Dear Fellow Shareholders:

April 16, 2021

I hope this letter finds you healthy, safe, and — like all of us here at IMAX — full of optimism as the end of the pandemic starts to come into view.

As I wrote to you last year, IMAX felt the impact of COVID-19 earlier than many companies by nature of our formidable position in China. Now, as theaters around the world reopen, we are beginning to emerge from the pandemic ahead of many in the entertainment industry thanks to our diversified global network.

IMAX is at the forefront of the resurgence of moviegoing in nearly every single country that has reopened, starting last summer with key Asian markets like China, Japan, and South Korea. The highest grossing film of 2020 — *The Eight Hundred* — was the first commercial film in Asia shot entirely using IMAX® cameras. Remarkably, we achieved our number-one and number-two highest grossing films of all time in Japan — *Demon Slayer* and *Shin Evangelion* — during the pandemic. In China, we delivered record-breaking opening weekends for the National Day Golden Week Holiday and the Chinese New Year and captured an outsized 25% of the box office for the re-release of *Avatar* on just 1% of screens.

As a result of our achievements in Asia, our message to the world has been strong and consistent: where people feel safe and the virus is under control, audiences will eagerly return to the cinema. And global audiences are proving us right with the recent debut of *Godzilla vs. Kong* — our best domestic opening since January 2020, and a film for which we earned 10% of global box office on only 1% of screens through its first two weekends.

As we've led the recovery of our industry, we've also drove the evolution of our business — growing our IMAX Enhanced home entertainment initiative, exploring new content and experiences on our screens, developing a direct-to-consumer platform to get closer to our fans, and establishing an innovative joint-venture with an artificial intelligence firm to bring cutting-edge machine learning to image enhancement.

While we are comfortable that there will be a rebound in global moviegoing as further markets reopen, the timing of that rebound is difficult to predict. Hollywood studios continue to shift release dates, particularly in light of the slow vaccine rollout in key European markets. Additionally, many local governments around the world have implemented capacity limitations at the cinema. Fortunately, we continue to maintain a strong financial position — which we recently bolstered by raising \$200 million in the capital markets — and we will be ready to capitalize when the resurgence comes.

We know that consumers will continue to turn to strong, trusted brands like IMAX — and that audiences returning to movie theaters for the first time will want the world's most immersive experience. Ahead lies what looks to be an unprecedented slate of IMAX-friendly films, including many that were Filmed in IMAX such as *Top Gun: Maverick*, *No Time to Die*, *Dune*, and *The Suicide Squad*. We believe we will capitalize on this opportunity, and that our brand and business will emerge from these challenging times stronger than ever.

I invite you to attend our 2021 Annual and Special Meeting, scheduled to be held on June 9, 2021 via live audio webcast. Shareholders will be asked to vote on a number of proposals, details of which are set forth in the accompanying Notice of Annual and Special Meeting and Proxy Circular and Proxy Statement.

Your vote is important, and we encourage you to ensure your shares are represented. You may vote by completing and returning the accompanying Form of Proxy. You may also vote over the Internet or by telephone. Please refer to the Proxy Circular and Proxy Statement for instructions and additional details.

I look forward to meeting with you. Please continue to stay safe and well.

/s/ Richard L. Gelfond

GENERAL INFORMATION

This Proxy Circular and Proxy Statement (the “Circular”) is furnished in connection with the solicitation by the management of IMAX Corporation (the “Company”, “we” or “us”) of proxies to be used at our Annual and Special Meeting, which will be conducted as a virtual meeting to be held via live audio webcast online at: <https://web.lumiagm.com/223853148> on Wednesday, June 9, 2021 at 10:00 a.m. (Eastern Time) (the “Meeting”), or at any continuation, postponement or adjournment thereof.

The Notice of Annual and Special Meeting of Shareholders, the Circular and the form of proxy (the “Form of Proxy”) are intended to be released on or about April 27, 2021 to holders of our common shares, no par value (the “Common Shares”).

To mitigate risks related to the ongoing global COVID-19 (coronavirus) pandemic, the Meeting will be conducted in a virtual-only format via live audio webcast. The live audio webcast will permit all participants to communicate adequately with each other during the Meeting. Shareholders will not be able to attend the Meeting in person. A summary of the information shareholders will need to attend the Meeting online is provided in the Circular.

The Company is monitoring developments regarding COVID-19. In the event the Company decides to make any changes to the date, time, location or format of the Meeting, the Company will promptly notify shareholders of the change by issuing a news release.

Registered shareholders and duly appointed proxyholders who participate at the Meeting online will be able to listen to the Meeting, ask questions and vote, all in real time, provided they are connected to the Internet and comply with all the requirements set out below under “Voting at the Meeting”. Beneficial holders who have not duly appointed themselves as proxyholders may still attend the Meeting as guests provided they are connected to the Internet. Guests will be able to listen to the Meeting, but will not be able to vote or submit questions at the Meeting.

In light of the COVID-19 pandemic, the Board of Directors amended By-Law No. 1 on March 4, 2021 to allow the Meeting of Shareholders to be conducted virtually. Shareholders of record will be asked to confirm amendments to By-Law No. 1 at the Meeting. Please refer to Item No. 4 on page 15 for additional information regarding the amendments to By-Law No. 1.

Regardless of the number of Common Shares you hold, your role as a shareholder is very important, and the Board of Directors strongly encourages you to exercise your right to vote.

INFORMATION ON VOTING

Who Can Vote?

The Board of Directors has fixed April 12, 2021, as the record date for the Meeting. As of April 12, 2021, we had 59,358,679 Common Shares issued and outstanding. You are entitled to vote at the Meeting if you were a holder of record of Common Shares as of the close of business on April 12, 2021. You are entitled to one vote on each proposal for each Common Share you held on the record date. The holders of record Common Shares are entitled to receive notice of and to attend all annual and special meetings of the shareholders of the Company.

None of our shareholders has any dissenters’ or appraisal rights with respect to the matters to be voted on at the Meeting.

Difference between a Shareholder of Record and a Beneficial Holder

If your Common Shares are registered directly in your name, you are considered the shareholder of record with respect to those Common Shares.

If your Common Shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those Common Shares. However, you are still considered the beneficial owner of those Common Shares, and your Common Shares are said to be held in “street name”. Beneficial holders generally cannot submit a proxy or vote their Common Shares directly and must instead instruct the broker, bank, trust or other nominee on how to vote their Common Shares using the methods described below in “Voting by Beneficial Holders” on page 4.

VOTING IN ADVANCE OF THE MEETING

SHAREHOLDERS OF RECORD

The following instructions for voting before the Meeting are for shareholders of record only. If you are a beneficial holder (meaning that your Common Shares are held in “street name”), please follow your broker’s instructions on how to vote your Common Shares. See the description in “Voting by Beneficial Holders” on page 4.

Voting in Person

See below under “Voting at the Meeting”.

Voting by Proxy

If you are a shareholder of record but do not plan to attend the Meeting, you may vote by proxy. There are three ways to vote by proxy.

Mail – You may vote by completing, dating and signing the enclosed Form of Proxy and promptly returning it, in the pre-addressed envelope provided to you, to Computershare Investor Services Inc. (“Computershare”), for receipt no later than 10:00 a.m. (Eastern Time) on Monday, June 7, 2021, or on the second to last business day prior to any postponed or adjourned meeting.

Telephone – You may vote by telephone from within the United States or Canada by calling the toll-free number shown on the Form of Proxy no later than 10:00 a.m. (Eastern Time) Monday, June 7, 2021, or on the second to last business day prior to any postponed or adjourned meeting. **Please refer to the holder account number and control number provided on the Form of Proxy.**

Internet – You may vote over the Internet by following the login and voting procedures described on the Form of Proxy. **Please refer to the holder account number and control number provided on the Form of Proxy.** Detailed voting instructions will then be provided via the Internet to those who have completed the login procedure. You may vote (and revoke a previous vote) over the Internet at any time until 10:00 a.m. (Eastern Time) on Monday, June 7, 2021, or on the second to last business day prior to any postponed or adjourned meeting.

The Internet voting procedure is designed to authenticate shareholders’ identities, to allow shareholders to vote their Common Shares and to confirm that shareholders’ votes have been recorded properly. Shareholders who submit a proxy through the Internet should be aware that they may incur costs to access the Internet, such as usage charges from Internet service providers, and that these costs must be borne by the shareholder. Also, please be aware that we are not involved in the operation of the Internet voting procedure and cannot take responsibility for any access or Internet service interruptions that may occur or any inaccuracies or erroneous or incomplete information that may appear.

If you are using a 15-digit control number to login to the Meeting and you accept the terms and conditions, you will be provided the opportunity to vote by online ballot on the matters put forth at the Meeting. Your previously submitted proxies will be revoked if you vote on the online ballot at the Meeting. If you DO NOT wish to revoke all previously submitted proxies, do not vote on the online ballot at the Meeting.

What is a Proxy?

A proxy is a document that authorizes another person to attend the Meeting and cast votes on behalf of a shareholder of record at the Meeting. If you are a shareholder of record, you can use the accompanying Form of Proxy. You may also use any other legal form of proxy.

How do you Appoint a Proxyholder?

Your proxyholder is the person you appoint to cast your votes for you at the Meeting. The persons named in the enclosed Form of Proxy are directors and officers of the Company. You have the right to appoint one of the persons designated as proxyholders in the accompanying Form of Proxy. In the alternative, you have the right to appoint any other person, who need not be a shareholder of the Company, to attend and act on your behalf at the Meeting, and such right may be exercised by inserting such person’s name in the blank space provided in the enclosed Form of Proxy or by completing another proper form of proxy. The additional registration step outlined below under “Voting at the Meeting” must also be followed.

Your proxy authorizes the proxyholder to vote and otherwise act for you at the Meeting, including any continuation of the Meeting if it is adjourned.

How will a Proxyholder Vote?

If you mark on the proxy how you want to vote on a particular issue (by checking FOR, AGAINST, WITHHOLD, or ABSTAIN), your proxyholder must cast your votes as instructed. If you vote "WITHHOLD" on the proxy it is the equivalent to voting "ABSTAIN", and you will be abstaining from voting, though you will be treated as present for the purposes of determining a quorum.

The person appointed as proxyholder has discretionary authority and may vote the Common Shares represented thereby as such person considers best with respect to amendments or variations to matters identified in the Notice of Annual and Special Meeting, and with respect to any other matter which may properly come before the Meeting. As of the date of this Circular, we are not aware of any such amendment, variation or other matter proposed or likely to come before the Meeting. If any amendments are proposed to these matters, or if any other matters properly arise at the Meeting, your proxyholder can generally vote your Common Shares as he or she sees fit.

If you do NOT mark on the proxy how you intend to vote on a particular matter, your proxyholder is entitled to vote your Common Shares as he or she sees fit. If your proxy does not specify how you intend to vote on any particular matter, and if you have authorized a director or officer of the Company to act as your proxyholder, your Common Shares will be voted at the Meeting as follows:

- **FOR** the election of the eight nominees for the Board of Directors named in this Circular as directors;
- **FOR** the appointment of PricewaterhouseCoopers LLP as our independent auditors and authorizing the directors to fix the auditors' remuneration;
- **FOR** the approval, on an advisory basis, of the compensation of our Named Executive Officers; and
- **FOR** the confirmation of amendments to By-Law No. 1 of the Company.

For more information about these matters, please see "Item No. 1 - Election of Directors" on page 8, "Item No. 2 - Appointment of Auditors" on page 13, "Item No. 3 - Advisory Vote on Named Executive Officer Compensation" on page 13 and "Item No. 4 - Confirmation of Amendments to By-Law No. 1" on page 15.

How do you Revoke your Proxy?

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before the Meeting by depositing an instrument in writing (including another proxy) executed by the shareholder or the shareholder's attorney authorized in writing: (i) at IMAX Corporation at 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary, at any time up to and including 10:00 a.m. (Eastern Time) on the last business day prior to the date of the Meeting or any adjournment or postponement thereof; or (ii) in any other manner permitted by law. If you revoke your proxy and do not replace it with another form of proxy that has been properly deposited, you may still vote Common Shares registered in your name at the Meeting. **If you are using a 15-digit control number to login to the Meeting and you accept the terms and conditions, you will be provided the opportunity to vote by online ballot on the matters put forth at the Meeting. Your previously submitted proxies will be revoked if you vote on the online ballot at the Meeting. If you DO NOT wish to revoke all previously submitted proxies, do not vote on the online ballot at the Meeting.**

Confidentiality of Voting

Computershare counts and tabulates proxies in a manner that preserves the confidentiality of your votes. Proxies will not be submitted to management unless:

- there is a proxy contest;
- the proxy contains comments clearly intended for management; or
- it is necessary to determine a proxy's validity or to enable management and/or the Board of Directors to meet their legal obligations to shareholders or to discharge their legal duties to the Company.

Solicitation of Proxies

While we intend to solicit most proxies by mail, some proxies may be solicited by telephone or other personal contact by our directors, officers or employees. Directors, officers and employees will not receive any additional compensation for such activity. We will, upon request, pay brokers and certain other persons who hold our Common Shares for others their reasonable expenses for sending proxy materials to the beneficial owners of our Common Shares. The cost of solicitation will be borne by us. While we have chosen not to engage the services of a proxy solicitor to aid in the solicitation of proxies and verify records relating to the solicitation at this time, should we decide to do so, we will bear all costs of such solicitation.

Voting by Beneficial Holders

For beneficial holders of our Common Shares, copies of this solicitation have been distributed to your broker, bank or other intermediary who are required to deliver them to, and seek voting instructions from, beneficial holders (meaning shareholders who hold Common Shares in “street name”). Intermediaries often use a service company such as Broadridge Investor Communications (“Broadridge”) to forward meeting materials to beneficial holders. If you are a beneficial holder, you can vote your Common Shares at the Meeting through your intermediary by following the instructions your intermediary provides to you. As a beneficial holder, while you are invited to attend the Meeting, you will not be entitled to vote at the Meeting unless you make the necessary arrangements with your intermediary to do so, in addition, if applicable, to following the procedures set out below under “Voting at the Meeting”.

For the purposes of Canadian securities laws, beneficial holders fall into two categories – those who object to their identity being made known to the issuers of securities which they own (“OBOs”) and those who do not object to their identity being made known to the issuers of the securities they own (“NOBOs”). Subject to the provisions of Canadian National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, issuers may request and obtain a list of their NOBOs from intermediaries and may use the NOBO list in connection with any matters relating to the affairs of the issuer, including the distribution of proxy-related materials directly to NOBOs. We are not sending Meeting materials directly to NOBOs; instead, we use and pay intermediaries and agents to send the Meeting materials.

Voting Online at the Meeting

See below under “Voting at the Meeting”.

Voting through an Intermediary

As a beneficial holder, you will be given a Voting Instruction Form by your intermediary which must be submitted in accordance with the instructions provided by the intermediary. You must follow the intermediary’s instructions (which allow the completion of the Voting Instruction Form by mail, telephone or Internet). Occasionally, as a beneficial holder you may be given a form of proxy that has been signed by the intermediary and which is restricted to the number of Common Shares owned by you as the beneficial holder but that is otherwise not completed. This form of proxy does not need to be signed by you. In this case, you can complete the form of proxy and vote by following the instructions provided by the intermediary.

Mail – You may vote by completing, dating and signing the Voting Instruction Form and promptly returning it in the pre-addressed envelope provided to you for receipt by no later than 10:00 a.m. (Eastern Time) on Friday, June 4, 2021, or on the third to last business day prior to any postponed or adjourned meeting.

U.S. Householding

Some brokers, banks or other intermediaries may be participating in the practice of “householding” proxy circulars and annual reports. This means that only one copy of the Circular and the annual report may have been sent to multiple shareholders in the same household. Each shareholder will continue to receive a separate Voting Instruction Form. We will promptly deliver a separate copy of either document to you if you request one by writing or calling as follows: IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Investor Relations, 905-403-6500. If you would like to receive separate copies of the proxy circular and proxy statement and the annual report in the future, or if you are receiving multiple copies and want to receive only one copy for your household, you should contact your intermediary.

Information for U.S. Beneficial Holders

If you are a United States (“U.S.”) beneficial holder with an intermediary, you must instruct your U.S. intermediary how to vote your Common Shares. If you do not provide voting instructions, your Common Shares will not be voted on any proposal on which the U.S. intermediary does not have discretionary authority to vote. This is called a “broker non-vote”. In these cases, the broker can register your Common Shares as being present at the Meeting for purposes of determining the presence of a quorum but will not be able to vote on those matters for which specific authorization is required.

If you do not mark on the Voting Instructional Form how you intend to vote on a particular matter, your broker is entitled to vote your Common Shares as he or she sees fit with respect to “routine” matters such as the ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditors. However, your intermediary does not have discretionary authority to vote on the election of the eight nominees for the Board of Directors named in this Circular as directors, on the advisory vote on Named Executive Officer compensation, on the confirmation of certain amendments to By-Law No. 1 or with respect to other matters which may properly be brought before the Meeting, if your proxy does not specify how you intend to vote on those particular matters.

Accordingly, if you are a U.S. beneficial holder it is particularly important that you instruct your U.S. intermediary how you wish to vote your Common Shares on each matter.

VOTING AT THE MEETING

General

Shareholders of record may vote at the Meeting by completing a ballot online during the Meeting, as further described below under “How Do I Attend and Participate at the Meeting?”.

Beneficial holders who have not duly appointed themselves as proxyholder and do not have a 15-digit control number or username will not be able to vote or submit questions at the Meeting but will be able to listen to the Meeting. This is because the Company and Computershare do not have a record of the beneficial holders, and, as a result, will have no knowledge of your shareholdings or entitlement to vote unless you appoint yourself as proxyholder.

If you are a beneficial holder and wish to vote at the Meeting, you must appoint yourself as proxyholder by inserting your own name in the space provided on the Voting Instruction Form sent to you and you must follow all of the applicable instructions, including the deadline, provided by your Intermediary. See “Appointment of a Third Party as Proxy” and “How Do I Attend and Participate at the Meeting?” below.

If you are a U.S. beneficial holder, to attend and vote at the Meeting, you must first obtain a valid legal proxy from your broker, bank or other agent and then register in advance to attend the Meeting. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a legal proxy form. After first obtaining a valid legal proxy from your broker, bank or other agent, to then register to attend the Meeting, you must submit a copy of your legal proxy to Computershare. Requests for registration should be directed by mail to the attention of the Proxy Department of Computershare Investor Services Inc. at 100 University Avenue, 8th Floor, North Tower, Toronto, Ontario, M5J 2Y1 or by email at uslegalproxy@computershare.com. Requests for registration must be labeled as “Legal Proxy” and be received no later than June 7, 2021 by 10:00 a.m. (Eastern Time). You will receive a confirmation of your registration by email after Computershare receives your registration materials. Please note that you are required to register your appointment at <https://www.computershare.com/IMAX>.

