convertible Notes and Other Borrowings, Net" in Note 6 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1.)

The Company's \$159.9 million balance of cash and cash equivalents as of June 30, 2026 (December 31, 2025 — \$151.2 million) included \$150.1 million in cash held outside of Canada (December 31, 2025 — \$137.4 million), of which \$110.5 million was held in the People's Republic of China (the "PRC") (December 31, 2025 — \$97.2 million). In prior years, management reassessed its strategy with respect to the most efficient means of deploying the Company's capital resources globally and determined that historical earnings of certain foreign subsidiaries in excess of amounts required to sustain business operations would no longer be indefinitely reinvested. During the six months ended June 30, 2026, no historical earnings from a subsidiary in the PRC were distributed (2025 — \$nil) and, as a result, no foreign withholding taxes were paid to the relevant tax authorities (2025 — \$nil). As of June 30, 2026, the Company's Condensed Consolidated Balance Sheets included a deferred tax liability of \$12.5 million for the applicable foreign withholding taxes

associated with the remaining balance of non-repatriated historical earnings that will not be indefinitely reinvested outside of Canada. These taxes will become payable upon the repatriation of any such earnings.

The Company forecasts its future cash flow and short-term liquidity requirements on an ongoing basis. These forecasts are based on estimates and may be materially impacted by factors that are outside of the Company's control (including the factors described in "Risk Factors" in Part I, Item 1A of the Company's 2025 Form 10-K as supplemented by "Risk Factors" in Part II, Item 1A of this Form 10-Q). As a result, there is no guarantee that these forecasts will come to fruition and that the Company will be able to fund its operations through cash flows from operations. In particular, the Company's operating cash flows and cash balances will be adversely impacted if management's projections of future signings and installations of IMAX Systems and box office performance of IMAX content are not realized.

The Company also has certain significant contractual obligations and commitments that have been disclosed in "Contractual Obligations" in Part II, Item 7 of the Company's 2025 Form 10-K. There are no material changes to these obligations and commitments as of June 30, 2026.

Based on the Company's current cash balances and operating cash flows, management expects to have sufficient capital and liquidity to fund its anticipated operating needs and capital requirements during the next twelve-month period following the date of this report.

OFF-BALANCE SHEET ARRANGEMENTS

There are currently no off-balance sheet arrangements that have or are reasonably likely to have a current or future material effect on the Company's financial condition.

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements and related disclosures in accordance with U.S. GAAP requires management to make judgments, assumptions, and estimates that affect the amounts reported in the Company's Condensed Consolidated Financial Statements and accompanying notes. Management's judgments, assumptions, and estimates are based on historical experience, future expectations, and other factors that are believed to be reasonable as of the date of the Company's Condensed Consolidated Financial Statements. Actual results may ultimately differ from the Company's original estimates, as future events and circumstances sometimes do not develop as expected, and the differences may be material. For more information on the Company's critical accounting estimates refer to the section entitled "Critical Accounting Estimates" in Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" of the 2025 Form 10-K.

RECENTLY ISSUED ACCOUNTING STANDARDS

Refer to Note 2 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1 for a discussion of recently issued accounting standards and their impact on the Company's Condensed Consolidated Financial Statements.

NON-GAAP FINANCIAL MEASURES

GAAP refers to generally accepted accounting principles in the United States of America. In this report, the Company presents financial measures in accordance with GAAP and also on a non-GAAP basis under the SEC regulations. Specifically, the Company presents the following non-GAAP financial measures as supplemental measures of its performance:

- Adjusted net income or loss attributable to common shareholders;
- Adjusted net income or loss attributable to common shareholders per basic and diluted share;
- EBITDA;
- Adjusted EBITDA per Credit Facility; and
- Adjusted SG&A expenses.

Adjusted net income or loss attributable to common shareholders and adjusted net income or loss attributable to common shareholders per basic and diluted share exclude, where applicable: (i) share-based compensation; (ii) realized and unrealized

investment gains or losses; (iii) restructuring charges and other impairments; and (iv) employee retention credits, as well as the related tax impact of these adjustments.

