

This presentation contains forward looking statements that are based on IMAX® management's assumptions and existing information and involve certain risks and uncertainties which could cause actual results to differ materially from future results expressed or implied by such forward looking statements. These forward-looking statements include, but are not limited to, references to business and technology strategies and measures to implement strategies, competitive strengths, goals, expansion and growth of business, operations and technology, future capital expenditures (including the amount and nature thereof), industry prospects and consumer behavior, plans and references to the future success of IMAX Corporation, together with its consolidated subsidiaries (the "Company"), and expectations regarding its future operating, financial and technological results.

These forward-looking statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, as well as other factors it believes are appropriate in the circumstances. However, whether actual results and developments will conform with the expectations and predictions of the Company is subject to a number of risks and uncertainties, including, but not limited to, risks associated with investments and operations in foreign jurisdictions and any future international expansion, including those related to economic, political and regulatory policies of local governments and laws and policies of the United States and Canada, as well as geopolitical conflicts; risks related to the Company's growth and operations in China; the performance of IMAX DMR® films and other films released to the IMAX network; the signing of IMAX system agreements; conditions, changes and developments in the commercial exhibition industry; risks related to currency fluctuations; the potential impact of increased competition in the markets within which the Company operates, including competitive actions by other companies; the failure to respond to change and advancements in technology; risks relating to consolidation among commercial exhibitors and studios; risks related to brand extensions and new

business initiatives: conditions in the in-home and out-of-home entertainment industries; the opportunities (or lack thereof) that may be presented to and pursued by the Company; risks related to cybersecurity and data privacy; risks related to the Company's inability to protect its intellectual property; risks related to climate change; risks related to weather conditions and natural disasters that may disrupt or harm the Company's business; risks related to the Company's indebtedness and compliance with its debt agreements; general economic, market or business conditions; risks related to political, economic and social instability; the failure to convert system backlog into revenue; changes in laws or regulations; any statements of belief and any statements of assumptions underlying any of the foregoing; other factors and risks outlined in the Company's periodic filings with the United States Securities and Exchange Commission or in Canada, the System for Electronic Document Analysis and Retrieval; and other factors, many of which are beyond the control of the Company. Consequently, all of the forward-looking statements made in this earnings presentation are qualified by these cautionary statements, and actual results or anticipated developments by the Company may not be realized, and even if substantially realized, may not have the expected consequences to, or effects on, the Company. These factors, other risks and uncertainties and financial details are discussed in the Company's most recent Annual Report on Form 10-K to be filed subsequent to this earnings presentation. The forward-looking statements herein are made only as of the date hereof and the Company undertakes no obligation to update publicly or otherwise revise any forward-looking statements, whether as a result of new information, future events or otherwise.

IMAX Holds a Powerful Position in the Entertainment Industry; IMAX's Unique Platform Delivers Value Throughout the Ecosystem

1

IMAX is the future of moviegoing

Premium technology + Diversified global

content portfolio

2

Unmatched global network scale

The only worldwide premium network in 90 countries and territories

3

Highly recurring revenue model

Long-tailed cash flows with robust contracted system pipeline 4

Strong operating leverage

Flexible, asset-lite business with high incremental margins 5

Attractive capital position

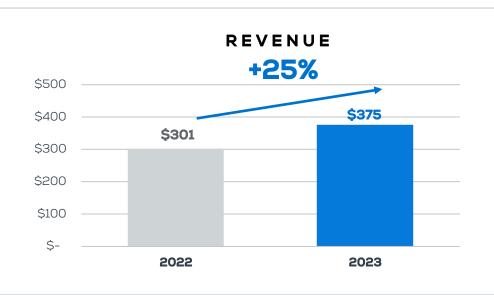

Healthy cash flow, low debt with strong track record of returning capital to shareholders 6

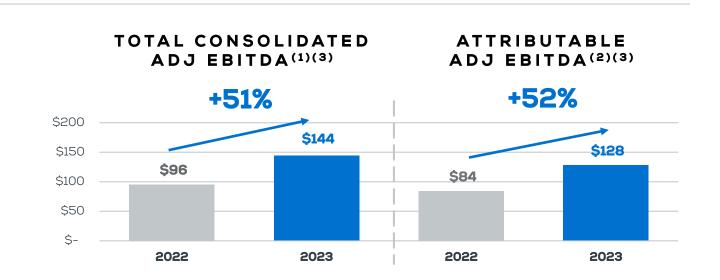

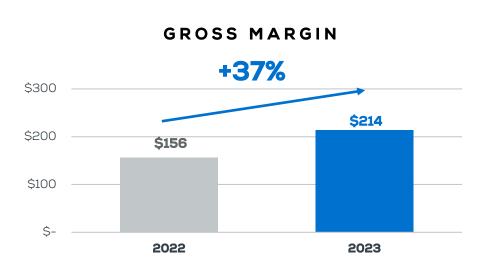

Extending
The IMAX Experience

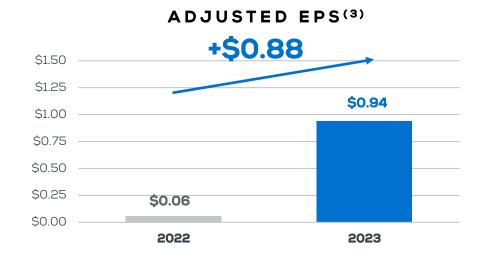

Expanding beyond theatrical to drive core brand value and create new revenue streams

2023 - Positive Momentum Continues

(2) Adjusted EBITDA per Credit Facility attributable to common shareholders.