Appointment of a Third Party as Proxy

The following applies to shareholders who wish to appoint someone as their proxyholder other than the management nominees named in the Form of Proxy or Voting Instruction Form. This includes beneficial holders who wish to appoint themselves as proxyholder to attend, participate or vote at the Meeting.

Shareholders who wish to appoint someone other than the management nominees as their proxyholder to attend and participate at the Meeting as their proxy and vote their Common Shares MUST submit their Form of Proxy or Voting Instruction Form, as applicable, appointing that person as proxyholder AND register that proxyholder online, as described below. Registering your proxyholder is an additional step to be completed AFTER you have submitted your Form of Proxy or Voting Instruction Form. Failure to register a duly appointed proxyholder will result in the proxyholder not receiving a username to vote in the Meeting and only being able to attend as a guest.

Step 1: *Submit your Form of Proxy or Voting Instruction Form*

To appoint someone other than the management nominees as proxyholder, insert that person’s name in the blank space provided in the Form of Proxy or Voting Instruction Form (if permitted) and follow the instructions for submitting such Form of Proxy or Voting Instruction Form. This must be completed before registering such proxyholder, which is an additional step to be completed once you have submitted your Form of Proxy or Voting Instruction Form.

If you are a beneficial holder and wish to vote at the Meeting, you have to insert your own name in the space provided on the Voting Instruction Form sent to you by your Intermediary, follow all of the applicable instructions provided by your Intermediary AND register yourself as your proxyholder, as described below. By doing so, you are instructing your Intermediary to appoint you as proxyholder. It is important that you comply with the signature and return instructions provided by your Intermediary. Please also see further instructions below under the heading “How Do I Attend and Participate at the Meeting?”.

Step 2: *Register your proxyholder*

To register a third party proxyholder, shareholders must visit <http://www.computershare.com/IMAX> by 10:00 a.m. (Eastern Time) on June 7, 2020 and provide Computershare with the required proxyholder contact information so that Computershare may provide the proxyholder with a control number for a username via email to participate in the Meeting. **Without a control number for a username, proxyholders will not be able to vote at the Meeting but will be able to participate as a guest.**

How Do I Attend and Participate at the Meeting?

The Company is holding the Meeting in a virtual-only format, which will be conducted via live audio webcast. Shareholders will not be able to attend the Meeting in person.

Attending the Meeting online enables shareholders of record and duly appointed proxyholders, including beneficial holders who have duly appointed themselves as proxyholder, to vote at the Meeting and ask questions at the appropriate times during the Meeting, all in real time. In order to participate online, shareholders must have a valid 15-digit control number and proxyholders must have received an email from Computershare containing a username.

Log in online at: <https://web.lumiagm.com/223853148> on your smartphone, tablet or computer. You will need the latest version of Chrome, Safari, Internet Explorer 11, Edge or Firefox. We recommend that you log in at least 15 minutes before the Meeting starts.

If you are a shareholder of record click “I have a login” and then enter your 15-digit control number as the username, which is the control number located on your Form of Proxy or in the email notification you received from Computershare and “Imax2021” (case sensitive) as the password.

OR

If you are a duly appointed proxyholder click “I have a login” and then enter your four-digit username that was provided to you by Computershare after the voting deadline passed and “Imax2021” (case sensitive) as the password. In order to be a duly appointed proxyholder the proxyholder must be registered as described in “Appointment of a Third Party as Proxy” above.

If you are a beneficial holder and have not appointed yourself as a proxyholder (as described above) click “I am a Guest” and then complete the online form. Guests can listen to the Meeting but are not able to vote or submit questions.

If you attend the Meeting online, it is important that you are connected to the Internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure connectivity for the duration of the Meeting. You should allow ample time to check into the Meeting online and complete the related procedures outlined above.

If you are using a 15-digit control number to login to the Meeting and you accept the terms and conditions, you will provided the opportunity to vote by online ballot on the matters put forth at the Meeting. Your previously submitted proxies will be revoked if you vote on the online ballot at the Meeting. If you DO NOT wish to revoke all previously submitted proxies, do not vote on the online ballot at the Meeting. Responses to questions received during the Meeting will be provided in a format that is accessible by all Meeting attendees.

The Audit Committee requires PwC and management to report actual fees vs. the budget to the extent that actual fees exceed budgeted and approved fees. The Audit Committee reviews all actual fees at year-end. During the year, circumstances may arise when it may become necessary to engage PwC for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engagement of PwC. The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Item No. 3 – ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION (“Say-on-Pay”)

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation program for our Named Executive Officers (“NEOs”) as disclosed in this Circular.

The Board of Directors, including members of the Compensation Committee, considered the results of the 2019 shareholder Say-on-Pay vote at the 2019 Annual Meeting of Shareholders. In connection with the Compensation Committee’s ongoing evaluation of our compensation practices and the comments from proxy advisory services that our shareholders use, at the end of 2018 and in early 2019, the Compensation Committee and management developed an aggressive, targeted shareholder engagement plan focused on soliciting detailed feedback on the Company’s executive compensation program. This engagement allowed shareholders to speak to

members of our Board of Directors, including the Chair, our Lead Independent Director and a member of our Compensation Committee. The objective was to hear feedback directly from our shareholders on our existing compensation program and on the views expressed in proxy advisor guidance used by many of our shareholders.

As a result of those meetings, in 2020, the Compensation Committee has implemented numerous material changes to the Company's executive compensation program that reflect the feedback it received from shareholders in these discussions, such as:

- the adoption of performance stock units ("PSUs") for the CEO and other NEOs, granted to the CEO in January 2020 and other NEOs in March 2020;
- amending the CEO's employment agreement to include:
 - quantifiable metrics to determine the short-term cash bonus for the CEO, rather than a more discretionary approach;
 - equal annual long-term incentive awards rather than a front-loaded grant in combination with annual awards;
 - increased share ownership requirements;
 - updated equity termination and severance provisions;
 - updated change-in-control provisions; and
 - a fixed, rather than variable, value of the Company's Supplemental Executive Retirement Plan ("SERP") obligation; and
- revising the scope of the clawback provision in our CEO's employment agreement and adopting a corporate clawback policy;

among other changes, as further described below in "Compensation Discussion and Analysis."

While the results of our 2020 shareholder Say-on-Pay vote at the 2020 Annual Meeting of Shareholders saw an improvement from the prior year, we will continue to evaluate our executive compensation program for further improvement as described below in "Compensation Discussion and Analysis."

As discussed in this Circular, the objectives of our executive compensation program are to:

- provide competitive total compensation packages that include short-term cash-based and long-term equity-based incentive components that appropriately encourage and reward performance and retention and that create enduring long-term shareholder value;
- reward the NEOs for their relative individual contributions to our success;
- link executive compensation to our long-term strategic objectives; and
- align the NEOs' interests with shareholders' interests through an equity award framework that creates a sense of ownership, mutual goals and shared risk among executives.

Consistent with these goals and as discussed in "Compensation Discussion and Analysis" beginning on page 23 we have structured our overall executive compensation program, which includes annual short-term cash bonuses and long-term equity compensation plans, to motivate executives, particularly through the use of detailed metrics, to achieve results consistent with certain business and individual performance factors, to reward the executives for achieving or exceeding such results and to encourage retention of executives beyond the current year.

We encourage you to carefully review the "Compensation Discussion and Analysis" section, the tabular compensation disclosures and the related narrative disclosures beginning on page 23 for additional information about our compensation programs. This includes (i) details of actions we took in response to the COVID-19 pandemic, including a reduction in the total compensation of our CEO and NEOs from their 2019 compensation with measures such as the requirement that our CEO and NEOs use their accrued paid time off ("PTO") (while continuing to work a full workweek schedule), the non-payment of any 2020 annual cash bonus, and the non-adjustment of any of our CEO or NEOs' outstanding equity awards; and (ii) the implementation of the numerous changes to the Company's executive compensation program noted above, including the introduction of PSU's into the Company's equity mix.

Based on the recommendation of shareholders at our 2017 Annual Meeting of Shareholders, and the Board of Directors' consideration of that recommendation, we have determined that we will hold a Say-on-Pay vote every year, until the next required shareholder vote to recommend the frequency of such votes. Accordingly, we are asking our shareholders to indicate their support for the compensation program for our NEOs as described in this Circular, particularly in light of the numerous material changes made to such program in the past year. The Say-on-Pay vote gives our shareholders the opportunity to express their views on our NEOs' compensation program. This Say-on-Pay vote is not intended to address any specific item of compensation, but rather the overall compensation program for the NEOs and the philosophy, policies and practices described in this Circular.

Shareholders will be asked to indicate their support for the compensation program for our NEOs, as discussed in this Circular by ordinary resolution, which requires that a majority of the votes cast at the Meeting be in favor of the resolution. **In the absence of any instruction on the accompanying Form of Proxy, it is the intention of the persons named by management in the Form of Proxy to vote the Common Shares represented by the Form of Proxy in favor of the resolution.**

The Board of Directors asks its shareholders to vote FOR the following resolution at the Meeting:

RESOLVED that the shareholders approve the compensation of the Company's Named Executive Officers, as discussed and disclosed in the "Compensation Discussion and Analysis" section, the compensation tables and the related narrative disclosure set forth in the Circular of the Company dated April 27, 2021.

Although the vote is advisory and non-binding in nature, the Board of Directors and the Compensation Committee will review the voting results and will consider shareholder views in connection with our executive compensation program. If there are a significant number of negative votes, the Board of Directors and the Compensation Committee will continue to seek to understand and consider the concerns that influenced the vote in making future decisions about executive compensation programs.

Item No. 4 – CONFIRMATION OF AMENDMENTS TO BY-LAW NO. 1

At the Meeting, the shareholders will be asked to confirm amendments to By-Law No. 1 of the Company by way of repeal and replacement. Under the *Canada Business Corporation Act*, the directors may, by resolution, make, amend or repeal any by-laws that regulate the business or affairs of the corporation. On March 4, 2021, the Board of Directors repealed By-Law No. 1 of the Company and adopted the Amended and Restated By-Law No. 1, which, among other things, allows Meetings of Shareholders to be conducted virtually.

Summary of Amendments

In 2020, in order to conduct our Annual Meeting of Shareholders virtually in light of the pandemic, we obtained a court order in Ontario giving us special permission to do so. The Board of Directors has determined that it would be appropriate and in the best interests of the Company and its shareholders to provide the opportunity to conduct Meetings of Shareholders virtually going forward. The following is a summary of the amendments and is qualified and subject to the full text of Amended and Restated By-Law No. 1 set forth in Appendix "A" attached to this Circular.

Amended and Restated By-Law No. 1 adopts the following amendments to By-Law No. 1:

- Meetings of shareholders may be conducted virtually and shareholders may be present virtually at such meetings for purposes of establishing a quorum.
- A change in the notice requirement for shareholder nominations principally such that a shareholder must submit his or her nominations at least 30 days prior to the annual meeting of shareholders and must include the country of residence of a director, including their Canadian residency status, in the notice of nomination. Under By-Law No.1, a shareholder was required to give this notice at least 30 days before but no more than 65 days prior to the annual meeting of shareholders and residency status was not required.
- Attendance at a meeting by a person constitutes a waiver of notice of the meeting, except where the attendance is for the express purpose of objection to the transaction of any business on the grounds that the meeting is not lawfully called.
- Certain other clarifying updates.

A complete copy of the Amended and Restated By-Law No. 1, is included in Appendix "A" attached to this Circular and is available, without charge, at www.imax.com and www.sedar.com and will be mailed, without charge, to any holder of Common Shares upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada, L5K 1B1, Attention: Corporate Secretary.

At the Meeting, the Company's shareholders will be asked to confirm the amendments to By-Law No. 1 by way of repeal and replacement. This will require the approval of shareholders by ordinary resolution, which requires that a majority of the votes cast at the Meeting be in favor of the resolution. **In the absence of any instruction on the accompanying Form of Proxy, it is the intention of the persons named by management in the Form of Proxy to vote the Common Shares represented by the Form of Proxy in favor of the ordinary resolution.**

The Board of Directors asks its shareholders to vote FOR the following resolution at the Meeting:

RESOLVED that the repeal and replacement of By-Law No. 1 of the Company with Amended and Restated By-Law No. 1 attached on Appendix "A" to the proxy circular of the Company dated April 27, 2021 is confirmed.

This Compensation Discussion and Analysis (“CD&A”) describes the material elements of the compensation program for our Named Executive Officers (“NEOs”), the associated rationale, and key decisions and activities for the year ended December 31, 2020. For 2020, our NEOs were:

Name	Role
Richard L. Gelfond	Chief Executive Officer
Patrick McClymont	Chief Financial Officer and Executive Vice President
Megan Colligan	President, IMAX Entertainment and Executive Vice President, IMAX Corporation
Robert D. Lister	Chief Legal Officer and Senior Executive Vice President
Mark Welton	President, IMAX Theatres

See “Non-GAAP Financial Measures” on page 69 for a reconciliation of all non-GAAP measurements to the most directly comparable U.S. generally accepted accounting principles (“U.S. GAAP”) measures in this “CD&A and a description of how the non-GAAP numbers are calculated from our audited financial statements. In addition to the non-GAAP financial measures discussed below, management also uses “EBITDA”, as such term is defined in IMAX’s Credit Agreement dated as of June 10, 2020, as amended, and which is referred to herein as “Adjusted EBITDA per Credit Facility” or “Adjusted EBITDA”.

Executive Summary

Despite the COVID-19 pandemic closing theaters across the world, IMAX managed effectively throughout the year, generating positive cashflow by year-end, programming slates of strong local language titles in international markets where open theaters achieved close to pre-pandemic attendance levels despite capacity restraints, continuing to add robust new signings and installations, and cutting operating costs, all of which are reflected in a stock price up 100% year-over-year

In response to shareholder feedback, the amended CEO employment agreement took effect, with changes including the introduction of PSUs (50% of equity mix) subject to stretching Adjusted EBITDA and Total Shareholder Return (“TSR”) goals.

The Impact of COVID-19

We entered 2020 off the back of a record global box office year, with financial strength, high brand engagement, continued investment in system technology and upgrades, and a robust slate of content for the year ahead. However, with the onset of COVID-19, the year presented unprecedented challenges for all businesses and communities, including the entertainment industry and our Company. Our industry moved quickly to join the fight in limiting the spread of the virus, with movie theaters around the world closing and on-set filming largely stopping. The Company also prioritized the safety of our employees, as we pivoted to a remote work environment, and provided access to enhanced benefits including virtual healthcare, a website to provide real-time updates to employees and access to an emotional health support line, all while navigating through uncharted and challenging times.

The pandemic impacted the Company as early as January 2020, with China, where IMAX had 745 theaters in operation, reporting the first known cases of COVID-19. In response to the growing global pandemic, management prioritized cost control, drawing on our revolving credit facility to maintain maximum flexibility while looking for opportunities to minimize costs in a zero-revenue environment. Our consistent and determined efforts to preserve cash by eliminating non-essential costs, together with our geographic diversity (more than 50% of our theater network is located in Asia, where many markets began re-opening as early as last summer) and longstanding relationships with studios, exhibitors, and filmmakers around the world have positioned us well for the reopening of our theaters and the recovery of our industry. The early stages of this recovery can already be seen in our second half 2020 results, which saw a resurgence in the Asian box office, particularly in China and Japan, which contributed to positive EBITDA and cash flow for the Company in Q4. We also saw continued demand for *The IMAX Experience*® among our exhibition partners, with 65 IMAX theater system agreements signed (includes 17 upgrades) and 71 IMAX theater systems installed (includes 16 upgrades) globally in 2020. By year-end 2020, our backlog stood at a robust 527 theater systems.

The U.S. has proven to be a challenging operating environment, with blockbuster Hollywood releases delayed and movie theaters remaining largely closed or capacity restrained throughout most of 2020 and into early 2021 in the interest of public health and safety. Moreover, several of the few Hollywood films that were released, were released directly to streaming TV platforms, in lieu of an exclusive theatrical release. The local pandemic guidelines and restrictions in the U.S., and the resulting impact on IMAX's business, led the Company to make the difficult decision, in lieu of laying off workers, to temporarily furlough approximately 150 of our employees beginning in October 2020, reduce the working hours of other employees and reduce all non-essential capital expenditures to minimum levels. This enabled us to conserve resources and protect jobs over the longer-term in anticipation of a recovery in 2021 resulting from the vaccine rollout and theaters reopening. Our executive leaders played a critical role in keeping our employees engaged during 2020, in a difficult and uncertain operating environment while also facing a challenging new remote-work dynamic. Additionally, they maintained a relentless focus on ensuring the viability and strength of our business by launching key initiatives to advance IMAX's position for the long-term. Those initiatives included key milestones in our ongoing connected theaters program, the development of IMAX's direct-to-consumer marketing and interactive platform, and the Company's investment in next-generation artificial intelligence technology.

The Compensation Committee took these factors into account when making decisions regarding the compensation of our CEO and NEOs for 2020. Notwithstanding the exceptional performance of our executive leaders, the impact of the COVID-19 pandemic and the need to materially cut costs resulted in a meaningful reduction in CEO and NEO compensation. As further discussed below in the section titled "Named Executive Officer Pay in 2020" beginning on page 26, the total compensation of our CEO and NEOs for 2020 was reduced from 2019 with the following measures: the requirement that the NEOs use accrued PTO (while continuing to work a full workweek schedule); the non-payment of any 2020 annual cash bonus to our CEO and NEOs; and the non-adjustment of any of our CEO or NEOs outstanding equity awards.

To address concerns during 2020, given reductions in total compensation (including the non-payment of 2020 annual bonuses), the lapsing of underwater stock options and the maintenance of stretching PSU goals, the Compensation Committee approved one-time "bridging awards" for certain employees of our management team, including our CEO and, with the Compensation Committee working closely with our CEO, our NEOs. These awards are intended to act as a bridge during this uncertain period, retain key members of senior management, and drive the continued commitment and engagement required for the Company to be successful as we approach a period of anticipated recovery in our markets. For our CEO and NEOs, these awards took the form of Restricted Share Unit ("RSU") awards granted in the first quarter of 2021, each valued at 33% - 56% of the NEO's base salary, which will vest in two equal installments over two years. For additional information on the bridging awards, please see "One-Time Bridging Awards" beginning on page 42.