The Company believes that these non-GAAP financial measures are important supplemental measures that allow management and users of the Company's financial statements to view operating trends and analyze controllable operating performance on a comparable basis between periods without the after-tax impact of share-based compensation and certain non-recurring items included in net income attributable to common shareholders. Although share-based compensation is an important aspect of the Company's employee and executive compensation packages, it is a non-cash expense and is excluded from certain internal business performance measures.

Reconciliations of net income attributable to common shareholders and net income attributable to common shareholder per diluted share to adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per diluted share are presented in the tables below.

In addition to the non-GAAP financial measures discussed above, management also uses "EBITDA," as such term is defined in the Credit Agreement, and which is referred to herein as "Adjusted EBITDA per Credit Facility." As defined in the Credit Agreement, Adjusted EBITDA per Credit Facility includes adjustments in addition to the exclusion of interest, taxes, depreciation and amortization. Accordingly, this non-GAAP financial measure is presented to allow a more comprehensive analysis of the Company's operating performance and to provide additional information with respect to the Company's compliance with its Credit Agreement requirements, when applicable. In addition, the Company believes that Adjusted EBITDA per Credit Facility presents relevant and

[Table of Contents](#)

useful information widely used by analysts, investors and other interested parties in the Company's industry to evaluate, assess and benchmark the Company's results.

EBITDA is defined as net income or loss excluding: (i) income tax expense or benefit; (ii) interest expense, net of interest income; (iii) depreciation and amortization, including film asset amortization; and (iv) amortization of deferred financing costs. Adjusted EBITDA per Credit Facility is defined as EBITDA excluding: (i) share-based and other non-cash compensation; (ii) realized and unrealized investment gains or losses; (iii) restructuring charges and other impairments; (iv) write-downs, net of recoveries, including goodwill, asset impairments and credit loss expense or reversal; and (v) induced conversion expense on settlement of convertible notes.

Reconciliations of net income attributable to common shareholders, which is the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA per Credit Facility are presented in the tables below:

<i>(In thousands of U.S. Dollars)</i>		Three Months Ended June 30, 2026
Net income	\$	15,908
Add (subtract):		
Income tax expense		3,507
Interest expense, net of interest income		782
Depreciation and amortization, including film asset amortization		15,685
Amortization of deferred financing costs ⁽¹⁾		528
EBITDA		36,410
Share-based and other non-cash compensation		7,382
Unrealized investment gains		(18)
Restructuring charges and other impairments		2,294
Write-downs, including asset impairments and credit loss expense		1,898
Total Adjusted EBITDA	\$	47,966
Less: Non-controlling interest		(2,337)
Adjusted EBITDA per Credit Facility - attributable to common shareholders	\$	45,629

(1) The amortization of deferred financing costs is recorded within Interest Expense in the Condensed Consolidated Statements of Operations.

<i>(In thousands of U.S. Dollars)</i>		Twelve Months Ended June 30, 2026
Net income	\$	47,120
Add (subtract):		
Income tax expense		15,212
Interest expense, net of interest income		3,169
Depreciation and amortization, including film asset amortization		62,558

Total Adjusted EBITDA	\$	187,387
Less: Non-controlling interest		(13,932)
Adjusted EBITDA per Credit Facility - attributable to common shareholders	\$	173,455

(1) The amortization of deferred financing costs is recorded within Interest Expense in the Condensed Consolidated Statements of Operations.

The Company also adjusts SG&A Expenses to exclude a portion of share-based compensation and related payroll taxes. Management uses non-GAAP and other financial measures such as this, internally for financial and operational decision-making and as a means to evaluate period-to-period comparisons. IMAX believes that this non-GAAP measure provides useful information about

operating results, enhances the overall understanding of past financial performance and future prospects, and allows for greater transparency with respect to key metrics used by management and its financial and operational decision making.