(3) Non-GAAP financial measure. See appendix for reconciliation and definition of non-GAAP financial results*

Top and bottom-line growth expected in 2024

| | IMAX Box Office | Installations | Total Consolidated Adjusted EBITDA ² Margin % |
|------------------|-----------------------|------------------------|--|
| 2024 Guidance | Similar level to 2023 | 120 - 150 ¹ | High 30's Percent |
| 2023 Actuals | \$1.06B | 128 | 38.4% |
| 2022 Actuals | \$850M | 92 | 31.8% |

Expect growth acceleration in 2025: At least high-single digit revenue growth driven by accelerating IMAX box office and mid-single digit network growth. Target Total Consolidated Adjusted EBITDA margin to be ~40%.

IMAX is at the Nexus of Positive Industry Trends and Wields Key Advantages in Navigating the Changing Marketplace

Benefits from strong secular tailwinds...

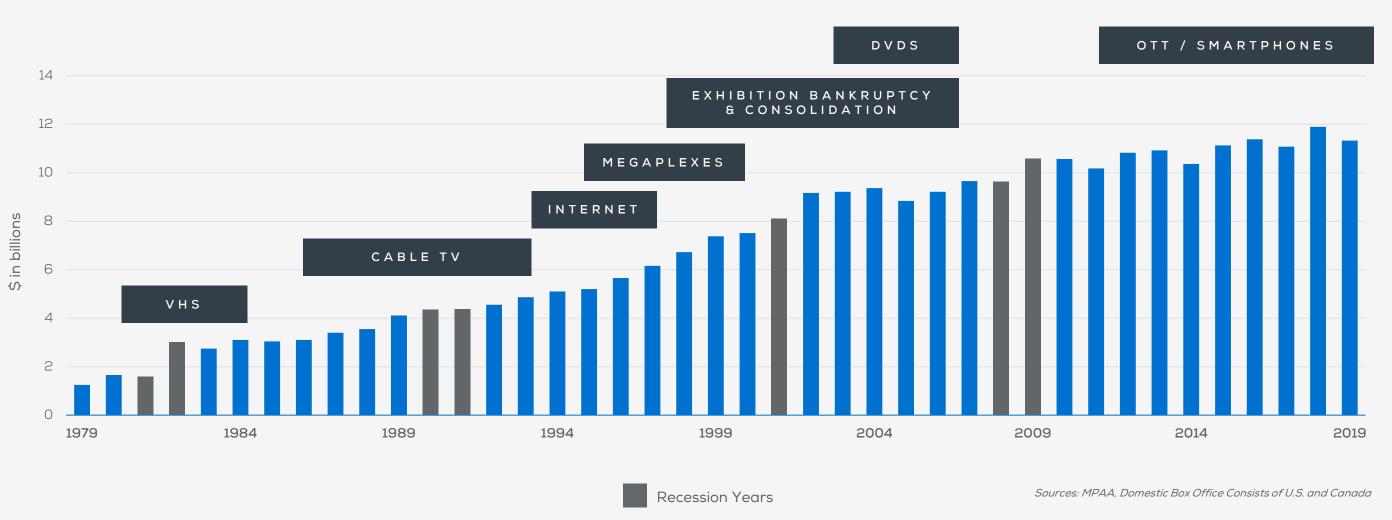

Growing Demand for IMAX amongst Filmmakers and Studios Premium Entertainment Platform Gaining Global Popularity

...While heavily insulated from industry risks

| RISKS | IMAX ADVANTAGE |
|---|--|
| Industry Consolidation | IMAX screens located in top performing exhibitor complexes; insulated from potential consolidation of exhibitor customers In North America, approximately 80% of box office from IMAX screens is generated in the top 20% of North American locations |
| Shortened Theatrical Window | Studios partner with IMAX to generate buzz, increase box office, and ultimately drive downstream revenue and long-term franchise value |
| Streaming and Premium Video On-Demand Releases | IMAX box office driven by blockbusters which require theatrical releases Moviegoers that attend IMAX films are typically superfans who crave cultural events and experiences |

RECESSION RESISTANT BUSINESS

Domestic Theatrical Market has Demonstrated Stability Despite the Proliferation of Entertainment Options and Recessionary Climates

IMAX Technology

Development Phase Underway

 Developing and expect to deploy at least 4 new film cameras in the next several years