Performance in 2020

Despite the ongoing pandemic environment, IMAX has continued to maintain its operations by relying on its strong, differentiated business model and unique position in the entertainment ecosystem. Our global footprint offers access to open markets and thriving local language film industries, particularly in markets across Asia, where signs of recovery from the pandemic were seen as early as last summer and theater attendance ultimately returned close to pre-pandemic levels despite capacity restraints. Our premium experience and strong brand help ensure that our passionate, engaged fans will be among the first to return to theaters. Finally, our asset-light, flexible business model enables us to manage costs, secure unique opportunities in this dynamic environment, and ultimately generate the improved financial results we posted in the fourth quarter. As described above, the Company's financial performance in 2020 was materially impacted by COVID-19. Although our full year performance was adversely affected in significant ways, we believe our performance in Q4 demonstrates the early and clear signs of recovery, as presented below:

(In thousands of U.S. dollars, except per share amounts)

Key Performance Indicator	Q4 2020 Performance	Fiscal 2020 Performance
Revenue	\$55,990	\$137,003
Global Box Office	\$91,000	\$259,200
Gross Margin	\$20,313	\$21,540
Gross Profit Margin	36.3%	15.7%
U.S. GAAP Net Loss / Net Loss per Share (1)(2)(3)	\$(21,245) / \$(0.36)	\$(143,775) / \$(2.43)
Adjusted Net Loss per Share (1)(3)	\$(0.21)	\$(1.89)
Adjusted EBITDA per Capital Facility (1)	\$10,020	\$(13,097)

(1) Attributable to common shareholders.

(2) Results for the fourth quarter and full year 2020 include \$0.3 million (\$0.01 per share) and \$13.3 million (\$0.23 per share), respectively, in income tax expense resulting from our decision to no longer indefinitely reinvest the historical earnings of certain foreign subsidiaries.

(3) Results for the fourth quarter and full year 2020 include \$4.9 million (\$0.08 per share) and \$28.6 million (\$0.48 per share), respectively, in income tax expense related to a valuation allowance recorded against deferred tax assets in jurisdictions where we could not reliably forecast future tax liabilities due to the uncertainties around the long-term impact of the COVID-19 global pandemic.

Results for the fourth quarter of 2020 reflect in particular the strong performance of the IMAX network in China and Japan, where local language releases generated robust box office at near pre-pandemic levels, tapping into pent-up demand for big screen experiences. Additionally, fourth quarter results benefitted from the Company's continued growth in its global network, demonstrating strong exhibitor and consumer demand for *The IMAX Experience*®. IMAX installed 33 systems and signed 11 agreements in the fourth quarter of 2020 alone, ending the year with 527 systems in backlog.

Moreover, in the fourth quarter of 2020, IMAX achieved positive Adjusted EBITDA per Credit Facility and free cash flow for the first time since the first quarter of 2020, despite material capacity limitations and virtually no new film releases from Hollywood, aside from several movies released concurrently to streaming TV platforms in lieu of an exclusive theatrical release. The Company has posted sequential quarterly improvement in EBITDA, cash flow, revenue, and box office since the global impact of the pandemic first took hold in the second quarter of 2020. As a result, the Company continued to strengthen its balance sheet, ending the year with \$317 million in cash and cash equivalents.

IMAX Theater Network

The IMAX global footprint as of December 31, 2020 remained strong, consisting of 1,650 IMAX theater systems (1,562 commercial multiplexes, 12 commercial destination, and 76 institutional) operating across 84 countries and territories. Due to the impact of COVID-19, the commercial multiplex network growth rate was lower in 2020 compared to the growth rate in prior years. This decline in growth was largely due to limited access and travel, which led to delays in expected installations and openings. Network growth and system backlog are two of the key metrics used by the Board of Directors in evaluating management and Company performance, and are typically included in the Annual Incentive Plan scorecard.

Growth in Commercial Multiplex Network (2010 - 2020)

Named Executive Officer Pay in 2020

In light of the impact of COVID-19 on the Company in 2020, our approach to executive compensation focused on balancing cost control for the Company and rewarding and retaining our executive officers. While we recognize the individual performance achievements of our NEOs, the Compensation Committee determined to forego the payment of our NEOs' 2020 annual cash bonus due to our below target Company performance. Further, the Compensation Committee made no adjustments to any of our NEO's outstanding equity awards. As an additional cost-mitigation strategy, we also required our employees, including our NEOs, to use accrued PTO to minimize PTO accrual.

The base salaries of our NEOs are set out in their employment agreements, where applicable. In 2020, the total compensation of our CEO and NEOs for 2020 was reduced from 2019 using various measures, including the requirement that our CEO and NEOs use accrued PTO (while continuing to work a full workweek schedule) from April 26, 2020 through year-end. The following reflects the base salaries of the NEOs for 2020:

Name	Currency	2019 Salary (\$)	2020 Salary (\$)	Change
Richard L. Gelfond	USD	1,200,000	1,200,000	0.0%
Patrick McClymont (1)	USD	706,250	750,000	6.2%
Megan Colligan (2)	USD	1,000,000	1,030,000	3.0%
Robert D. Lister (3)	USD	715,000	738,450	3.3%
Mark Welton (4)	CAD	715,000	750,750	5.0%

(1) Mr. McClymont's base salary increased from \$675,000 to \$750,000 effective as of August 8, 2019. Mr. McClymont did not receive a salary increase in 2020. As a result of having exhausted his accrued PTO before year end, Mr. McClymont's actual paid base salary in 2020 was \$725,000.

(2) Ms. Colligan's salary was set on appointment and increased effective January 1, 2020, pursuant to her employment agreement.

(3) Mr. Lister's salary increased to \$738,450 effective January 1, 2020, pursuant to his employment agreement, as amended.

(4) Mr. Welton's salary increased from \$715,000 to \$750,750 pursuant to his employment memorandum dated September 11, 2020. Mr. Welton is paid in Canadian dollars.

Each of our NEOs is entitled to an annual cash bonus as set out in their employment agreements, where applicable. Historically, the Compensation Committee would assess each NEO's individual performance and the Company's performance to determine the amount of the annual cash bonus. Given the circumstances presented to us in 2020, however, the Compensation Committee decided to forego any payment of a 2020 annual cash bonus.

Long-term incentive awards were made to the NEOs comprised of PSUs and RSUs, with 2020 marking the introduction of PSUs into the equity mix in response to feedback from shareholders. Awards of PSUs are subject to stretching Adjusted EBITDA (60%) and relative TSR (40%) performance conditions, presented below, that measure our efficiency, operating performance, operating profitability and ability to deliver attractive relative returns to shareholders over a three-year performance period:

Average Annual Adjusted EBITDA Growth Over the Performance Period	Vesting (% of Target)	Relative TSR Percentile Rank vs. Russell 2000 Over the Performance Period	Vesting (% of Target)
<5.0%	0%	< 40th	0%
5.0%	50%	40th	37.5%
10.0%	75%	50th	50%
12.5%	100%	60th	75%
15.0%	125%	70th	100%
17.5%	150%	80th	125%
≥ 20.0%	175%	≥ 90th	175%

For target vesting, IMAX needs to deliver (i) an average annual Adjusted EBITDA growth of 12.5% over the three-year performance period and (ii) TSR that ranks at the 70th percentile relative to the Russell 2000. It is intended that performance goals in subsequent years will be similarly stretching. In 2020, PSUs accounted for 50% of the annual equity mix of the CEO, and 25% of the annual equity mix for the other NEOs. RSUs accounted for the remainder of the annual equity mix. The proportion of the other NEOs' annual equity delivered in PSUs increases to 33% in 2021.

CEO Realizable Compensation and Performance

A central tenet of our compensation philosophy is a pay-for-performance culture that rewards superior performance. The following chart demonstrates this by illustrating the relationship between Mr. Gelfond's compensation in his capacity as our CEO for the last five years with TSR, indexed to \$100 on January 1, 2016. For the purpose of this chart, CEO compensation is the data contained in our Summary Compensation Table for the relevant year, which reflects the aggregate grant date fair values of equity awards in the year of the grant.

IMAX CEO Summary Compensation Table Pay and Total Shareholder Return 2016 - 2020

In addition to showing correlation on an absolute basis, this is also true when we compare IMAX’s CEO realizable compensation and performance to our compensation comparator group in the last three years, as illustrated in the table below.

Realizable pay reflects actual cash compensation earned and the intrinsic value of equity grants from the three most recent fiscal years for which the data was available, which for many of our peers does not yet include fiscal 2020. Total Shareholder Return represents the three-year compound annual growth rate in dividend-adjusted close price, using the close price on the last day of the period for which pay was collected. Financial data was sourced from S&P’s Capital IQ financial database and compensation data was sourced from applicable proxy filings.

Notably, as of April 1, 2021 the Company’s stock is up in excess of 15% since December 31, 2020, the date as of which the above tables were calculated. The stock price increase coincides with the continued reopening of IMAX’s theater network and the continued recovery of the industry, particularly in markets like Asia, where theater attendance is now approaching pre-pandemic levels. In 2020, the industry (and the Company) faced unprecedented challenges stemming from the COVID-19 pandemic, including the closure of, or capacity limitations placed on, virtually all theaters across the globe, the delay in release of virtually all new Hollywood films and the release of several of the few films that were released to streaming TV platforms in lieu of a theatrical release window. By the end of the first quarter of 2021, however, we were seeing the re-opening of theaters in countries around the world, pre-pandemic attendance levels in markets across Asia, and new 2021 release dates assigned to dozens of Hollywood films.

The Compensation Committee is confident that this data demonstrates the alignment of pay and performance in keeping with our compensation philosophy.

Chief Executive Officer’s Employment Agreement

Effective January 1, 2020, Mr. Gelfond’s amended employment agreement (the “Gelfond Agreement”) took effect. The terms of the agreement were informed by extensive shareholder engagement conducted during 2018 and 2019 and reflected the following:

Overview of Our Executive Compensation Program

Our Purpose and Compensation Philosophy

IMAX is a world leader in entertainment technology with a goal of creating entertainment experiences that exceed all expectations. The IMAX® brand represents a promise to deliver what movie audiences crave — a memorable, more emotionally engaging, more thrilling and shareable experience. To achieve these goals, we rely on the knowledge, skills and expertise of our leadership team, including our NEOs. Our overarching compensation philosophy is to pay for performance. We endeavor to attract and retain the necessary talent to deliver on our strategic objectives, to motivate performance achievement by promoting a pay-for-performance culture, to align executives' interests to those of our shareholders by having a significant portion of total compensation tied to company performance and to reward superior performance. The following principles have guided us in developing our compensation programs and in determining the total compensation for our NEOs.

Our business is unique, dynamic and complex given our rapid growth, increasingly global footprint and critical relationships within the worldwide entertainment industry.

Our NEOs should act in a manner that balances short-term growth and investments with sustainable long-term value creation for our shareholders, without creating undue risk.

Aligning Compensation with our Strategic Objectives

In assessing an individual executive's performance and aligning it to his or her compensation, the achievement of individual, department and corporate strategic objectives are taken into consideration. For each assessment, the metrics below are used. As noted above, due to the Company's focus on cost controls during the COVID-19 pandemic, the Compensation Committee determined that our executives will not receive a payment of annual cash bonus for 2020.

Performance Metric	Where It Is Used	Why It Matters to IMAX

Compensation Elements

Core Compensation Elements

The IMAX executive compensation program consists of three core elements. Depending on an individual's role, he or she may be eligible to participate in other plans either in addition to or instead of one or more detailed below.

In all cases, the Compensation Committee reviews and approves all NEO base salaries Takes account of a number of factors including: <ul style="list-style-type: none"> the role and its associated responsibilities the NEO's capability, knowledge, skills and experience within the context of the role requirements market data for similar roles actual and relative performance and contributions the overall total compensation for the role
Annual Cash Bonus	<p>Link short-term incentive compensation to the achievement of specific performance metrics that are consistent with corporate strategic priorities and objectives</p> <p>Recognize and reward individual performance and relative contribution, in addition to rewarding Company performance</p>	<ul style="list-style-type: none"> No guaranteed bonuses Target bonuses specified within an NEO's employment agreement and range from 60% to 100% of salary CEO bonus capped at two-times salary Performance assessment takes account of a combination of Company and individual performance For NEOs other than the CEO, these are generally weighted equally Subject to clawback policy
Long-Term Incentives	<p>Create alignment between NEOs and shareholders</p> <p>Recognize scope of responsibilities</p> <p>Reward demonstrated performance</p> <p>Encourage retention</p>	<ul style="list-style-type: none"> Provided through a combination of PSUs and RSUs In 2020, PSUs represent 50% of the CEO's equity mix and 25% of the equity mix for the other NEOs (increases to 33% in 2021) Award values specified within an NEO's employment agreement or determined during the annual performance review and equity grant process and consider performance, total compensation, scope of responsibility, importance of retention, market data and internal relativities PSUs vest after three years subject to the achievement of Adjusted EBITDA (60%) and relative TSR vs. the Russell 2000 (40%) conditions RSUs vest in equal thirds over three years All NEOs have minimum share ownership requirements Subject to clawback policy

Other Compensation Elements

These three elements are supplemented by additional benefits that include retirement and pension plans, and perquisites.

Element	Purpose	Key Features
Retirement and Pension Plans	Provide for long-term financial security Encourage retention	<ul style="list-style-type: none"> All employees are offered the opportunity to participate in a plan, based on their role and country of residence, including defined contribution employee retirement plans under Section 401(k) of the Internal Revenue Code in the United States and Registered Retirement Savings Plans in Canada Additionally, the CEO participates in the SERP and is the beneficiary of an unfunded retiree health benefit plan
Perquisites and Other Benefits	Enable a NEO to focus fully on their role Provide for well-being and security Contribute to competitive overall pay practice	<ul style="list-style-type: none"> Executive supplemental health plan Executive wellness program Car-related benefits (company car or car allowance) and the ability to be reimbursed for reasonable car-related expenses For certain NEOs, death in service benefits (lump sum payment under company life insurance policies), premiums on supplemental life insurance policies and reimbursement of qualifying expenses related to tax, financial and estate planning services, charitable giving, business club memberships and incidentals

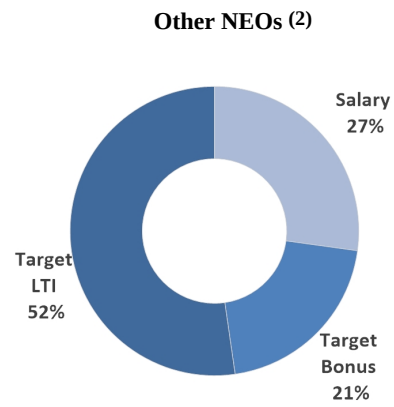

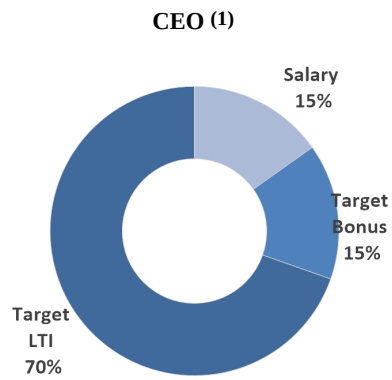

Target Compensation Mix

The three core elements of an executive officer's target compensation are assessed separately and in combination relative to the market, typically upon entry into or the renewal of an employment agreement, or in association with a promotion or change in role scope or during the Company's annual performance review and compensation review process. The Compensation Committee believes that an NEO's compensation levels and mix should reflect the scope and impact of his or her role in contributing to Company performance. As the scope and impact of an individual role increases, the following principles take hold:

<p>A higher percentage of short-term and long-term compensation should be variable and at risk and based on specific metrics of Company performance, as well as individual performance and contribution.</p>	<p>A higher percentage of total compensation should be long-term in nature, to motivate actions conducive to long-term growth and success aligned to shareholder interests and tied to increasing shareholder value in a sustainable manner.</p>	<p>Equity compensation should increase as a percentage of total compensation, to further align an NEO's interests with those of our shareholders, encouraging sustainable growth, long-term profits and an ownership mentality.</p>
---	---	--

We annually determine the appropriate level of incentive compensation based on an NEO's performance, relative contribution and company performance. Other factors we consider in determining the appropriate mix of an NEO's incentive compensation include the ability of the executive to further corporate business objectives, particularly key strategic and operational initiatives, their management and budgetary responsibility, the importance of retention and his or her level of seniority.

While this target compensation mix was designed prior to the unexpected impact of COVID-19, the Compensation Committee determined that the emphasis on long-term variable compensation remains conducive to the Company's long-term growth and success. For 2020, the Compensation Committee did not make adjustments to any NEO's target compensation mix, maintaining a target total direct compensation for the CEO and other NEOs placed with significant emphasis on equity compensation (70% for the CEO and 52% for the other NEOs on average) and on overall variable compensation (Long-Term Incentive Plan (the "LTIP") and target bonus together, which accounted for 85% for the CEO and 73% for the other NEOs on average). Although the mix was not shifted, as described in this CD&A, the Compensation Committee determined to not make any payments under the short-term variable compensation component of our target compensation mix for 2020.

- (1) Reflects target compensation mix for 2020 – comprised base salary and target annual bonus and target equity awards; excludes the one-time bridging awards.
- (2) Reflects target compensation mix for 2020 - comprised base salary, target annual bonus and target equity awards; excludes the one-time bridging awards.

Good Governance Policies and Practices

There are several policies and practices that the Compensation Committee has approved or avoided, to reflect the best interests of our shareholders and take account of the high governance standards to which we hold ourselves accountable. These are summarized below.

What We Do		What We Avoid
✓ Link executive pay to IMAX performance and shareholder interests through our annual and long-term incentive plans		✗ No single-trigger change-in-control provisions for long-term incentive awards
✓ Balance short- and long-term incentives, cash and equity, and fixed and variable pay appropriately		✗ No evergreen share reserves
✓ Deliver the majority of target compensation based on direct and/or indirect (stock price exposure) performance		✗ No hedging or pledging of equity holdings
✓ Deliver long-term equity compensation in a combination of time-based RSUs and performance-based PSUs		✗ No re-pricing of underwater stock options without shareholder approval
✓ Use performance metrics that clearly align with our business strategy and key strategic drivers		✗ No tax gross-ups on perquisites
✓ Compare compensation and performance to a relevant group of comparator companies		✗ No 280G excise tax gross-ups
✓ Conduct an annual “Say-on-Pay” vote		✗ No guaranteed bonuses
✓ Require NEOs, a broader group of our executives, and outside directors to meet designated share ownership requirements		
✓ Maintain a clawback policy and clawback provisions in employment and incentive agreements to provide the ability to recoup unearned incentive compensation		
✓ Provide only limited and reasonable perquisites		
✓ Engage an outside independent compensation consultant		

Executive Compensation Processes

Compensation Committee Oversight

The Compensation Committee is comprised solely of independent directors who, at the end of 2020, were Darren Throop (Chair), Kevin Douglas and Dana Settle. The Chairman of the Board, Bradley J. Wechsler, and our Lead Independent Director, David W. Leebron, are invited to attend Compensation Committee meetings but are not formal members.