A reconciliation of Selling, General and Administrative Expenses, the most directly comparable GAAP measure presented in the Condensed Consolidated Statement of Operations in Part I, Item 1, to Adjusted Selling, General and Administrative Expenses is presented in the table below.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2026	2025	2026	2025
<i>(In thousands of U.S. Dollars)</i>				
Total Selling, general and administrative expenses	\$ 34,528	\$ 35,302	\$ 67,016	\$ 68,764
Less: Share-based compensation	(7,315)	(6,862)	(13,224)	(11,582)
Total Adjusted Selling, general and administrative expenses	\$ 27,213	\$ 28,440	\$ 53,792	\$ 57,182

The Company cautions that these non-GAAP financial measures may not be comparable to similarly titled measures reported by other companies. Additionally, the non-GAAP financial measures used by the Company should not be considered in isolation, or as a substitute for, or superior to, the comparable GAAP amounts.

Item 3. *Quantitative and Qualitative Disclosures about Market Risk*

The Company is exposed to market risk from foreign currency exchange rates and interest rates, which could affect operating results, financial position and cash flows. Market risk is the potential change in an instrument's value caused by, for example, fluctuations in interest and currency exchange rates. The Company's primary market risk exposure is the risk of unfavorable movements in exchange rates between the U.S. Dollar, the Canadian Dollar, and Chinese Renminbi ("RMB"). The Company does not use financial instruments for trading or other speculative purposes.

Foreign Exchange Rate Risk

A majority of the Company's revenue is denominated in U.S. Dollars while a significant portion of its costs and expenses is denominated in Canadian Dollars. A portion of the Company's net U.S. Dollar cash flows is converted to Canadian Dollars to fund Canadian Dollar expenses through the spot market. In addition, IMAX films generate box office in 91 different countries, and therefore unfavorable exchange rates between applicable local currencies and the U.S. Dollar could have an impact on the GBO generated by the Company's exhibitor customers and its revenues. The Company has incoming cash flows from its revenue generating IMAX network and ongoing operating expenses in China through its majority-owned subsidiary IMAX Shanghai. In Japan, the Company has ongoing Yen-denominated operating expenses related to its Japanese operations. Net RMB and Japanese Yen cash flows are converted to U.S. Dollars through the spot market. The Company also has cash receipts under leases denominated in RMB, Japanese Yen, British Pound Sterling, Euros and Canadian Dollars.

The Company manages its exposure to foreign exchange rate risks through its regular operating and financing activities and, when appropriate, through the use of derivative financial instruments. These derivative financial instruments are utilized to hedge economic exposures as well as reduce earnings and cash flow volatility resulting from shifts in market rates.

Certain of the Company's PRC subsidiaries held approximately RMB 749.7 million (\$110.1 million) in cash and cash equivalents as of June 30, 2026 (December 31, 2025 — RMB 678.2 million or \$96.5 million) and are required to transact locally in RMB. Foreign currency exchange transactions, including the remittance of any funds into and out of the PRC, are subject to controls and require the approval of the China State Administration of Foreign Exchange to complete. Any developments relating to the Chinese economy and any actions taken by the Chinese government are beyond the control of the Company; however, the Company monitors and manages its capital and liquidity requirements to ensure compliance with local regulatory and policy requirements. (Refer to "Risk Factors – The Company faces risks in connection with its significant presence in China and the continued expansion of its business there" in Part I, Item 1A. of the Company's 2025 Form 10-K.)

Management also monitors the macroeconomic environment as part of its continuous assessment of credit risk. This includes consideration of developments in the U.S. and global banking sectors, which informs management's assessment of any potential direct and indirect impacts on the Company. There are no concentrations of cash and cash equivalents in any regional banking institutions, such that management considers there to be any material risk in this regard.

For the three and six months ended June 30, 2026, the Company recorded a foreign exchange net gain of \$0.4 million and net loss of \$0.2 million respectively, resulting from changes in exchange rates related to foreign currency denominated monetary assets and liabilities (2025 — net gain of \$0.2 million and net loss of \$0.2 million, respectively).

The Company has entered into a series of foreign currency forward contracts to manage the risks associated with the volatility of foreign currencies. Certain of these foreign currency forward contracts met the criteria required for hedge accounting under the Derivatives and Hedging Topic of the FASB ASC at inception, and continue to meet hedge effectiveness tests as of June 30, 2026, with settlement dates throughout 2026 and 2027. Foreign currency derivatives are recognized and measured on the Condensed Consolidated Balance Sheets at fair value. Changes in the fair value (i.e., gains or losses) are recognized in the Condensed Consolidated Statements of Operations except for derivatives designated and qualifying as foreign currency cash flow hedging instruments. The Company currently has cash flow hedging instruments associated with Selling, General and Administrative Expenses. For foreign currency cash flow hedging instruments related to Selling, General and Administrative Expenses, the effective portion of the gain or loss in a hedge of a forecasted transaction is reported within Accumulated Other Comprehensive Income (Loss) and reclassified to the Condensed Consolidated Statements of Operations when the forecasted transaction occurs. Any ineffective portion is recognized immediately in the Condensed Consolidated Statements of Operations.

The notional value of foreign currency cash flow hedging instruments that qualify for hedge accounting as of June 30, 2026 was \$46.3 million (December 31, 2025 — \$48.4 million). Losses of \$0.8 million and losses of \$1.4 million were recorded to Other Comprehensive Loss with respect to the change in fair value of these contracts for the three and six months ended June 30, 2026, respectively (2025 — gains of \$2.5 million and gains of \$1.8 million, respectively). Gains of \$0.1 million and \$0.4 million were reclassified from Accumulated Other Comprehensive Loss to Selling, General and Administrative Expenses for the three and six months ended June 30, 2026, respectively (2025 — Losses of \$0.3 million and \$1.6 million, respectively). The Company currently does not hold any derivatives which are not designated as hedging instruments.

For all derivative instruments, the Company is subject to counterparty credit risk to the extent that the counterparty may not meet its obligations to the Company. To manage this risk, the Company enters into derivative transactions only with major financial institutions.

As of June 30, 2026, the Company's Financing Receivables and working capital items denominated in Canadian Dollars, RMB, Japanese Yen, Euros and other foreign currencies translated into U.S. Dollars was \$132.1 million. Assuming a 10% appreciation or depreciation in foreign currency exchange rates from the quoted foreign currency exchange rates as of June 30, 2026, the potential change in the fair value of foreign currency-denominated financing receivables and working capital items would have been \$13.2 million. A significant portion of the Company's Selling, General, and Administrative Expenses is denominated in Canadian Dollars. Assuming a 1% change appreciation or depreciation in foreign currency exchange rates as of June 30, 2026, the potential change in the amount of Selling, General, and Administrative Expenses would be \$0.2 million.

Interest Rate Risk Management

The Company's earnings may also be affected by changes in interest rates due to the impact those changes have on its interest income from cash, and its interest expense from variable-rate borrowings that may be made under the Credit Facility.

As of June 30, 2026, the Company had drawn down \$41.0 million on its Credit Facility (December 31, 2025 — \$37.0 million), and \$nil on its HSBC China Facility (December 31, 2025 — \$nil) and \$nil on its Bank of China Facility (December 31, 2025 — \$nil), which are subject to variable effective interest rates. If the interest rates available to the Company increased by 10%, the Company's interest expense would increase by \$0.2 million and interest income from cash would increase by \$0.3 million.

The Company had variable rate debt instruments representing 9% and 8% of its total liabilities as of June 30, 2026 and December 31, 2025, respectively. These amounts are determined by considering the impact of the hypothetical interest rates on the Company's variable rate debt and cash balances as of June 30, 2026.