Details of the Compensation Committee’s duties are summarized in “Corporate Governance” on page 57 and are fully documented in the Compensation Committee’s written charter which can be found on the Company’s corporate website – www.imax.com.

The overarching purposes of the Compensation Committee are to discharge the responsibilities of the Board relating to the compensation of the Company’s executive officers and to administer the Company’s Management Bonus Plan and long-term incentive plans. Specifically, the Compensation Committee:

- prepares and approves the compensation package of the CEO;
- reviews and approves corporate factors relevant to the compensation of the CEO and evaluates the performance of the CEO against these factors;
- reviews all new employment, consulting, retirement and severance arrangements for the CEO;
- reviews and discusses shareholder and/or proxy advisor feedback relating to compensation matters;
- reviews and approves annually the components and the amount of compensation paid to potential NEOs;
- evaluates and makes recommendations to the Board of Directors regarding our equity-based and incentive compensation plans, policies and programs;
- performs the functions required of it under the Company’s equity incentive plans, such as the granting of awards;

- publishes disclosure required by regulations including the annual Compensation Committee Report to shareholders on the Company’s executive compensation policies and programs;
- periodically assesses the adequacy of the Compensation Committee Charter and recommends changes to the Board;
- conducts a review and evaluation of the Compensation Committee’s operating effectiveness and reports to the Board the results of the evaluation; and
- reviews this CD&A and recommends to the Board of Directors its inclusion in this Circular.

Role of Outside Consultants

As set out in its Charter, the Compensation Committee has the authority to retain outside consultants to provide independent advice to the Compensation Committee.

In 2020, the Compensation Committee retained Willis Towers Watson (“WTW”) as its independent compensation consultant. WTW reported directly to the Compensation Committee. During the year WTW provided advice on proxy advisor and investor views related to the impact of COVID-19 on executive compensation; potential changes to the compensation program as compared to market practice; and general ongoing advice related to executive compensation, as requested. The Compensation Committee considers and incorporates the analysis and advice from WTW as well as support and insight from management when making decisions. Other nominal services were provided to management during the year related to drafting the CD&A, incentive design below the executive level and employee communication, that cost no more than an aggregate total of \$120,000 in fees. While pre-approval by the Compensation Committee is not required to authorize such services for management, the Compensation Committee was made aware at the outset of the services WTW provided to management. In considering WTW independence, the Compensation Committee reviewed several factors relating to WTW and the individuals providing services to us and the Compensation Committee. Based on a review of these factors, including those required by the SEC and NYSE, the Compensation Committee determined that (i) WTW is independent and (ii) WTW’s engagement presents no conflicts of interest.

In 2020, Mercer (Canada) Inc. (“Mercer”) provided the Company with services related to the post-retirement medical benefit plan for Mr. Gelfond. Mercer’s aggregate fees for such services did not exceed \$120,000. Mercer did not provide any services to the Compensation Committee in 2020.

In 2020, Exequity, LLP (“Exequity”), an independent executive compensation consulting firm, provided management with advice on the impact of COVID-19 on executive compensation programs and potential changes to our compensation program as compared to of market practice. Exequity’s aggregate fees for such services did not exceed \$120,000. Exequity did not provide any services to the Compensation Committee in 2020.

Role of Management

The Compensation Committee is accountable for any changes in compensation or employment terms for the CEO, who is not included in any committee discussions or decisions regarding changes to his own compensation.

The Board of Directors has determined that to best align executive compensation with our shareholders’ interests and the Company’s business strategy, the CEO should make recommendations to the Compensation Committee with respect to the compensation of the other NEOs, given his familiarity with day-to-day operations and insight into executive performance. Accordingly, for the other NEOs, recommendations are made by the CEO and subsequently reviewed and approved by the Compensation Committee.

Each year, the CEO reviews the performance of each of the senior executives, in consultation with the Chief People Officer and other supervising executives as appropriate, and makes recommendations on all elements of compensation, except for those components of compensation already set out in an NEO’s employment agreement. In such situations, the CEO makes recommendations on the relevant elements of compensation at the time the employment agreement is being negotiated.

Evaluating Compensation

In evaluating the compensation for an NEO, the Compensation Committee or the CEO, as applicable, considers the following:

- the individual’s skill set, experience, historical performance and expected future contribution, and the impact, including direct and indirect financial and non-financial costs to the Company if the individual were to depart from employment;
- actual and relative individual performance and contribution;
- the level of total compensation for our other senior executives; and
- general market references in the form of pay information from other companies, published surveys and other public compensation disclosures.

In the case of compensation packages for the NEOs other than the CEO, the Compensation Committee reviews and determines whether to approve the components and amount of compensation recommended by the CEO, and the compensation packages are

then implemented by the Company. The Board of Directors or the Compensation Committee must approve all equity award grants to NEOs.

Shareholder Engagement

The Compensation Committee views shareholder engagement as a valuable mechanism to hear directly from our investors on their views regarding our executive compensation program. As disclosed in the CD&A last year, the Compensation Committee undertook extensive shareholder engagement in preparation for 2020 related to a review of the CEO’s previous employment agreement that expired December 31, 2019. These conversations demonstrated that the primary focus of shareholder concerns lay in two areas: (i) aspects of the CEO’s compensation that were tied to his previous employment agreement, and (ii) the lack of long-term incentive equity awards subject to performance conditions. As discussed above in “Chief Executive Officer’s Employment Agreement”, both areas were addressed in a meaningful and expansive way in response to shareholder feedback. Furthermore, despite the unprecedented challenges the Company faced with respect to COVID-19, the Compensation Committee resolved to make no changes to the stretching goals attached to the PSU grants made in early 2020. The following table summarizes the changes implemented, many of which took effect in 2020.

At our 2020 Annual Meeting of Shareholders, 59.4% of shares cast voted in favor of the “Say-on-Pay” advisory vote on executive compensation. While this was an improvement from the prior year, it indicated an opportunity for further improvement. The Compensation Committee understands that the voting outcome in 2020 (relating to the Company’s 2019 executive compensation) reflected a focused, time-intensive effort invested in shareholder engagement, culminating in the wholesale changes to our executive compensation program detailed above, partially offset by the fact that many of those changes did not take full effect until early 2020.

The Compensation Committee found the Board’s conversations with shareholders to be extremely constructive and plans to continue robust dialogues with shareholders in the future.

Use of Market Data

From time-to-time the Compensation Committee undertakes a review of the companies that are used to provide insight into market competitive compensation levels and practices. Defining a relevant compensation peer group has proved challenging, given our diversified and unique business, history of innovative technology and product offerings, broad success in the worldwide entertainment market (with heavy focus on Hollywood motion picture entertainment) and the highly global nature of our employee base and operations. This complexity is magnified by the fact that our subsidiary, IMAX China Holding, Inc. (“IMAX China”), is publicly traded on the Hong Kong Stock Exchange, which results in an additional shareholder base, an additional regulatory framework, and a very distinct market (China) in which to do business.

Compensation Comparator Group

Comparator Group Guiding Principles

The Compensation Committee, with input from WTW, has developed several guiding principles that can be used to objectively assess potential comparators based on characteristics that are relevant to IMAX.

<p>Industry representation and operations related to entertainment and technology</p>	<p>IMAX is an entertainment technology company, with a strong focus on Hollywood motion picture entertainment. We require talent with experience in these areas, and we need to ensure we are competitive with other companies operating in these spaces.</p>
<p>Relationships and experience with major motion picture studios and media companies</p>	<p>We require talent that brings the benefit of network and relationships within the motion picture industry to IMAX, along with experience of working in brand-focused businesses, to contribute to our success.</p>
<p>Financial indicators within an appropriate range for market comparisons</p>	<p>We recognize that where possible, our comparator group should include companies of a generally similar size to IMAX, using financial indicators that provide a meaningful and consistent means of assessing size.</p>
<p>Global geographic footprints with exposure to growth markets outside North America</p>	<p>With IMAX China and the global nature of our operations, we require executives that have experience in multi-national companies, ideally including China.</p>

The peer group was last revised in October 2018 and comprises the following 12 companies.

<p>Ambarella, Inc.</p>	<p>Dolby Laboratories, Inc.</p>	<p>The Marcus Corporation</p>
<p>Avid Technology, Inc.</p>	<p>Glu Mobile Inc.</p>	<p>TiVo Corporation (1)</p>
<p>Cinemark Holdings, Inc.</p>	<p>Harmonic, Inc.</p>	<p>World Wrestling Entertainment, Inc.</p>
<p>Cineplex, Inc.</p>	<p>Lions Gate Entertainment Corp.</p>	<p>Zynga Inc.</p>

(1) Completed merger with Xperi in July 2020 and continued relevance of Xperi will be reassessed in a review of the peer group during 2021.

When data for the Comparator Group are insufficient or inappropriate for the purpose of market comparisons, due to the limited number of roles for which data is publicly disclosed, alternative references such as survey data are considered instead. The Compensation Committee reviews data for similarly situated roles when assessing and setting target total direct compensation for the NEOs. While comparator group and survey data are both useful tools in assessing compensation, it must ultimately be evaluated using sound business judgment based on specific knowledge of IMAX and its leaders. As such, both target and actual total direct compensation will depend on a variety of factors in addition to market data, including individual and Company performance, critical skills and capabilities, relative contribution, and retention.

Relative TSR Comparator Group

In assessing relative TSR performance in respect of the PSU awards, comparisons are made to the Russell 2000, a broad market index of which IMAX is a constituent. While our Compensation Comparator Group provides relevant data for NEO pay levels, given the relatively small nature of our industry and primary sources of talent, it does not necessarily reflect the way many of our shareholders invest their funds. Assessing IMAX's TSR relative to the Russell 2000 provides a meaningful external comparison of our performance and the experience of our shareholders.

Managing Compensation Risk

The Compensation Committee has determined, based on an assessment of the Company's executive compensation programs completed by management, that our compensation policies and programs do not give rise to inappropriate risk taking or risks that are reasonably likely to have a material adverse effect on the Company. Central to that assessment is the fact that our compensation plans balance short-term and long-term incentives with the use of both cash and equity. This exposure to variable pay and the long-term sustainability of our stock price aligns our NEOs' interests with those of our shareholders.

In addition, there are a number of additional policies that have been implemented with a view to further mitigating risks that may arise.

Share Ownership Guidelines

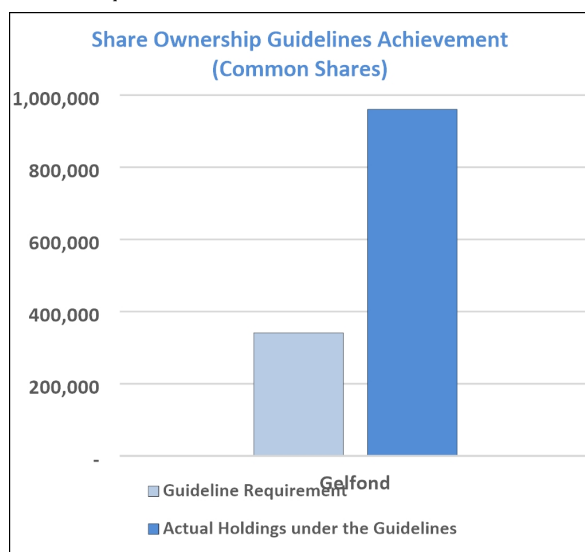

- Requires individuals to accumulate a significant ownership stake in IMAX so they are incentivized to maximize sustainable long-term returns for our shareholders
- Applies to the CEO, other NEOs, other executives and members of the Board of Directors
- Four-year time horizon to achieve ownership requirement, with annual milestones of 25% of the guideline
- If an individual does not achieve the ownership guideline within the required time frame, the Company retains the ability to require 100% retention of awards granted under the equity programs or a reduction in incentive awards

Compliance with the Share Ownership Guidelines is assessed annually on April 1st based on a two-year average stock price. As at April 1, 2021, each NEO continued to meet their respective share ownership requirement, either through full compliance or by progressing toward their increased guideline following a promotion.

Name	Guideline (% salary)	Current Ownership (% of salary)
Richard L. Gelfond	500% (1)	1,408%
Patrick McClymont	100%	284%
Megan Colligan	100%	92% (2)
Robert D. Lister	100%	359%
Mark Welton	100%	253%

(1) Increased to 500% from 400% effective in 2021.

(2) Ms. Colligan became subject to the Share Ownership Guidelines in 2019 and is currently required to hold 50% of her salary in the equivalent of shares.

Clawback Policy

- The Gelfond Agreement contains provisions that allows the Company to clawback awards of cash and equity incentive payments in the case of no-fault or at-fault restatements
- In February 2020, the Board of Directors approved a formal standalone Clawback Policy that applies to all other executive officers, which allows the Company to clawback awards of cash and equity payments in the case of restatements of financial statements due to the gross negligence of or any willful act or omission of an executive officer of the Company
- Ability to seek recoupment is subject to the applicable laws, rules or regulations and Company policy
- The Clawback Policy is publicly available on the “Governance” page of the Company’s Investor Relations website

Hedging and Pledging

- Pursuant to our Policy and Procedure on Insider Trading, executive officers, directors, employees and others subject to the policy are prohibited from hedging and pledging
- **Hedging** includes trading in publicly-traded options, puts, calls or other derivative instruments that are designed to hedge or offset decreases and increases in the value of Company securities, including, without limitation, prepaid variable forward contracts, equity swaps, collars and exchange funds
- **Pledging** includes pledging Company securities as collateral for a loan, including through the use of margin accounts with a broker

Pay and Performance in 2020

Base Salary

NEOs’ base salaries are set out in their employment agreements, where applicable. The following base salaries were in place during 2020.

Name	Currency	2019 (\$)	2020 (\$)	Change
Richard L. Gelfond	USD	1,200,000	1,200,000	0.0%
Patrick McClymont (1)	USD	706,250	750,000	6.2%
Megan Colligan (2)	USD	1,000,000	1,030,000	3.0%
Robert D. Lister (3)	USD	715,000	738,450	3.3%
Mark Welton (4)	CAD	715,000	750,750	5.0%

(1) Mr. McClymont’s base salary increased from \$675,000 to \$750,000 effective as of August 8, 2019, pursuant to his employment agreement. As a result of having exhausted his accrued PTO before year end, Mr. McClymont’s actual paid base salary in 2020 was \$725,000.

(2) Ms. Colligan’s salary was set on appointment and increased effective January 1, 2020, pursuant to her employment agreement.

(3) Mr. Lister’s salary increased to \$738,450 effective January 1, 2020, pursuant to his employment agreement, as amended.

(4) Mr. Welton’s salary increased from \$715,000 to \$750,750 pursuant to his employment memorandum dated September 11, 2020. Mr. Welton is paid in Canadian dollars.

In response to the uncertainty presented by the COVID-19 pandemic and the Company’s focus on cost containment, the total compensation of our CEO and NEOs for 2020 was reduced from 2019 with various measures, including the requirement that the NEOs use accrued PTO (while continuing to work a full workweek schedule).

Annual Cash Bonus Awards

In determining the annual cash bonus, the Compensation Committee assesses a combination of each NEOs’ performance and Company performance and the level of compensation that performance would deliver based on a pre-established target bonus opportunity. In response to the uncertainty presented by the COVID-19 pandemic and the Company’s focus on cost containment in 2020, the Compensation Committee decided to forego any payment of annual cash bonuses for our executives.

Long-Term Incentives in 2020

Long-term incentive awards provide a direct alignment of interests with our shareholders given the exposure to movements in IMAX's stock price over a multi-year period. Such awards additionally recognize the scope of a role's responsibility, rewards demonstrated performance, and encourages retention of talent and continuity in executive leadership. The level of value ultimately realized will largely reflect their successful execution of our strategy and ability to deliver long-term sustainable growth.

In 2020, NEOs received long-term incentives in the form of two types of equity-based awards that enable the Compensation Committee to achieve a combination of objectives.

- PSUs enable the Compensation Committee to incentivize and reward performance over a multi-year period, with the level of payout contingent on the performance delivered; and
- RSUs help retain senior leaders, whose experience and contributions are critical to the successful execution of our strategy.

Being equity-based, both RSUs and PSUs have an inherent connection to the Company's stock price performance and the direct interests of our shareholders. The Compensation Committee approves all long-term incentive awards to NEOs. These approvals are made either when an NEO's employment agreement is entered into or in connection with their participation in the annual equity grant process as appropriate. All NEOs are subject to Share Ownership Guidelines as discussed in further detail above. In determining the award values the Compensation Committee considers several factors:

Individual performance	Company performance	Role scope and responsibility	Salary	Internal relativities	Market Data and Practices	Equity availability
------------------------	---------------------	-------------------------------	--------	-----------------------	---------------------------	---------------------

The key features of the awards made in 2020 were as follows:

PSUs	<ul style="list-style-type: none"> • A PSU represents a contingent right to receive one Common Share of IMAX • Represents 50% of the target award value for the CEO, and 25% of the target award value for the other NEOs (increasing to 33% in 2021) • Award determined by dividing the target value by the fair market value on the date of grant, which for the relative TSR component is based on a Monte Carlo valuation • Subject to average annual Adjusted EBITDA growth (60%) performance condition and relative TSR vs. the Russell 2000 (40%) performance and market condition • Performance is measured over three years starting on January 1 in the year of grant
RSUs	<ul style="list-style-type: none"> • An RSU represents a contingent right to receive one Common Share of IMAX • Represents 50% of the target award value for the CEO, and 75% of the target award value for the other NEOs (decreasing to 67% in 2021) • Award determined by dividing the target value by the fair market value on the date of grant • Awards vest in three tranches on the first (33%), second (33%) and third (34%) anniversary of the date of grant

In 2020, the following awards were granted to NEOs. The size and mix of equity grants are determined in the relevant provision of each NEO's employment agreement as guided by the factors above.

Name	Target Grant Value (\$)	Total Actual		2020 PSU Award		2020 RSU Award	
		Grant Date Value (\$)	Grant Date Value (\$)	2020 PSU Award (#)	Grant Date Value (\$)	2020 RSU Award (#)	Grant Date Value (\$)
Richard L. Gelfond	5,500,000	5,499,962	134,171	2,749,969	134,146	2,749,993	
Patrick McClymont	1,450,000	1,449,984	31,836	362,494	73,281	1,087,490	
Megan Colligan	1,500,000	1,499,999	32,935	375,008	75,808	1,124,991	
Robert D. Lister	1,400,000	1,399,993	30,739	350,004	70,754	1,049,989	
Mark Welton	1,400,000	1,399,993	30,739	350,004	70,754	1,049,989	

The 2020 PSU awards were granted subject to the following stretching performance goals. Despite being approved prior to the onset of COVID-19 and exceeding market typical performance standards, no adjustments have been made.

Average Annual Adjusted EBITDA Growth Over the Performance Period	Vesting (% of Target)	Relative TSR Percentile Rank vs. Russell 2000 Over the Performance Period	Vesting (% of Target)
<5.0%	0%	< 40 th	0%
5.0%	50%	40 th	37.5%
10.0%	75%	50 th	50%
12.5%	100%	60 th	75%
15.0%	125%	70 th	100%
17.5%	150%	80 th	125%
≥ 20.0%	175%	≥ 90 th	175%

Additional information regarding the treatment on termination can be found in “Potential Payments upon Termination or Change-in-Control” on page 49, which provides details of the NEOs’ employment and change-in-control agreements.

One-Time Bridging Awards

One-time “bridging awards” were approved to select employees, including our NEOs for the purposes of (i) retaining and awarding key employees during this uncertain period; and (ii) driving the continued commitment and engagement required for the Company to be successful as we approach a period of anticipated recovery in our markets. The Compensation Committee worked closely with Mr. Gelfond (who, as noted below, received no cash bonus for 2020 and a bridging award equivalent to 33% of his base salary) in formulating the structure and quantum of the NEO awards.

These bridging awards were made in the first quarter of 2021, as part of the regular long-term incentive grant for the CEO and other NEOs. Given this timing, the awards are not reflected in the Summary Compensation Table, which reflects equity awards granted in the 2020 year. In approving the awards the Compensation Committee, working closely with Mr. Gelfond, took into account the retention value of each NEO’s current holdings, the fact that none of our NEOs received any annual cash bonuses for 2020, the lapsing of underwater stock options and the maintenance of stretching PSU goals. For NEOs, these awards took the form of RSUs which will vest in two equal tranches on the first and second anniversaries of the date of grant.

Name	Bridging Award Grant Value (\$)	Bridging Award Grant Value (% of Base Salary)
Richard L. Gelfond	400,000	33%
Patrick McClymont	420,000	56%
Megan Colligan	339,900	33%
Robert D. Lister	310,149	42%
Mark Welton	300,725	54%

In aggregate, the Compensation Committee believes the base salary, treatment of 2020 annual cash bonus, long-term incentive awards and the one-time bridging awards for our NEOs appropriately reflects our 2020 performance, while retaining and engaging leaders in a manner aligned with the interests of our shareholders.

Other Elements of Compensation

Retirement and Pension Plans

All employees are offered the opportunity to participate in at least one capital accumulation plan, to aid them in preparation for their future retirement. The exact nature of the plans offered for which an employee is eligible, including our NEOs, varies based on both their country of residence and level of seniority.

Retirement Plans

- Available to eligible employees, which we believe allows our employees to benefit from tax-advantaged savings plans and is part of providing a competitive compensation package to retain talent
- Defined contribution employee retirement plans in various jurisdictions, including under Section 401(k) of the U.S. Internal Revenue Code (the “401(k) Plan”) and Registered Retirement Savings Plans in Canada
- Contributions are made to the plan based on a fixed percentage of each employee’s earnings
- NEOs participate on terms consistent with all other eligible employees

Arrangements for our CEO

- The Company provides supplemental benefits for the CEO, which we believe is a way to help retain our CEO by contributing to a competitive overall compensation package
- **SERP**
 - Unfunded defined benefit arrangement
 - The value of the SERP is fixed at the amount of \$20.3 million pursuant to the Gelfond Agreement
 - Benefits are 100% vested such that in the event of employment termination, other than for cause (as defined in the Gelfond Agreement), our CEO is entitled to receive the benefits as a lump sum
- **Unfunded Retiree Medical Benefit Plan**
 - Covers Mr. Gelfond and his eligible dependents
 - Provides that the Company will maintain retiree health benefits until Mr. Gelfond becomes eligible for Medicare
 - Thereafter, the Company will provide Medicare supplemental coverage, as selected by Mr. Gelfond. If such supplemental coverage is not permitted, Mr. Gelfond will be entitled to an annual cash payment equal to the value of such coverage
 - Mr. Gelfond is fully vested in this plan

For more information on the SERP and the retiree medical benefit plan, please see the section entitled “2020 Pension Benefits” on page 48

Other Benefits

We periodically review the levels of personal benefits and perquisites provided to the NEOs to ensure competitiveness and value to the employees and to promote their health and wellness. The benefits provided are intended to be market competitive, with the goal of ensuring that our senior executives are focused on their health and well-being which we hope will better enable them to discharge their duties and effectively focus on their contributions to IMAX.

The supplemental health plan and executive wellness allowance exist to ensure that our medical benefits remain competitive in the market, and to ensure that our most senior executives are focused on health and well-being.

- **Executive Supplemental Health Plan:** This plan, which covers certain of our senior executives located in the United States including all of our NEOs, provides expanded coverage and reimbursement of services not covered by our medical, dental and vision plans.
- **Executive Wellness Allowance:** Certain senior executives, including all of our NEOs, can submit for reimbursement up to \$2,500 in qualifying wellness costs each year.
- **Car Benefits:** Certain senior executives are provided either with use of Company car or a car allowances, along with the opportunity to submit reasonable car-related expenses for reimbursement.
- **Death-in-Service Benefit:** Certain senior executives are entitled to receive a cash death benefit through our life insurance policies. In the event of the executive’s death prior to actual retirement at age 65, the executive’s designated beneficiaries would be entitled to receive a lump sum payment amount equal to two times the executive’s base salary, subject to prescribed maximums. In addition to our broader policy covering all executives, we have agreed to reimburse Mr. Gelfond for the costs of premiums associated with additional life insurance policies.
- **Reimbursement of Qualifying Expenses:** Certain senior executives are eligible to submit for reimbursement qualifying expenses related to tax, financial and estate planning services, charitable giving, as well as business club memberships and incidentals.

Employment and Change-In-Control Agreements

Currently, we have written employment agreements or offer letters with all our NEOs, which are described in detail below in “Potential Payments upon Termination or Change-in-Control” on page 49. We believe that these agreements are critical to attract and retain talent and to motivate and properly incentivize our NEOs, while still allowing the Compensation Committee and the CEO requisite discretion to determine overall compensation in a given year. These employment agreements specify details of the approach to salary, bonus, equity awards, and restrictive covenants surrounding executive officer employment, including non-competition and non-solicitation provisions. Generally, the agreements are established at the time of hire and are amended from time to time to extend or modify the terms of employment, including to reflect compensation decisions resulting from a promotion or other change in job responsibility.

Each NEO’s employment arrangement requires that we make certain payments to the relevant NEO in the event of a termination of employment for various reasons, including, upon a change-in-control of the Company. The provisions are designed to promote stability and continuity of senior management in the event of a transaction involving a change-in-control. Our severance and change-in-control benefits were determined on the basis of market practices to provide this stability as well as competitive overall compensation packages to the NEOs. No NEO has a “single-trigger” change-in-control benefit; all such provisions require a qualifying termination of employment following a change-in-control event. The employment agreements for Mr. Gelfond and Mr. McClymont were reviewed in 2019, with changes to Mr. Gelfond’s agreement being effective January 1, 2020 and changes to Mr. McClymont’s agreement being effective August 8, 2019. Mr. Lister’s employment agreement was amended as of March 11, 2020. The employment agreement for Ms. Colligan became effective February 19, 2019. Mr. Welton’s employment memorandum was entered into on September 18, 2020.

Mr. Gelfond’s agreement includes provisions originally agreed to at the time of the acquisition of IMAX in 1994 and modified in 2006. They provide the CEO with the opportunity to earn two payments on a change-in-control, based on the value of the Company. Rescinding on these agreements and/or renegotiating them at this time could be very damaging and costly to all parties. Furthermore, and more importantly, the Compensation Committee continues to believe that these provisions are in shareholders’ interests as they relate to creating sustainable long-term value and retaining the CEO, while not creating undue risk.

For a description of these agreements and terms, please see “Potential Payments upon Termination or Change-in-Control” on page 49.

Tax and Accounting Considerations

To the extent that any compensation paid to the NEOs constitutes a deferral of compensation within the meaning of Section 409A of the Internal Revenue Code, we intend to cause the compensation to comply with the requirements of Section 409A and to avoid the imposition of penalty taxes and interest upon the participant receiving the award.

In determining the form and amount of compensation awarded we look mainly to the compensation principles and objectives outlined above while also giving consideration to the impact of Financial Accounting Standards Board Accounting Standards Codification Topic 718 “Compensation – Stock Compensation”.

Section 162(m) of the Internal Revenue Code of 1986 limits the deductibility of compensation paid to certain top executives to \$1.0 million per taxable year. Prior to the enactment of the Tax Cuts and Jobs Act of 2017 (the “Tax Act”), there was an exemption from this \$1.0 million deduction limit for compensation payments that qualified as “performance-based” under applicable regulations. In 2017, we modified our annual bonus program to comply with the requirements of Section 162(m), including Compensation Committee approval of metrics and targets at the beginning of the fiscal year. However, the enactment of the Tax Act eliminated the performance-based compensation exemption, except with respect to certain grandfathered arrangements.

2020 PENSION BENEFITS

The following table sets forth information relating to each defined benefit pension plan that provides for payments or other benefits at, following, or in connection with retirement, as of December 31, 2020.

Name and Principal Position of Named Executive Officer	Plan Name	Number of Years	Present Value of	Payments During
		of Credited Service (#)	Accumulated Benefits (1) (\$)	Last Fiscal Year (\$)
Richard L. Gelfond	Supplemental Executive Retirement Plan	19.5	20,261,670	—
	Post-Retirement Medical Benefits	—	366,000	—

(1) See note 23(a) to the audited consolidated financial statements in Item 8 of the 2020 Form 10-K, for certain assumptions used to calculate the present value of accumulated benefits.

We have an unfunded U.S. defined benefit pension plan, the SERP, covering Mr. Gelfond, which was established in 2000. The SERP provides for a lifetime retirement benefit from age 55. Under the terms of the SERP, if Mr. Gelfond’s employment is terminated other than for cause (as defined in the Gelfond Agreement), he is entitled to receive SERP benefits in the form of a lump sum payment. SERP benefit payments to Mr. Gelfond are subject to a deferral for six months after the termination of his employment, at which time Mr. Gelfond will be entitled to receive interest on the deferred amount credited at the applicable federal rate for short-term obligations. The vesting percentage increased on a straight-line basis from inception until age 55. Mr. Gelfond’s SERP benefits became 100% vested on July 10, 2010. Under the terms of the Gelfond Agreement, the total amount of benefit payable to Mr. Gelfond under the SERP has

been fixed at \$20.3 million. For more information regarding changes in the SERP value, see the “2020 Summary Compensation Table” on page 45. The SERP value is based on certain assumptions required by the SEC. For instance, we are required to assume a retirement date of December 31, 2020 for Mr. Gelfond, even though the Gelfond Agreement runs through December 31, 2022.

The value of Mr. Gelfond’s pension benefits under the SERP increased by \$163,489 compared to December 31, 2019 values, primarily due to an accretion of interest and changes in actuarial assumptions. See note 23(a) to the audited consolidated financial statements in Item 8 of the 2020 Form 10-K for more information related to this calculation.

We also maintain an unfunded post-retirement medical benefits plan covering Mr. Gelfond. This plan provides that we will maintain retiree health benefits for Mr. Gelfond until he becomes eligible for Medicare and, thereafter, we will provide Medicare supplemental coverage as selected by Mr. Gelfond. If the foregoing coverage is not permitted, Mr. Gelfond will be entitled to an annual cash payment equal to the value of such coverage. Mr. Gelfond is fully vested in this plan.

Further descriptions of the SERP, the unfunded post-retirement medical benefits plan and our defined contribution plans are summarized above in “Compensation Discussion and Analysis – Retirement and Pension Plans”.

PAY RATIO DISCLOSURE

The Dodd-Frank Act requires us to disclose the ratio of the CEO’s annual total compensation to that of the Company’s global median employee (excluding the CEO).

To determine the median employee, we prepared a list of our global employee population as of our December 31, 2020 determination date, including all employees, whether employed on a full-time, part-time, or seasonal basis. Based on this methodology, the total number of global employees was 644 as of December 31, 2020.

We then determined that employee’s annual total compensation (using the Summary Compensation Table definition of annual total compensation, as permitted by the rules) was \$79,482 for the fiscal year ended December 31, 2020. The CEO’s annual total compensation was \$6,922,439 resulting in an estimated ratio of 87:1 for CEO pay to median employee pay.

The ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of SEC Regulation S-K. Given the rule’s flexibility, the method the Company used to determine the median employee may be different from its peers, so the ratios may not be comparable.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

While we have no formal severance plans, we have entered into written employment agreements or offer letters with certain of our executive officers, including each of the NEOs, which require us to make payments to the NEOs in the event of the termination of their employment in various circumstances, including in the event of a change-in-control, as further described below. These employment agreement provisions are intended to attract, retain and motivate employees, provide stability and continuity among our senior executives, and ensure that our executive officers are able to devote their full time and attention to our operations in the event of an actual or potential change-in-control.

Equity Provisions. In addition to the contractual rights of the NEOs described below, all of the NEOs hold equity awards granted under our equity compensation plans, which describe the impact of certain separation events on equity awards granted, unless provisions in the individual NEO’s employment arrangement override the terms of the relevant plan. These generally applicable termination-related provisions are as follows:

- **Termination generally:** The Compensation Committee will determine the disposition of an award, including the acceleration of vesting, exercisability or settlement of, elimination of restrictions or conditions applicable to, or extension of exercise period, in the event of a participant’s termination of employment;
- **Termination upon change-in-control:** A change-in-control of the Company in itself will have no effect; however, all outstanding unvested equity awards will immediately vest and become fully exercisable in the event that the participant’s employment is terminated by the Company without cause or by the participant for good reason within 24 months of the change-in-control. In addition, all outstanding unvested equity awards granted under the LTIP will immediately vest and become fully exercisable in the event that, following a change-in-control, the successor entity does not assume or provide a substitute for such equity awards on substantially the same terms and conditions.

For purposes of the LTIP, the following are considered to be a change-in-control: (i) any person becoming the beneficial owner of 35% or more of the Company’s securities; (ii) a change in the majority of the Board of Directors; (iii) completing certain reorganization, merger, or consolidation transactions or a sale of all or substantially all of the Company’s assets; or (iv) the complete liquidation or dissolution of the Company.

For purposes of the Stock Option Plan, our primary equity vehicle prior to the adoption of our LTIP in 2013, a change-in-control is defined as any person other than Richard Gelfond and Bradley Wechsler acquiring greater than 50% of the outstanding Common Shares of the Company; and

- **Service Factor:** In March 2020, the Compensation Committee approved a change to certain outstanding equity awards that if, after achieving the “Service Factor” a Participant resigns or is terminated without cause, their outstanding equity will continue to vest in accordance with the applicable vesting schedule of the equity award and retain the other terms of the award. The “Service Factor” is defined as (i) attaining the age of at least 55 and (ii) continuous service with the Company or any of its Subsidiaries and Affiliates for at least 10 years, or such other criteria that are deemed by the Compensation Committee to be an achievement of the Service Factor, provided, however, that, in the case of a resignation, the Participant must provide the Company with a written notice of intent to resign at least six (6) months prior to the final day of employment with the Company.

In certain cases, an NEO's equity awards are controlled by the terms of his or her employment agreement; in the event of a conflict between such employment agreement and the terms of our equity compensation plans, the terms of the employment agreement will prevail.

Employment Agreement Provisions

The narrative description below reflects potential payments to each of the NEOs in various termination and change-in-control scenarios based on employment agreements and arrangements, compensation, benefits and equity levels in effect on December 31, 2020.

Payments upon Termination Generally

Regardless of the termination scenario, each NEO will receive earned but unpaid base salary through the employment termination date, along with any other accrued or vested payments or benefits owed under any of our plans or agreements covering them as governed by the terms of those plans or agreements, including perquisites and business expenses (such payments, "Accrued Obligations"). Additionally, Mr. Gelfond would also be entitled to his benefits under the SERP (except in the event he is terminated for cause) and his retiree health benefits. Mr. Lister, Mr. McClymont, Mr. Welton and Ms. Colligan would also be entitled to a prorated target bonus for the year of termination. Mr. Welton may also be entitled to certain compensation under applicable Canadian law.

Payments upon Termination due to Death or Disability

In the event Mr. Gelfond's employment is terminated due to death or disability, 100% of his outstanding unvested equity awards will vest immediately, and all vested options will remain exercisable until the shorter of (x) their original term and (y) 2 years from termination. In the event that Mr. McClymont, Mr. Lister and Ms. Colligan's employment is terminated due to death or disability, each would be entitled to accelerated vesting for a portion of their outstanding equity that, when combined with those already vested, would total an aggregate of 50% of all of their equity granted. For Mr. McClymont, Mr. Lister, and Ms. Colligan, any vested options would continue to be exercisable for a period of 180 days. In addition, Mr. McClymont and Ms. Colligan would be entitled to a prorated target bonus for the year of his or her death or disability and Mr. Lister would be entitled to a prorated achieved bonus for the year of his death or disability. Mr. Welton may also be entitled to accelerated vesting for a portion of his outstanding equity that, when combined with those already vested, would total an aggregate of 50% of all his equity granted.

Payment upon Termination without Cause or Resignation for Good Reason

In the event that Mr. Gelfond's employment is terminated by the Company without cause or by him for good reason, Mr. Gelfond would be entitled to (i) his base salary for the greater of the remainder of his employment term and 12 months and (ii) his prorated bonus for the year of termination based on the achievement of the performance goals. In addition, a portion of Mr. Gelfond's unvested PSUs and RSUs, prorated based on the number of calendar days served by Mr. Gelfond would immediately vest, and all of his outstanding options will vest immediately and be exercisable subject to the terms set forth in his employment agreement.