Item 4. Controls and Procedures

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized, and reported within the specified time periods and that such information is accumulated and communicated to management, including the principal executive and principal financial officers, to allow timely discussions regarding required disclosure. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives.

The Company's management, with the participation of its principal executive and principal financial officers, has evaluated the effectiveness of the Company's "disclosure controls and procedures" (as defined in Rules 13a-15(e) or 15d-15(e) under the Exchange Act) as of June 30, 2026 and has concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective. The Company will continue to periodically evaluate its disclosure controls and procedures and will make modifications from time to time as deemed necessary to ensure that information is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There were no changes in the Company's internal control over financial reporting which occurred during the three months ended June 30, 2026, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. *Legal Proceedings*

Refer to Note 7 of Notes to Condensed Consolidated Financial Statements in Part I, Item 1 for information regarding legal proceedings involving the Company.

Item 1A. *Risk Factors*

This Form 10-Q should be read together with, and supplement, the risk factors in Item 1A “Risk Factors” in the Company’s 2025 Form 10-K, which describes various risks and uncertainties to which the Company is or may become subject. The risk factors below update certain risk factors included in the Company’s 2025 Form 10-K in light of recent events. The below risk factors and the risk factors included in the Company’s 2025 Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known to the Company or that the Company currently deems to be immaterial also may materially adversely affect its business, financial condition and/or operating results.

The Company conducts business internationally, which exposes it to uncertainties and risks that could negatively affect its operations, sales, and future growth prospects.

A significant portion of the Company’s revenues and of the GBO earned by the Company’s exhibitor customers are generated outside the United States and Canada. Approximately 62%, 58%, and 64% of the Company’s revenues were derived outside of the United States and Canada in 2025, 2024, and 2023, respectively. As of June 30, 2026, 73% of IMAX Systems in backlog were scheduled to be installed in international markets. The Company’s network spanned 91 different countries as of June 30, 2026, and the Company expects its international operations to continue to account for an increasingly significant portion of its future revenues. There are a number of risks associated with operating in international markets that could negatively affect the Company’s operations, sales and future growth prospects. These risks, among others, include:

Operational and Supply Chain Risks

- difficulties in obtaining competitively priced key commodities, raw materials, and component parts from various international sources that are needed to manufacture quality products on a timely basis;
- dependence on foreign distributors and their sales channels;
- reliance on local partners in foreign territories, including in connection with JRSAs;
- difficulties in staffing and managing foreign operations;
- inability to complete installations of IMAX Systems, including as a result of material disruptions or delays in the Company’s supply chains, or to collect full payment on installations thereof;
- public health concerns, including pandemics or epidemics, and regulations in response thereto, which could adversely affect the Company’s and its customers’ operations; and
- harm to the IMAX brand from operating in countries with records of controversial government action, including human rights abuses.

Financial and Macroeconomic Risks

- fluctuations in the value of foreign currencies versus the U.S. Dollar, potential currency devaluations, and imposition of foreign exchange controls in foreign jurisdictions;
- adverse changes in foreign government monetary and/or tax policies, and/or difficulties in repatriating cash from foreign jurisdictions (including with respect to China, where approval of the State Administration of Foreign Exchange is required);
- requirements to provide performance bonds and letters of credit to international customers to secure IMAX System component deliveries;
- less accurate and/or less reliable box office reporting;

- difficulties in establishing market-appropriate pricing; and
- economic conditions in foreign markets, including inflation.

Geopolitical, Trade, and Regulatory Compliance Risks

- new and potentially changing tariffs, trade protection measures, import or export licensing requirements, trade embargoes, sanctions and export controls, and other trade barriers, including but not limited to planned, implemented or threatened tariffs and retaliatory responses thereto, or the residual impacts and uncertainty as a result of changes in tariff or trade policy;
- new restrictions on access to markets, both for IMAX Systems and content;
- unusual or burdensome foreign laws or regulatory requirements or unexpected changes to those laws or requirements, including censorship of content that may restrict what films or other content are exhibited across the Company's network;
- local business practices that can present challenges to compliance with applicable anti-corruption and bribery laws;
- poor recognition of intellectual property rights;
- difficulties in enforcing contractual rights; and
- war, conflict, geopolitical tensions and other political, economic and social instability, terrorist attacks and security concerns, such as the ongoing conflict between Russia and Ukraine, the war in Iran and other armed conflicts in the Middle East, and escalating tensions in the Taiwan Strait, all of which could result in adverse consequences for the Company's interests in different regions of the world.

Global geopolitical tensions and actions that governments take in response and the resulting global and regional economic downturns have had and may in the future adversely impact the Company's ability to operate in such regions. For example, the ongoing conflict between Russia and Ukraine and responses thereto have had and may continue to have an adverse impact on the Company's business and results of operations in affected regions, including the continued suspension of the Company's operations across the Company's 54 theaters in the region. Three theaters in Israel and one theater in Lebanon have been impacted by closures or are operating in limited capacity due to the Iran war. The other 31 of the Company's 35 theaters in the Middle East region remain fully operational. Furthermore, disruptions to key global shipping routes, including the Strait of Hormuz, have and may continue to adversely affect global supply chains by increasing transportation time and cost as well as increasing uncertainty in the availability of critical goods and services, which may in turn impact the Company's operations. Given the uncertainty as to the scope, intensity, duration and outcome of geopolitical conflicts, it is difficult to predict the full extent of the adverse impacts of geopolitical conflicts on the Company's business and results of operations. Additionally, given the global nature of the Company's operations, any protracted conflict or the broader macroeconomic impact of geopolitical conflicts and sanctions imposed in response thereto, have had and could continue to have an adverse impact on the Company's business, results of operations, financial condition, and future performance and may also magnify the impact of other risks described herein, including the risk of cybersecurity attacks, which may impact information technology systems unrelated to the conflict, or jeopardize critical infrastructure in jurisdictions where the Company operates.

While the Company has implemented policies, internal controls, and other measures reasonably designed to promote compliance with applicable laws and regulations related to doing business internationally, any violations of these laws and regulations, or even allegations of such a violation, could disrupt the Company's operations and harm the Company's business, financial condition and results of operations. In addition, changes in United States or Canadian foreign policy can present additional risks or uncertainties as the Company continues to expand its international operations. Opening and operating theaters in markets that have experienced geopolitical or sociopolitical unrest or controversy, including through partnerships with local entities, exposes the Company to the risks listed above, as well as additional risks of operating in a volatile region. Such risks may negatively impact the Company's business operations in such regions and may also harm the Company's brand. Moreover, a deterioration of the diplomatic relations between the United States or Canada and a particular country may impede the Company's ability to conduct business in that country and have a negative impact on the Company's financial condition and future growth prospects.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

On June 12, 2017, the Company announced that its Board of Directors approved a \$200.0 million share repurchase program for its common shares that would have expired on June 30, 2020, which was subsequently extended through June 30, 2027 and increased to a total share repurchase authority to \$500.0 million under the current share repurchase program. As of June 30, 2026, the Company had \$237.0 million available under the program. The repurchases may be made either in the open market or through private transactions, including repurchases made pursuant to a plan intended to comply with Rule 10b5-1 under the Exchange Act, subject to market conditions, applicable legal requirements, and other relevant factors. The Company has no obligation to repurchase shares and the share repurchase program may be suspended or discontinued by the Company at any time.

During the three months ended June 30, 2026, the Company repurchased 404,866 common shares at an average price of \$33.91 per share, for a total of \$13.7 million, excluding commission. All share repurchases were made under the Company's publicly announced program, and there are no other programs under which the Company repurchases shares.