In the event that Mr. McClymont's employment is terminated by the Company without cause or by him for good reason, Mr. McClymont would be entitled to (i) his base salary and continued benefits for a period of 14 months, (ii) his prorated bonus for the year of termination based on the achievement of the performance goals, (iii) his target bonus for a period of 14 months, (iv) continued vesting of his outstanding unvested equity awards on their original vesting schedule for 14 months, and (v) exercisability of his vested options until the shorter of (x) the option's original term and (y) 20 months following his termination.

In the event that Mr. Lister's employment is terminated by the Company without cause or by him for good reason, Mr. Lister would be entitled to receive (i) his base salary, automobile allowance and benefits for the greater of (x) the remainder of his employment term and (y) 18 months, (ii) a cash payment equal to a pro-rated target bonus for the year in which Mr. Lister is terminated, and (iii) a cash payment equal to the target bonus for each full year remaining during the term. In the event Mr. Lister were not permitted to continue his participation in our medical plans, Mr. Lister would be entitled to a cash payment equal to the value of the benefit continuation for the severance period, payable in three semi-annual installments. Other than equity awarded during 2021, 2022, and 2023 annual grants, Mr. Lister also would be entitled to the accelerated vesting of all granted but unvested equity awards. Following a termination without cause or resignation for good reason, Mr. Lister would have 12 months to exercise any vested stock options. For the 2021, 2022, 2023 annual grants, all outstanding equity will be treated in accordance with our LTIP or the applicable award letters; except, that (a) equity awards granted will continue to vest on schedule during the applicable severance period (in the case of PSUs, subject to the achievement of applicable performance conditions), and (b) all vested options will remain exercisable until the earlier of (i) 12 months beyond the end of the applicable severance period, and (ii) the original expiration date of the vested options.

In the event that Ms. Colligan's employment is terminated by the Company without cause or by her for good reason, Ms. Colligan would be entitled to (i) her base salary, automobile allowance and benefits for a period of 12 months and (ii) her prorated bonus for the year of her termination. Pursuant to the LTIP and Ms. Colligan's award agreements, any unvested equity awards will be cancelled, except unvested equity will vest in accordance with the original vesting schedule if she meets the Service Factor requirement.

In the event that Mr. Welton's employment is terminated by the Company without cause, Mr. Welton would be entitled to (i) his accrued but unpaid base salary, car allowance and benefits through the date of termination and (ii) the prorated target bonus for the year of his termination. Mr. Welton would also be entitled to (i) one month's salary for each year of service up to a maximum of 24 months, target bonus and car allowance and (ii) continued healthcare benefits for the duration of his salary continuation period (or earlier, upon Mr. Welton's obtainment of new employment). In addition, all equity that remains unvested as of the date of the termination will continue to vest in accordance with the original vesting schedule (in the case of PSUs, subject to the achievement of the original performance conditions).

Payment upon a Change-in-control

In the event that the Company experiences a change-in-control, Mr. Gelfond would be entitled to a cash bonus (the "Sale Bonus") in an amount equal to the product of (a) 0.375% and (b) the amount by which the sale or liquidation transaction imputes an equity value in excess of Cdn\$150,000,000 to the Common Shares originally issued by the Company (on a fully diluted basis but excluding the Common Shares issued upon the conversion of the Class B convertible preferred shares of the Company formerly outstanding that were converted into Common Shares on June 16, 1994 and the Common Shares issuable upon the exercise of warrants previously owned by Messrs. Gelfond and Wechsler). The Sale Bonus provisions date back to Mr. Gelfond's and Mr. Wechsler's original employment agreements in connection with their 1994 acquisition of the Company and would be paid as a result of the Company's having reached an imputed equity value in excess of Cdn\$150,000,000. He would also be entitled to a cash incentive bonus (the "Incentive Bonus") equal to the product of (a) 225,000 and (b) the difference between the closing price of the Common Shares upon such change-in-control and the closing price of the Common Shares on March 10, 2006, which was \$10.67. The Incentive Bonus provision dates back to the extension of Mr. Gelfond's employment pursuant to a March 8, 2006 amendment agreement. In the event that the change-in-control is by way of a stock-for-stock merger, all of Mr. Gelfond's outstanding unvested stock options will vest and be converted at the stock merger conversion ratio into stock options of the acquiring company (if it is public) or be cashed out (if the acquiring company is not public). Mr. Gelfond did not have any unvested, in-the-money stock options as of December 31, 2020. Additionally, in the event that Mr. Gelfond's employment is terminated by the Company without cause or by him for good reason within 24 months following a change-in-control, Mr. Gelfond would also be entitled to his severance payments and benefits detailed under "Payment upon Termination without Cause or Resignation for Good Reason". Also, all of Mr. Gelfond's unvested equity awards will vest immediately, and he will be entitled to the vesting and settlement of unvested PSUs equal to the greater of (x) the Company's performance as of the last trading day before the change-in-control event or (y) to the extent the performance conditions remain applicable, actual performance as of the end of the applicable performance period. Upon a change-in-control, Mr. Gelfond's benefits under the SERP would be accelerated and become payable.

In the event that Mr. McClymont's employment is terminated by the Company without cause or by him for good reason within 24 months following a change-in-control, all of his granted and outstanding options and RSUs will accelerate to August 8, 2022. He will also be entitled to the vesting and settlement of unvested PSUs equal to the greater of (x) the Company's performance as of the last trading day before the change-in-control event or (y) to the extent the performance conditions remain applicable, actual performance as of the end of the applicable performance period.

In the event that Mr. Lister's employment is terminated by the Company without cause or by him for good reason within 24 months following a change-in-control, he would be entitled to receive his severance payments and benefits detailed under "Payments upon Termination without Cause or Resignation for Good Reason." Mr. Lister would also be entitled to the accelerated vesting of his equity awards, subject to the terms of his employment agreement, and would be entitled to receive a cash payment equal to \$1,400,000 for each annual equity award in 2018, 2019 and 2020 that had not been made as of the date of such termination or resignation for good reason. Mr. Lister would also be entitled to an incentive payment of \$107,500. Any requirement for continued service for his granted and outstanding PSUs will be waived.

In the event that Ms. Colligan's and Mr. Welton's employment is terminated by the Company without cause in connection with a change-in-control, they would be entitled to the same severance payments and benefits as they would be entitled to had the termination not occurred in connection with a change-in-control. In addition, Mr. Welton's outstanding options and RSUs will accelerate and vest immediately. Mr. Welton will also be entitled to the vesting and settlement of unvested PSUs equal to the greater of (x) the Company's performance as of the last trading day before the change-in-control event or (y) to the extent the performance conditions remain applicable, actual performance as of the end of the applicable performance period.

The table below reflects potential payments to each of the NEOs in various termination and change-in-control scenarios based on compensation, benefits and equity levels in effect on December 31, 2020. The amounts shown assume that the termination or change-in-control event was effective as of December 31, 2020 and all Accrued Obligations up to this date has been paid. We caution that the

actual amounts that would be paid upon an NEO's termination of employment can be determined only at the time of such individual's separation from the Company, and in certain cases would be determined under arrangements put in place after December 31, 2020. To the extent that the calculated amounts relate to awards of stock options, RSUs, or PSUs, we have assumed that the price per share is the fair market value of our Common Shares at December 31, 2020, which was \$18.02, the closing price on the NYSE on that date. The table below excludes any amounts payable to the NEOs to the extent that these amounts are available generally to all salaried employees and do not discriminate in favor of our NEOs.

Summary of other employment agreement terms.

The summary below describes, for each of the NEOs, the material terms of their employment agreements other than with respect to the potential payments upon termination or change-in-control.

Richard L. Gelfond, Chief Executive Officer and Director.

Mr. Gelfond's current employment agreement, the Gelfond Agreement, is effective as of January 1, 2020. The Gelfond Agreement provides for a three-year employment term that expires on December 31, 2023. Under the terms of the Gelfond Agreement, Mr. Gelfond's base salary is equal to \$1,200,000 during each year of the term, subject to increases at the discretion of the Board of Directors, and he is eligible to receive an annual cash bonus with a target equal to his base salary, and a maximum bonus equal to two times his base salary. The Compensation Committee reviews the annual cash bonus for Mr. Gelfond in the context of both Company and individual performance. Mr. Gelfond's bonus will be comprised of the following elements: 80% will be based on pre-established, non-discretionary criteria established by the Compensation Committee, and 20% will be determined at the end of the year at the discretion of the Compensation Committee. In assessing Mr. Gelfond's performance, the Compensation Committee assesses the non-discretionary portion of his bonus against a scorecard of specific, express objectives that have been established for him by the Compensation Committee. This scorecard is intended to provide the Compensation Committee with an objective means of assessing performance and progress in a number of key financial and strategic areas. Mr. Gelfond did not receive any cash bonus for 2020. For more information, please see the "Compensation Discussion and Analysis" section above. The Gelfond Agreement contains: (i) a customary non-competition provision; (ii) a provision requiring Mr. Gelfond to provide us with consulting services following the expiration of his employment and (iii) a clawback provision.

Mr. Gelfond has received grants of RSUs, PSUs and stock options under the Gelfond Agreement, as well as grants of RSUs and options under his prior employment agreements. Mr. Gelfond's equity awards outstanding as of December 31, 2020, and their respective exercise prices and expiration dates, are set forth above in "Outstanding Equity Awards at 2020 Fiscal Year-End".

With respect to the PSUs, the number of Common Shares that Mr. Gelfond may receive upon settlement depends upon achievement of pre-specified performance metrics over a three-year performance period and ranges from 0% to 175% of the PSUs granted. The terms of the PSUs granted to Mr. Gelfond are described in the "Compensation Discussion and Analysis" section above.

In 2000, we created a defined benefit pension plan, the SERP, to provide benefits for Mr. Gelfond upon his retirement, resignation or termination other than with cause. See "Retirement and Pension Plans" on page 42 for a description of the SERP. Mr. Gelfond is fully vested in his benefits under the SERP. Mr. Gelfond is also entitled to retiree health benefits for himself and his eligible dependents until he becomes eligible for Medicare and, thereafter, Medicare supplemental coverage selected by Mr. Gelfond, or if such coverage is not permitted, an annual cash payment equal to the value of such coverage.

If, following the expiration of the Mr. Gelfond's employment term, we do not offer Mr. Gelfond continued employment on terms substantially similar to his employment agreement, or if Mr. Gelfond elects to retire at the end of the term, Mr. Gelfond will be entitled to a pro-rated bonus. Mr. Gelfond's unvested RSUs and options will vest immediately and a pro-rated amount of unvested PSUs will vest upon the end of the applicable performance period, subject to the achievement of performance conditions. The remaining PSUs will be cancelled. In addition, his outstanding options will be exercisable as set forth in his employment agreement. Mr. Gelfond would also be entitled to a lump sum payment owing under the SERP and would be entitled to receive retiree health benefits until he becomes eligible for Medicare. Thereafter, Mr. Gelfond would be entitled to Medicare supplement coverage. In addition, for a period of twelve months from the date of non-renewal or retirement, we have agreed to provide Mr. Gelfond with office space, a full-time assistant and continued automobile benefits.

(2) As required by SEC rules, the "Stock Awards" column in this table reflect the aggregate grant date fair values of the RSU awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (with no reductions for expected forfeitures). See note 17(c) to the audited consolidated financial statements in Item 8 of the 2020 Form 10-K, for the assumptions used to calculate the fair value of the RSUs.

(3) This amount represents the amount paid to Mr. Wechsler pursuant to his Services Agreement as described below.

(4) Mr. Wechsler received a grant of 13,281 RSUs on June 4, 2020, in recognition of his position as Chairman of the Board. The RSUs vested on June 4, 2020.

(5) This amount reflects: (i) \$31,546 for personal automobile use; (ii) \$25,724 for retiree health benefit premiums; and (iii) \$12,750 for the supplemental health plan premiums.

(6) The director received a grant of 9,765 RSUs on June 4, 2020. The RSUs vested on June 4, 2020.

On December 11, 2008, we entered into a services agreement with Mr. Wechsler (as amended, the "Services Agreement") which provides that, effective April 1, 2009, Mr. Wechsler's employment as Co-CEO was terminated. The Services Agreement, which has been amended from time to time, provides that Mr. Wechsler will serve as Chairman of the Company's Board of Directors until the Board of Directors determines to terminate the services of Mr. Wechsler. Pursuant to an amendment, that was effective April 1, 2013, Mr. Wechsler's compensation for each year served as Chairman increased from \$200,000 to \$230,000. The Services Agreement also provided that certain other provisions of Mr. Wechsler's former employment agreement with the Company continue to survive the termination of such employment agreement. Mr. Wechsler will not stand for re-election at the Meeting. On March 30, 2021, we entered into an amendment to terminate the Services Agreement (the "Termination Letter"), which will take effect following the Meeting.

Certain provisions of Mr. Wechsler's prior employment agreement will continue to survive following the termination of the Services Agreement. Upon a sale of the Company, Mr. Wechsler will continue to be entitled to receive a cash Sale Bonus in an amount equal to the product of (a) 0.375% and (b) the amount by which the sale or liquidation transaction imputes an equity value in excess of Cdn\$150,000,000 to the Common Shares originally issued by the Company (on a fully diluted basis but excluding the Common Shares issued upon the conversion of the Class B convertible Preferred Shares of the Company formerly outstanding which were converted into Common Shares on June 16, 1994 and the Common Shares issuable upon the exercise of warrants previously owned by Messrs. Gelfond and Wechsler). As of December 31, 2020, we estimated the Sale Bonus to be between \$1,478,809 and \$3,556,537, depending upon the equity assumptions used in the relevant calculations.

In addition, following a change-in-control, Mr. Wechsler would receive a cash Incentive Bonus equal to the product of (a) 225,000 and (b) the difference between the closing price of the Common Shares upon such change-in-control and the closing price of the Common Shares on March 10, 2006, which was \$10.67. As of December 31, 2020, the Incentive Bonus would have been \$1,653,750, based on the closing price of the Common Shares on that date (\$18.02).

In 2020, we maintained an unfunded retiree medical benefit plan covering Mr. Wechsler. As of December 31, 2020, the estimated value of Mr. Wechsler's retiree health benefits was \$336,000. Effective January 1, 2012, we implemented an executive supplemental health reimbursement plan which covers Mr. Wechsler. The plan provides expanded coverage and reimbursement of services not covered by our medical, dental and vision plans. We reimbursed Mr. Wechsler for \$12,750 in health premiums in 2020 in connection with this plan. Under the Termination Letter, we will continue to provide Mr. Wechsler's current medical benefits through December 31, 2021. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is currently composed of Messrs. Throop (Chair) and Douglas and Ms. Settle, each of whom is an independent director. All compensation decisions for Mr. Gelfond in 2020 were made by the Compensation Committee. None of the members of the Compensation Committee during 2020 is a current or former officer or employee of the Company or had any relationship requiring disclosure under Item 404 of Regulation S-K.

During the fiscal year ended December 31, 2020, none of our executive officers served on compensation committees or boards of directors of any other entity that had or has had one or more of its executive officers serving as a member of our Compensation Committee or Board of Directors.

CORPORATE GOVERNANCE

The Board of Directors believes that good corporate governance is fundamental to our overall success. The Governance Committee of the Board of Directors, which is currently composed of Messrs. Leebron (Chair), Braun, MacMillan and Ms. Settle, all of whom are independent directors, reviews our corporate governance practices from time to time, as further described in our "Corporate Governance Guidelines".

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, which outline the Board of Directors' authority, responsibilities, composition and procedures.

The role of the Board of Directors is to supervise the business and affairs of the Company, including:

- overseeing the strategic and business planning process(es) and reviewing, approving and monitoring the annual and long-term operating plans, including fundamental financial and business strategies and objectives;
- reviewing and assessing the major risks we face and reviewing, approving and monitoring our approach to addressing such risks;
- developing and reviewing the CEO's corporate objectives, annually evaluating the performance of the CEO against these objectives, determining his performance-based compensation annually and developing appropriate succession plans, from time to time; and
- reviewing, monitoring, and maintaining the integrity of the Company's controls and procedures, including its disclosure controls and procedures, its internal controls and procedures for financial reporting, and its compliance with the Code of Business Conduct and Ethics.

From time to time, the Board of Directors retains the services of external consultants to assist in the review of its governance practices. A current copy of the Corporate Governance Guidelines, the text of which is incorporated by reference into this Circular, is available, without charge, at www.imax.com and www.sedar.com or provided within one business day upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary, Tel: 905-403-6500.

Director Independence

The Board of Directors is comprised of a majority of independent directors as defined under applicable legal, regulatory and stock exchange requirements. Section 303A of the NYSE Listed Company Manual provides that no director qualifies as “independent” unless the Board of Directors affirmatively determines that such director has no material relationship with the Company, and Section 1.2 of Canadian National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”) provides that an independent director is a person other than an officer or employee of the Company, or an individual having a material relationship with the Company that in the opinion of the Board of Directors would interfere with the exercise of independent judgment in carrying out the responsibilities of the director. The NYSE Listed Company Manual and NI 58-101 set forth specific categories of relationships that disqualify a director from being independent.

The Board of Directors has reviewed the independence of each director and considered whether any director has a material relationship with the Company. As a result of this review, the Board of Directors affirmatively determined that each of the following directors, representing seven of our nine directors, is independent within the meaning of the NYSE, Canadian securities regulations, and SEC director independence standards, as currently in effect:

- | | | |
|--------------------|--------------------|----------------|
| •Neil S. Braun (1) | •David W. Leebron | •Darren Throop |
| •Eric A. Demirian | •Michael MacMillan | •Dana Settle |
| •Kevin Douglas | | |

(1) Mr. Braun will not stand for re-election at the Meeting.

Our Board of Directors’ independence determination was based on information provided by the directors and discussions among the officers and directors.

In making the foregoing independence determination, the Board of Directors noted that Mr. Throop is the President and CEO of Entertainment One Ltd., an entity which paid the Company approximately \$3,649 in 2020 as box office royalties for exhibiting IMAX films. The Board of Directors determined that these amounts are immaterial, and Mr. Throop has neither a direct nor indirect material interest in any transactions between the Company and Entertainment One Ltd.

In addition, the Board of Directors considered that Mr. Douglas is our largest individual shareholder, holding approximately 15.0% of our Common Shares as of April 12, 2021. However, the Board determined that, notwithstanding Mr. Douglas’ shareholdings, he has neither a direct nor indirect material interest in any transactions with the Company.