The Company's common share repurchase program activity for the three months ended June 30, 2026 was as follows:

	Total number of shares purchased	Average price paid per share	Total number of shares purchased as part of publicly announced program ⁽¹⁾	Maximum approximate dollar value of shares that may yet be purchased under the program
April 1 through April 30, 2026	—	\$ —	—	\$ 250,720,352
May 1 through May 31, 2026	404,866	33.91	404,866	236,991,163
June 1 through June 30, 2026	—	—	—	236,991,163
Total	404,866	\$ 33.91	404,866	

(1) On June 12, 2017, the Company announced that its Board of Directors approved a \$200.0 million share repurchase program for its common shares that would have expired on June 30, 2020, which was subsequently extended through June 30, 2026 and increased to a total share repurchase authority to \$500.0 million under the current share repurchase program. As of June 30, 2026, the Company had \$237.0 million available under the program. The repurchases may be made either in the open market or through private transactions, including repurchases made pursuant to a plan intended to comply with Rule 10b5-1 under the Exchange Act, subject to market conditions, applicable legal requirements, and other relevant factors. The Company has no obligation to repurchase shares and the share repurchase program may be suspended or discontinued by the Company at any time. No plan or program expired or was terminated during the period covered by this table, and the Company has not determined to terminate the program prior to its expiration.

In 2025, IMAX China's shareholders granted its Board of Directors a general mandate authorizing IMAX China's Board of Directors, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of issued shares as of June 12, 2025 (33,919,122 shares). This program expired on the date of the 2026 Annual General Meeting of IMAX China on June 11, 2026. During IMAX China's 2026 Annual General Meeting, shareholders granted its Board of Directors, subject to applicable laws, to repurchase shares of IMAX China not to exceed 10% of the total number of shares as of June 11, 2026 (33,988,722 shares). This program will be valid until the 2027 Annual General Meeting of IMAX China. The repurchases may be made in the open market or through other means permitted by applicable laws. IMAX China has no obligation to repurchase its shares and the share repurchase program may be suspended or discontinued by IMAX China at any time. During the three months ended June 30, 2026, IMAX China did not repurchase any shares.

(Refer to Note 13 to the Company's audited Consolidated Financial Statements in its 2025 Form 10-K Part I, Item 1 for a summary of the material terms and conditions of the Company's revolving credit facility, which includes a limitation of the amount of permitted share repurchases.)

Item 5. Other Information

(a) None.

(b) None.

(c) Rule 10b5-1 and Non-Rule 10b5-1 Trading Arrangements.

On May 19, 2026, Richard Gelfond, the CEO, entered into a Rule 10b5-1 trading arrangement (as defined in Item 408 of Regulation S-K under the Exchange Act ("Item 408")) and such arrangement, the "Gelfond Plan") for the exercise of 356,757 of stock options granted in June 2016 (the "Options") and sale of up to 356,757 common shares underlying the Options. The Options have a 10-year

expiry and are due to expire on January 3, 2027. Sales under this Gelfond Plan, which was previously disclosed in a Company subsidiary filing, may commence on August 18, 2026, after the completion of the required cooling off period under Rule 10b5-1. The Gelfond Plan will terminate on December 31, 2026, or earlier if all shares underlying the Options have been sold. This trading arrangement is intended to satisfy the affirmative defense of Rule 10b5-1(c).

On June 26, 2026, Natasha Fernandes, the Company's Chief Financial Officer, entered into a Rule 10b5-1 trading arrangement (as defined in Item 408) and such arrangement, the "Fernandes Plan") for the sale of up to 30,000 common shares of the Company. Sales under the Fernandes Plan may commence on September 24, 2026, after the completion of the required cooling off period under Rule 10b5-1. The Fernandes Plan will terminate on March 1, 2027, or earlier if all shares under the Fernandes Plan have been sold. This trading arrangement is intended to satisfy the affirmative defense of Rule 10b5-1(c).

No other Rule 10b5-1 or non-Rule 10b5-1 trading arrangements (as defined in Item 408) were adopted or terminated by any directors or officers of the Company during the second quarter of 2026.

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