Mr. Wechsler served as Co-Chairman of the Board of Directors, along with Mr. Gelfond, from June 1999 to March 2009. On April 1, 2009, Mr. Wechsler became sole Chairman of the Board. Mr. Wechsler is not an independent director by virtue of his continuing compensation arrangements with the Company. By virtue of Mr. Gelfond’s current role as CEO, IMAX Corporation, he is not considered to be an independent director.

All members of the Compensation Committee, Audit Committee and Governance Committee are considered “independent” under each such Committee’s independence standards pursuant to the relevant U.S. and Canadian regulations. In the event any transaction or agreement is proposed in respect of which a director has a material interest, the director will be recused from voting on that matter and removed from the meeting while the transaction at issue is being considered by the Board of Directors.

Board Size and Composition

Our articles provide that the Board of Directors may be comprised of a minimum of 1 and a maximum of 15 directors with the actual number determined from time to time by resolution of the Board of Directors. As of the date of this Circular, the size of the Board of Directors has been set at nine directors. Messrs. Wechsler and Braun will not stand for re-election as directors at the Meeting. Following the Meeting, the size of the Board of Directors will be reduced to eight directors.

The Board of Directors recognizes that one of its key responsibilities is to evaluate and determine its optimal governance structure so as to provide independent oversight of management. The Board of Directors has determined that there is no single, generally accepted approach to providing governance and that given the evolving nature of our business, the right governance structure for the Board of Directors may vary as circumstances warrant. Consistent with this understanding, the independent directors consider the Board of Directors’ size and composition on an annual basis in connection with its annual self-evaluation.

In considering its governance structure, the Board of Directors has taken a number of factors into consideration. The Board of Directors, with a majority of its directors being independent directors, exercises strong, independent oversight. This oversight function is enhanced by the fact that all of the Board Committees and their respective chairpersons are comprised entirely of independent directors. A number of processes and procedures of the Board of Directors and of the Committees provide independent oversight of the CEO’s performance:

- regular executive sessions of the independent directors;
- the ability of independent directors to contact one another, the CEO and other executive officers at any time; and
- the annual evaluations of the performance of the CEO against pre-determined and other criteria.

We also provide instructions for our shareholders and other interested parties to communicate directly with the Board of Directors, see “Shareholder Communication” on page 7. The Board of Directors believes that these factors provide the appropriate balance between the authority of those who oversee the Company and of those who manage it on a day-to-day basis.

Board Refreshment

The Board of Directors recognizes the importance of Board of Directors refreshment and aims to strike a balance between the knowledge and experience that comes from longer tenures on the Board of Directors with the fresh ideas and perspectives that can come from adding new members. As a result of our refreshment efforts, the Board of Directors has nominated one new director for election at the Meeting, and will appoint a new independent Chair of the Board of Directors following the Meeting

Board Leadership Structure

Under our Corporate Governance Guidelines, the Board of Directors has the flexibility to determine the appropriate Board of Directors leadership structure. In making this determination, the Board of Directors considers many factors, including the needs of the business at the time, the assessment of its leadership needs, and the best interests of shareholders. When the Chair is not an independent director, the independent directors will appoint a lead independent director.

In October 2018, Mr. Leebron was chosen as the Lead Independent Director for the Board of Directors. As the Lead Independent Director, Mr. Leebron’s authority and responsibilities include presiding at meetings of the Board of Directors where the Chair of the Board is not present, including executive sessions, facilitating discussions among independent directors, having the ability to review and approve Board of Director meeting schedules, agendas, and materials and to call meetings of the independent directors, serving in an advisory capacity to the Chair and a liaison between the Chair and Chief Executive Officer on the one hand and the independent directors on the other, communicating views expressed by the independent directors in executive sessions or otherwise to the Chair of the Board and management, and performing other duties or functions that the Board of Directors may delegate. Given Mr. Leebron’s extensive leadership and management experience, the Board of Directors has determined that his appointment as the Lead Independent Director is optimal for the Company as he provides us with independent oversight, facilitates communication between independent directors and other stakeholders in the Company and offers collaborative and objective guidance to the Chair of the Board and the Board of Directors.

Following the election of directors at the Meeting, the Board of Directors intends to appoint an independent Chair. The Chair will ensure the Board of Directors’ time and attention are focused on effective oversight of the matters most critical to the Company.

The Board of Directors will routinely assess its Board leadership structure with careful consideration of the feedback obtained through shareholder engagement.

Risk Management

The Board of Directors is responsible for overseeing the various risks that we face. In this regard, the Board of Directors seeks to understand and oversee critical business risks. Risks are considered in virtually every business decision and as part of our overall business strategy.

While the Board of Directors is responsible for reviewing and assessing the major risks that we face and for reviewing, approving and monitoring our approach to addressing such risks, our management is charged with managing risk. We have robust internal processes and a strong internal control environment to identify and manage risks and to communicate with the Board of Directors through senior management. These include:

- an enterprise risk management program;
- regular internal management disclosure committee meetings;
- a Code of Business Conduct and Ethics;
- a Whistle Blower Program;
- an Anti-Bribery and Anti-Corruption Policy;
- a Corporate Policy and Procedure on Insider Trading;
- a Clawback Policy;
- rigorous product quality standards and processes; and
- a comprehensive internal and external audit process.

The Board of Directors and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program at least annually. Management communicates routinely with the Board of Directors and the Audit Committee on the significant risks identified and how they are being managed. The Board of Directors implements its risk oversight function both as a whole and through the Audit Committee. The Audit Committee oversees risks related to our financial statements, the financial reporting process, accounting, cybersecurity, data privacy and legal matters. The Audit Committee also oversees the internal audit

function and our Whistle Blower Program. The Audit Committee members meet separately with our CEO and representatives of the independent auditing firm a minimum of four times per year.

The Governance Committee assists the Board of Directors in its oversight of the Company's governance structure and other corporate governance matters, including the composition of the Board of Directors. The Compensation Committee reviews our compensation policies and practices to assess whether such policies and practices could lead to unnecessary risk-taking behavior of our employees.

The Board of Directors regularly engages in discussion of financial, legal, business, technology, economic, political and other risks. Because overseeing risk is an ongoing process and inherent in our strategic decisions, the Board of Directors also discusses risk in relation to specific proposed actions. For example, the Board of Directors was actively engaged in reviewing and assessing the risks related to the ongoing COVID-19 pandemic and its impact on the Company's business and financial position and overseeing management's strategies to manage such risks.

Nomination Process

The Governance Committee is responsible for identifying and recommending candidates for election or re-election to the Board of Directors. Such candidates are then nominated for election by a majority of our independent directors. The Governance Committee does not set forth specific, minimum qualifications that nominees must possess in order for the Governance Committee to recommend them to the Board of Directors, but rather believes that each nominee should be evaluated in light of opportunities and risks facing the Company and the competencies, skills and personal qualities that are desirable to contribute to our effective governance. In evaluating potential nominees for election and re-election as members of the Board of Directors, the Governance Committee seeks nominees that:

- manifest the highest integrity and possess the highest personal and professional ethics;
- have significant business experience or other organizational leadership experience that will allow the nominee to contribute significantly to the Company as a member of the Board of Directors;
- have the willingness and an ability to make the necessary time commitment to actively participate as a member of the Board of Directors;
- exhibit sound business judgment; and
- are committed to representing the long-term interests of our shareholders.

Candidates are identified from a number of sources including recommendations from directors, management, shareholders and others. The Governance Committee will consider any nominee recommended by a shareholder under the same criteria as any other potential nominee.

Shareholders who wish to have the Governance Committee consider the nomination of any person for director at the 2022 Annual Meeting of Shareholders should submit a shareholder proposal made in accordance with the provisions of the *Canadian Business Corporations Act* to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary no later than December 28, 2021, or by submitting a timely notice in compliance with the advance notice procedures set forth in By-Law No. 1 of the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary. We may require that a proposed nominee furnish additional information as may be reasonably required to determine the qualifications of such proposed nominee to serve as a director of the Company.

The Governance Committee charter mandates that the Governance Committee review, on a periodic basis, the current composition of the Board of Directors in light of the characteristics of independence, diversity, age, competencies, skills, experience, availability of service to the Company and tenure of the directors and of the Board of Directors’ anticipated needs. While the Governance Committee does not have a formal policy specifying how diversity of background and personal experience should be applied in reviewing the current composition of the Board of Directors or in identifying or evaluating candidates for the Board of Directors, the Governance Committee is committed to having a diverse Board of Directors in that it seeks individuals from different backgrounds with varying perspectives, professional experience, education and skills.

The Company has evaluated the number of (i) women; (ii) members of visible minorities; (iii) aboriginal persons; and (iv) persons with disabilities (collectively, the “Designated Groups”) represented on the Board of Directors or in senior management positions. We currently have one female director on the Board of Directors (11%) and no directors who identify as members of the other Designated Groups. We currently have four female members of our management team of sixteen (25%) and three other members of our management team who are members of a visible minority (18%). None of the other members of our management team identify as any of the other types of Designated Groups. The Company has not independently verified the responses of those who have self-identified as members of the Designated Groups. We do not have a policy on the representation of Designated Groups on the Board of Directors or on our management team, as the Board of Directors does not believe that quotas or strict rules necessarily result in the identification or selection of the best candidates. Rather, the Governance Committee takes into account the competencies, skills and personal qualities described above. However, the Board of Directors is mindful of the benefit of diversity in our leadership positions and the need to maximize the effectiveness of the Board of Directors and its decision-making abilities. Accordingly, in searches for new directors, the Board of Directors, and its third-party consultants that may be hired to assist in identifying candidates, consider the level of diversity as one of several factors used in its search process.

Director Term Limits

The Board of Directors has not established any term limits for directors but has adopted a mandatory retirement age of 80. It does not believe there to be a correlation between term of service and effective board performance and renewal. The Board of Directors has adopted processes whereby the Governance Committee, along with the Chair of the Board, periodically reviews the composition of the Board of Directors and the skills and experience required to best meet the needs of the Company. When a vacancy in the Board of Directors occurs, the Governance Committee, in conjunction with the Chair of the Board and the CEO, is responsible for identifying potential candidates for consideration based on the various experience and skills required as a result of such vacancy. In addition, the Governance Committee oversees an annual assessment of the effectiveness of the Board of Directors and Board Committees and self-assessments completed by the directors evaluating their individual performance and contributions to the Board of Directors.

Meetings of the Board of Directors and its Committees

During the fiscal year ended December 31, 2020, the Board of Directors held ten meetings, the Audit Committee held five meetings, the Compensation Committee held two meetings and the Governance Committee held one meeting. In addition to the meetings, the Compensation Committee also had extensive communications telephonically and through email correspondences to discuss several compensation related decisions, including the introduction of PSUs and NEO compensations. Each incumbent director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and Committees of the Board on which such director served during the fiscal year ended December 31, 2020. The directors are given the opportunity to hold executive sessions (where members of management are not in attendance) at all regularly scheduled Board of Directors meetings. A total of seven such executive sessions of the Board of Directors were held during 2020.

Our Board of Directors does not include a single director chosen to preside over the regularly scheduled (quarterly) executive sessions. Executive sessions which follow Board of Directors meetings are usually informal discussions which are often led by the Chair of the Board or a chair of one of the Board Committees, depending on the subjects to be discussed. The Chair of the Board reviews the matters to be discussed in executive sessions and determines which director or Board Committee chair is best placed to preside over the executive session. This process facilitates open and candid discussions among the directors.

The following incumbent directors attended the following number of Board of Directors meetings during the fiscal year ended December 31, 2020:

Richard L. Gelfond	10/10	Kevin Douglas	10/10	Michael MacMillan	10/10
Bradley J. Wechsler	10/10	David W. Leebron	10/10	Dana Settle	10/10
Neil S. Braun	10/10	Darren Throop	10/10	Eric A. Demirian	10/10

All of the members of the Audit Committee are independent directors and hold in camera sessions where members of management are not in attendance at least once each fiscal quarter. A total of four such in camera sessions were held during 2020.

While we encourage directors to attend our Annual Meeting of Shareholders, there is no formal policy concerning such attendance. All of the nine incumbent directors attended last year's Annual Meeting of Shareholders.

Committees of the Board

To assist it in discharging its duties effectively, the Board of Directors has delegated some of its duties to three committees of the Board: the Audit Committee; the Compensation Committee and the Governance Committee. Each of these committees and their respective chairs are appointed annually by the Board of Directors. Each committee has a written charter which sets out its principal duties and responsibilities. Each committee has the authority to retain special legal, accounting or other advisors. The following table shows the composition of each of our Board Committees on April 27, 2021.

Audit Committee

The Audit Committee is currently composed of Messrs. Demirian (Chair), Braun, and Leebron, each of whom is an independent director who meets the independence and other requirements of the NYSE and Canadian National Instrument 52-110 - *Audit Committees* standards applicable to Audit Committee members. The Board of Directors has established the Audit Committee for the purpose of overseeing:

- the quality and integrity of our financial statements and related disclosure;
- our compliance with legal and regulatory requirements;
- the independent auditors' qualifications and independence;
- the effectiveness of our risk management program, including with respect to cybersecurity and data privacy risk;
- the performance of our internal audit function;
- internal controls and procedures; and
- the performance of the independent auditors.

Each Audit Committee member has experience with various businesses and professions, which is relevant to their understanding of the accounting principles used by the Company in preparing its financial statements and to their understanding of the general applications of such accounting principles in connection with the accounting for estimates, accruals and reserves. These experiences have been with companies, businesses and professional organizations presenting a breadth and level of complexity of accounting issues generally comparable to those reasonably expected to be raised by our financial statements and have provided them with an understanding of internal controls and procedures for financial reporting. For more information on the education and experience of each Audit Committee member, see “Item No. 1 - Election of Directors” on page 8. The Board of Directors has determined that Mr. Demirian qualifies as an “audit committee financial expert” as that term is defined in Item 407(d)(5)(ii) of Regulation S-K as a result of Mr. Demirian’s qualifications as a Chartered Professional Accountant, a Chartered Accountant and as a Certified General Accountant. Mr. Demirian serves as the Chair of the Audit Committee.

The Audit Committee meets with our external auditors, both with and without management present, to review and discuss our accounting policies, our quarterly and year-end financial statement information and their presentation, and significant financial issues which may arise for our Company. The Audit Committee operates under a written mandate adopted by our Board of Directors. A current copy of the Audit Committee Charter is available, without charge, at www.imax.com or upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary.

Compensation Committee

The Compensation Committee is currently composed of Messrs. Throop (Chair) and Douglas and Ms. Settle, each of whom is an independent director. The Compensation Committee is responsible for evaluating and making recommendations to the Board of Directors regarding our equity-based and incentive compensation plans, policies and programs. In addition, the Compensation Committee approves or recommends to the Board of Directors the compensation package (including components, quantum and timing) for our CEO, sets his performance factors, and assesses his performance on a periodic basis. On an annual basis, the Compensation Committee reviews and approves the components and the amount of compensation paid to certain of our senior executives. The Compensation Committee has been actively engaged in implementing changes that will promote greater alignment between executive compensation and the long-term priorities of the Company, which include the design and granting of PSUs as part of executive compensation for the CEO and NEOs.

The Compensation Committee has the authority to retain outside consultants to provide independent advice to the Compensation Committee. In 2020, the Compensation Committee retained compensation consultants. For additional information on the role of outside consultants, please see “Role of Outside Consultants” on page 35.

The Compensation Committee is responsible for performing the functions required of it under our equity award plans, including the grant of stock options, RSUs and PSUs from time to time, which grants are subject to guidelines determined by our Human Resources department and the Compensation Committee. The Compensation Committee enacts written resolutions from time to time authorizing the grant of stock options, RSUs and PSUs. The Compensation Committee operates under a written mandate adopted by our Board of Directors. A current copy of the Compensation Committee Charter is available, without charge, at www.imax.com or upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary.

Governance Committee

The Governance Committee is currently composed of Messrs. Leebron (Chair), Braun, MacMillan and Ms. Settle, each of whom is an independent director. The Governance Committee is responsible for monitoring and evaluating our corporate policies and governance practices, monitoring significant developments in the law and practice of corporate governance, monitoring and evaluating our compliance with the law, monitoring and evaluating compliance with our articles, by-laws and governance agreements, and monitoring the effectiveness of the Board of Directors and Board Committees in the discharge of their general oversight responsibilities.

The Governance Committee is responsible for identifying and recommending candidates for election to the Board of Directors. The Governance Committee evaluates potential new candidates for the Board of Directors on an ongoing basis in light of the opportunities and risks facing us and the competencies, skills and personal qualities that are desirable to add value and to contribute to our effective governance. The Governance Committee also has the authority to engage consultants and third-party search firms to assist in identifying qualified candidates for the Board of Directors. In 2020, the Governance Committee retained an independent search firm to identify and evaluate potential director candidates. The firm provides background information and qualifications of potential candidates and, if directed, makes initial contacts with potential candidates. The Governance Committee, together with the CEO and other members of the Board and/or senior management, meet with and interview potential candidates. Mr. Steve Pamon, who is standing for election by shareholders for the first time, was recommended to the Governance Committee by the retained search firm.

The Governance Committee operates under a written mandate adopted by our Board of Directors. A current copy of the Governance Committee Charter is available, without charge, at www.imax.com or upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary.

Orientation and Education

We have developed and implemented orientation materials and procedures for new directors. In this regard, a Board of Directors Manual is provided to all new directors. New directors also have access to fellow directors and senior management and are invited to attend orientation sessions as necessary. Reports, materials and presentations relating to our business are provided to the Board of Directors on a periodic basis. Directors are also offered annual membership in the National Association of Corporate Directors, at our expense.

Board and Committee Self-Assessment

Periodically, and at least annually, each director and committee member completes a review and self-evaluation of the Board of Directors' and Board Committees' operating effectiveness as well as his or her own individual performance as a member of the Board of Directors. The input is summarized on a confidential basis and provided to the Chair of the Governance Committee. The results of the evaluations are reported to the Board of Directors. Any agreed upon improvements are implemented as applicable.

Written Position Descriptions

Mr. Wechsler's Services Agreement includes a written position description for his role as the Chairman of the Board. Mr. Wechsler will not stand for reelection as director at the Meeting. The Board of Directors is responsible for the appointment of the Chair of the Board and for the appointment of the Chair and members of each Board Committee. The Board of Directors and Committees of the Board each operate within written mandates established and periodically reviewed by the Board of Directors. The Chair of each committee is responsible for reporting on the activities of that committee to the full Board of Directors on a periodic basis.

The Board of Directors has not developed a written position description for the CEO. The Board of Directors and the CEO develop, on an annual basis, detailed written corporate objectives and parameters pursuant to which the CEO operates our business. The Board of Directors is also responsible for annually evaluating the CEO against these objectives.

Directors' Share Ownership Guidelines

To support the alignment of directors' interests with those of our shareholders, non-management directors are required, in accordance with the Share Ownership Guidelines, to achieve and maintain share ownership of at least two times their annual retainer. Directors subject to the policy must satisfy the guidelines within four years of the date such director first became subject to the policy. As of April 1, 2021, all of the non-management directors had met their share ownership guidelines within the required time frame.

Name	Guideline (% Annual Retainer) (1)	Current Ownership (% of salary)
Bradley J. Wechsler	200%	354%
Neil S. Braun	200%	1,379%
Eric A. Demirian	200%	1,118%
Kevin Douglas	200%	285,077%
David W. Leebron	200%	2,391%
Michael MacMillan	200%	783%
Dana Settle	200%	995%
Darren Throop	200%	432%

(1) Pursuant to the Company's Share Ownership Guidelines, compliance with such guidelines is measured as of April 1st of each year.

Mr. Douglas' holdings in excess of 8 million Common Shares far exceeded his Share Ownership Guideline requirement and have been omitted from the chart above for clarity.

CORPORATE RESPONSIBILITY

The Company makes it a priority to operate its business in a responsible and sustainable manner. This not only helps us manage risks and maximize opportunities, but it also helps us to contribute our society's wider goal of sustainable development. This effort includes, but is not limited to, conducting business in a socially responsible and ethical manner, supporting human rights, and not engaging in activities that harm the environment. The Company recognizes the importance of protecting our social, financial, informational, environmental, and reputational assets.

HUMAN CAPITAL

The Company is a globally diverse brand with the mission to connect the world through extraordinary experiences that inspire us to reimagine what's possible, together. The Company has the power to inspire, ignite and involve its teams, customers, and partners across the 1,650 IMAX Theater Systems in its network to transcend the ordinary. However, the Company understands that these experiences are only made possible through its employees' diverse range of unique abilities and perspectives and its ability to attract, retain, and engage a talented, inclusive and respected workforce.

As of December 31, 2020, the Company had 622 full-time employees, of whom 142 employees were based outside of North America.

Total Rewards

The Company continues to have a total rewards mindset that encompasses all that is provided to its employees in the form of financial and nonfinancial compensation, benefits, well-being, and growth opportunities. The goal of these total rewards programs is to provide employees with market competitive offerings, opportunities and experiences that evolve over time.

As the Company continues to evolve as an organization, it continues to modernize its total rewards programs to deliver and drive a better employee experience and adequately reflect a diverse, multigenerational, and talented workforce.

The structure of the Company's total rewards programs balances base compensation, incentive compensation for both short-term and long-term performance and a focus on total well-being.

The Company's comprehensive benefit program is a valuable piece of the Company's total rewards package. All active, full-time employees are eligible for the benefit program, which includes medical, dental and vision coverage for employees and their families; provides income protection should employees become disabled and/or unable to work; and offers life and accidental death and dismemberment insurance. The Company provides parental leave to all new parents for birth, adoption, or foster placement. The Company also maintains additional benefit programs to support the financial, mental, and physical well-being of its employees.

The Company's employee salaries and wages are competitive and consistent with employee positions, skill levels, experience, knowledge, and geographic location. Job function relative to salaries and wages are evaluated and benchmarked annually. By providing long-term equity-based incentive compensation, the Company aligns the interests of its employees with its shareholders.

The Company partners with multiple external industry experts around compensation and benefits to support and independently evaluate its total rewards programs. The Company receives advice from such experts relating to global benefits offerings and employee compensation to ensure alignment with its peers within the industry.

Diversity and Inclusion

The Company's culture is defined by its core values of Inspire, Ignite, and Involve, and the Company is committed to Diversity and Inclusion ("D&I"), which the Company views as the intersection of differences sparking exploration, creativity, innovation and collaboration. The Company's focus with respect to D&I is to attract, retain, and engage a talented, inclusive, and respected workforce. The Company has assembled a D&I council of employees across levels, tenure, and demographic background to assist the Company in executing the four key pillars of its global D&I strategy:

- Raise awareness and educate those around the Company on issues that are important to its people and its audiences.
- Empower the Company's people and leadership to be champions of diversity, equity, and inclusion by rewarding positive behaviors and encouraging frequent feedback and input.
- Communicate and connect using inclusive and concise messages.
- Ensure that equal opportunity and diversity of people is non-negotiable in how the Company attracts, selects, supports, develops, and rewards its people, and in whom IMAX chooses to partner with.

Employee Health and Safety

Recognizing the various employee health and safety risks associated with the delivery of the world's most immersive movie-going experience, the Company has implemented a global program for workplace safety that ensures it has the necessary controls in place to strive to keep its employees and visitors safe. Employee health and safety at the Company is a shared responsibility that requires continuous effort. Risks to the health and safety of the Company's employees are present in day-to-day office work, building renovation, manufacturing, logistics, training, testing, research and development, and during the designing, installation and service of the Company's theaters around the world. Every employee at each IMAX location, workplace, business unit and department is responsible for participating in workplace safety planning activities and managers are responsible for employee health and safety program implementation for their business function. This effort is supported by a cross-functional Health and Safety team dedicated to employee health and safety and business continuity.

This relentless focus and commitment to the health and safety of the Company's employees was never more evident than in the Company's approach to COVID-19. Specifically, the Company:

- Instituted a cross-functional pandemic response team to support decision making and implementation of COVID-19 response programs;
- Supported a quick pivot to a virtual workplace and scheduling flexibility to meet competing personal demands; and
- Developed an illness reporting process to encourage those who were ill to stay home and focus on their health.
- Increased communication with the introduction of a dedicated resource page on its intranet for information related to the understanding of: COVID-19, local resources, and access to mental well-being support;
- For work locations that remained open, the Company;
- Required training before entering its office locations;
- Increased cleaning protocol;
- Upgraded air filtration and ventilation systems;
- Provided access to personal protective equipment;
- Mandated daily health screenings;
- Mandated masks for those entering the facility;
- Required social distancing and implemented flow of traffic requirements in the building; and
- Modified workspaces to allow for social distancing and plexiglass protections where necessary.

CODE OF BUSINESS CONDUCT AND ETHICS

We have a Code of Business Conduct and Ethics (the “Code of Ethics”) applicable to all employees, including our CEO, CFO, and Controller and all other persons performing similar functions, and all directors and consultants. Any incidents or reports made in connection with a potential violation of the Code of Ethics are reported to the Audit Committee through (i) the Whistle Blower hotline or (ii) our internal audit function. The Code of Ethics is distributed to applicable individuals on commencement of service and annually thereafter. Such individuals are required to acknowledge receipt of, read and agree to abide by the Code of Ethics. A current copy of the Code of Ethics is available, without charge, at www.imax.com or upon written request at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada L5K 1B1, Attention: Corporate Secretary. Any amendments to, or waivers of, the Code of Ethics which specifically relate to any financial professional will be disclosed promptly following the date of such amendment or waiver at www.imax.com.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

None of our directors or executive officers, or any security holder of record as of the date of this Circular who owned, of record or to our knowledge, more than 5% of our outstanding Common Shares, or any member of such person’s immediate family, had any material interest, direct or indirect, in any transaction during the last fiscal year, or since the commencement of the current fiscal year, in any completed or proposed transaction, except for the following:

Mr. Douglas is our largest individual shareholder, holding approximately 15.0% of our Common Shares as of April 12, 2021. However, the Board of Directors has determined that, notwithstanding Mr. Douglas’ shareholdings, he has neither a direct nor indirect material interest in any transactions with the Company.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

On a regular basis, we require our directors, nominees for director and executive officers to identify to the Board of Directors transactions and/or relationships which could constitute transactions with a related person as defined in Item 404(a) of Regulation S-K. For any potential transaction in which a director, executive officer, nominee for director, 5% or greater beneficial owner, any immediate family members of the foregoing, or other related person would have a material interest that is expected to exceed \$120,000 in a single calendar year, such transaction is reviewed, in advance, by our Chief Legal Officer and Chief Compliance Officer to ensure compliance with our Code of Ethics and to evaluate the disclosure requirements under Item 404(a) of Regulation S-K before being considered for approval by the Board of Directors. In the course of its review and approval or ratification of a related person transaction, the Board of Directors considers:

- the approximate dollar value of the transaction;
- the related person’s interest in the transaction and the approximate dollar value of such interest without regard to any profit or loss;
- the position of the related person within the Company or relationship with the Company;
- the materiality of the transaction to the related person and the Company;
- whether the transaction was undertaken in the ordinary course of business of the Company;
- whether the transaction would impair the independence of a non-employee director;
- whether the transaction with the related person is proposed to be, or was, entered into on terms no less favorable to the Company than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to the Company of, the transaction; and
- any other information regarding the transaction or the related person in the context of the transaction that would be material to investors in light of the circumstances of the particular transaction.

Currently, we do not have a formal written policy governing transactions with related persons. In the event any transaction or agreement occurs in respect of which a director has a material interest, the director will be recused from voting on that matter and will not participate in the meeting while the transaction at issue is being considered by the Board of Directors.

NON-GAAP FINANCIAL MEASURES

(in thousands of U.S. dollars, except per share amounts)

In this Circular, the Company presents adjusted net (loss) income attributable to common shareholders and adjusted net (loss) income attributable to common shareholders per diluted share, EBITDA, Adjusted EBITDA per Credit Facility, and free cash flow as supplemental measures of the Company's performance, which are not recognized under U.S. GAAP. Adjusted net (loss) income attributable to common shareholders and adjusted net (loss) income attributable to common shareholders per basic and diluted share exclude, where applicable: (i) share-based compensation; (ii) COVID-19 government relief benefits, (iii) legal judgment and arbitration awards; (iv) exit costs, restructuring charges and associated impairments, (v) loss in the fair value of investments, as well as the related tax impact of these adjustments, and (vi) income taxes resulting from management's decision to no longer indefinitely reinvest the historical earnings of certain foreign subsidiaries.

The Company believes that these non-GAAP financial measures are important supplemental measures that allow management and users of the Company's financial statements to view operating trends and analyze controllable operating performance on a comparable basis between periods without the after-tax impact of share-based compensation and certain unusual items included in net (loss) income attributable to common shareholders. Although share-based compensation is an important aspect of the Company's employee and executive compensation packages, it is a non-cash expense and is excluded from certain internal business performance measures.

A reconciliation from net (loss) income attributable to common shareholders and the associated per share amounts to adjusted net (loss) income attributable to common shareholders and adjusted net (loss) income attributable to common shareholders per diluted share is presented in the table below. Net (loss) income attributable to common shareholders and the associated per share amounts are the most directly comparable GAAP measures because they reflect the earnings relevant to the Company's shareholders, rather than the earnings attributable to non-controlling interests. Accordingly, beginning in the first quarter of 2020, the Company updated its reconciliations of these non-GAAP financial measures to reflect this approach.

As allowed by the Credit Agreement, Adjusted EBITDA per Credit Facility includes adjustments in addition to the exclusion of interest, taxes, depreciation and amortization. Adjusted EBITDA per Credit Facility measure is presented to allow a more comprehensive analysis of the Company's operating performance and to provide additional information with respect to the Company's compliance against its Credit Agreement requirements when applicable. In addition, the Company believes that Adjusted EBITDA per Credit Facility presents relevant and useful information widely used by analysts, investors and other interested parties in the Company's industry to evaluate, assess and benchmark the Company's results.

EBITDA is defined as net income or loss excluding (i) interest expense, net of interest income; (ii) income tax expense or benefit; and (iii) depreciation and amortization, including film asset amortization. Adjusted EBITDA per Credit Facility is defined as EBITDA excluding: (i) share-based and other non-cash compensation; (ii) gain or loss in fair value of investments; (iii) write-downs, net of recoveries, including asset impairments and credit loss expense; (iv) legal judgment and arbitration award; (v) gain or loss from equity accounted investments; and (vi) exit costs, restructuring charges and associated impairments.

A reconciliation of net loss attributable to common shareholders, which is the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA per Credit Facility is presented in the table below. Net loss attributable to common shareholders is the most directly comparable GAAP measure because it reflects the earnings relevant to the Company's shareholders, rather than the earnings attributable to non-controlling interests. Accordingly, beginning in the first quarter of 2020, the Company updated its reconciliations of these non-GAAP financial measures to reflect this approach.

Free cash flow is defined as cash provided by operating activities minus cash used in investing activities (from the condensed consolidated statements of cash flows). Cash provided by operating activities consist of net (loss) income, plus depreciation and amortization, plus the change in deferred income taxes, plus other non-cash items, plus changes in working capital, less investment in film assets, plus other changes in operating assets and liabilities. Cash used in investing activities includes capital expenditures, acquisitions and other cash used in investing activities. Management views free cash flow, a non-GAAP measure, as a measure of the Company's after-tax cash flow available to reduce debt, add to cash balances, and fund other financing activities. Free cash flow does not represent residual cash flow available for discretionary expenditures. A reconciliation of cash provided by operating activities to free cash flow is presented below.

These non-GAAP measures may not be comparable to similarly titled amounts reported by other companies. Additionally, the non-GAAP financial measures used by the Company should not be considered as a substitute for, or superior to, the comparable GAAP amounts.

In the case of joint holders the cheque shall, unless such joint holders otherwise direct, be made payable to the order of all of such joint holders and mailed to them at their recorded address. Section 8

PROTECTION OF DIRECTORS AND OFFICERS

8.1 **Indemnification of Directors and Officers.** The Corporation shall indemnify a director or officer of the Corporation, a former director or officer of the Corporation or a person who acts or acted at the Corporation's request as a director or officer of a body corporate of which the Corporation is or was a shareholder or creditor, and his or her heirs and legal representatives to the extent permitted by the Act.

8.2 **Indemnity of Others.** Except as otherwise required by the Act and subject to paragraph 8.1, the Corporation may from time to time indemnify and save harmless any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that he or she is or was an employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, agent or participant in another body corporate, partnership, joint venture, trust or other enterprise, against expenses (including legal fees), judgments, fines and any amount actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted honestly and in good faith with a view to the best interests of the Corporation and, with respect to any criminal or administrative action or proceeding that is enforced by a monetary penalty, had reasonable grounds for believing that his or her conduct was lawful. The termination of any action, suit or proceeding by judgment, order, settlement or conviction shall not, of itself, create a presumption that the person did not act honestly and in good faith with a view to the best interests of the Corporation and, with respect to any criminal or administrative action or proceeding that is enforced by a monetary penalty, had no reasonable grounds for believing that his or her conduct was lawful.

8.3 **Right of Indemnity Not Exclusive.** The provisions for indemnification contained in the By-law of the Corporation shall not be deemed exclusive of any other rights to which any person seeking indemnification may be entitled under any agreement, vote of shareholders or directors or otherwise, both as to action in his or her official capacity and as to action in another capacity, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs and legal representatives of such a person.

8.4 **No Liability of Directors or Officers for Certain Matters.** To the extent permitted by law, no director or officer for the time being of the Corporation shall be liable for the acts, receipts, neglects or defaults of any other director or officer or employee or for joining in any receipt or act for conformity or for any loss, damage or expense happening to the Corporation through the insufficiency or deficiency of title to any property acquired by the Corporation or for or on behalf of the Corporation or for the insufficiency or deficiency of any security in or upon which any of the moneys of or belonging to the Corporation shall be placed out or invested or for any loss or damage arising from the bankruptcy, insolvency or tortious act of any person, firm or body corporate with whom or which any moneys, securities or other assets belonging to the Corporation shall be lodged or deposited or for any loss, conversion, misapplication or misappropriation of or any damage resulting from any dealings with any moneys, securities or other assets belonging to the Corporation or for any other loss, damage or misfortune whatever which may happen in the execution of the duties of his or her respective office or trust or in relation thereto unless the same shall happen by or through his or her failure to act honestly and in good faith with a view to the best interests of the Corporation and in connection therewith to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. If any director or officer of the Corporation shall be employed by or shall perform services for the Corporation otherwise than as a director or officer or shall be a member of a firm or a shareholder, director or officer of a body corporate which is employed by or performs services for the Corporation, the fact of his or her being a director or officer of the Corporation shall not disentitle such director or officer or such firm or body corporate, as the case may be, from receiving proper remuneration for such services.

Section 9

MISCELLANEOUS

9.1 **Omissions and Errors.** The accidental omission to give any notice to any shareholder, director, officer or auditor or the non-receipt of any notice by any such person or any error in any notice not affecting the substance thereof shall not invalidate any action taken at any meeting to which the notice related.

9.2 **Persons Entitled by Death or Operation of Law.** Every person who, by operation of law, transfer, death of a shareholder or any other means whatsoever, becomes entitled to any share, shall be bound by every notice in respect of such share which shall have been duly given to the shareholder from whom title is derived to such share prior to his or her name and address being entered on the securities register.

9.3 **Waiver of Notice.** A shareholder, proxyholder, director, officer or auditor may at any time waive any notice, or waive or abridge the time for any notice, required to be given to him or her under any provision of the Act, the regulations thereunder, the Articles or otherwise and such waiver or abridgment, whether given before, during, or after the meeting or other event of which notice is required to be given, shall cure any default or defect in the giving or in the time of such notice, as the case may be. Any such waiver or abridgment shall be in writing except a waiver of notice of a meeting of shareholders or of the Board or of a committee of the Board which may be given in any manner. Attendance at a meeting by a person shall constitute a waiver of notice of the meeting, except where such person attends such meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called.

9.4 **Invalidity of any Provision of this By-law.** The invalidity or unenforceability of any provision of this By-law shall not affect the validity or enforceability of the remaining provisions of this By-law.

Section 10

REPEAL

10.1 **Repeal.** By-Law No. 1 of the Corporation adopted and confirmed by the shareholders of the Corporation on June 2, 2014 is repealed on the coming into force of this Amended and Restated By-Law No. 1. Such repeal shall not affect the previous operation of By-Law No. 1 of the Corporation or any of its predecessors or affect the validity of any act done or right, privilege, obligation or liability acquired or incurred under or the validity of any contract or agreement made pursuant to any such by-law prior to its repeal. All officers and persons acting under the by-law so repealed shall continue to act as if appointed by the directors under the provisions of this By-law or the Act until their successors are appointed.