A Winning Team

 Cooperative effort with Kodak, Panavision, and FotoKem

More Access for Filmmakers

 Will increase fleet of IMAX film cameras by 50%

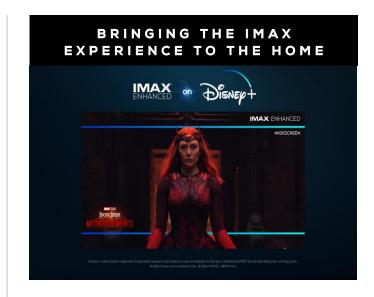

Transformation to an All IMAX-with-Laser Product Line

- IMAX's Most Advanced Theatrical Experience
- Advanced 4K projection and 12-channel sound
- Fueling continued network growth in markets around the world

Cloud Optimized

- The IMAX Film Remastering software process is now available in the cloud
- Cloud-delivered service enhances the digital image using techniques such as sharpening, color correction, grain and noise removal and the elimination of unsteadiness and removal of unwanted artifacts
- Cloud-based Film Remastering allows us to further our local language strategy while improving operating expenses

Streaming and Consumer Technology

- Next gen Al software addresses streamers' profitability challenges
- StreamSmart[™] optimizes distribution costs without compromising quality
- StreamAware[™] monitors and validates every pixel with fewer resources
- Remastered IMAX blockbusters to captivate and retain subscribers
- Elevating end-to-end experiences with best-in-class certified devices

²The Convertible Senior Notes bear interest at a rate of 0.500% per annum on the principal of \$230.0 million, payable semi-annually in arrears on April 1 and October 1 of each year. The Convertible Notes will mature on April 1, 2026, unless earlier repurchased, redeemed or converted. In connection with the pricing of the Convertible Notes, the Company entered into privately negotiated capped call transactions with an initial cap price of \$37.2750 per share of the Company's common shares.

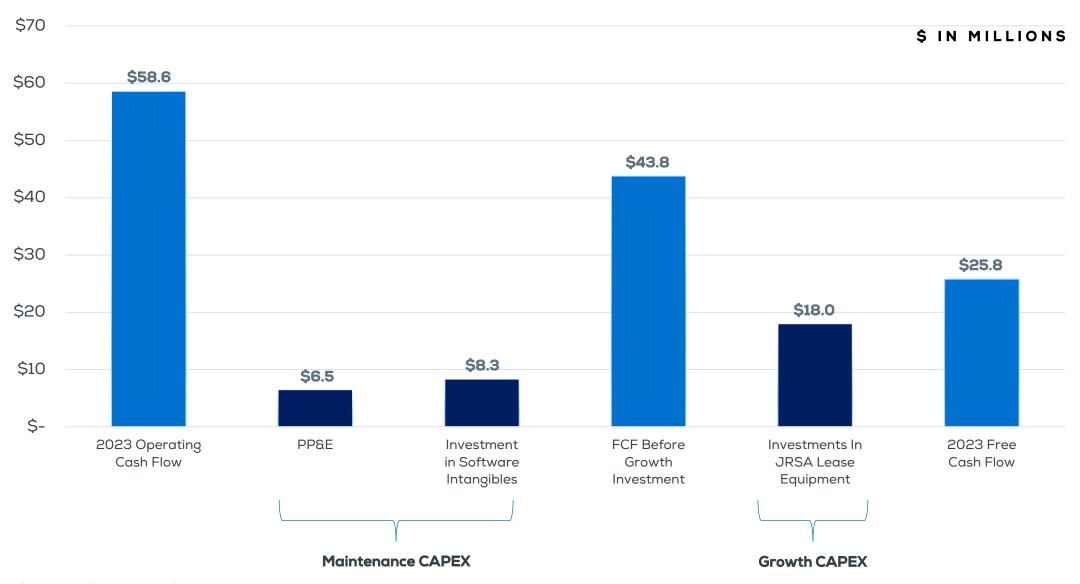

IMAX Repurchased \$175M, 19% of Shares Outstanding Since 2020

Full Year 2023 Cash Flow Reflects Strong Year-Over-Year Improvement

In this presentation, the Company presents adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per basic and diluted share, EBITDA, Adjusted EBITDA per Credit Facility, Adjusted EBITDA margin as supplemental measures of the Company's performance, which are not recognized under U.S. GAAP. Adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per basic and diluted share exclude, where applicable: (i) share-based compensation; (ii) COVID-19 government relief benefits, net; (iii) realized and unrealized investment gains or losses; (iv) transaction-related expenses; and (v) restructuring and executive transition costs, as well as the related tax impact of these adjustments.

The Company believes that these non-GAAP financial measures are important supplemental measures that allow management and users of the Company's financial statements to view operating trends and analyze controllable operating performance on a comparable basis between periods without the after-tax impact of share-based compensation and certain unusual items included in net income (loss) attributable to common shareholders. Although share-based compensation is an important aspect of the Company's employee and executive compensation packages, it is a non-cash expense and is excluded from certain internal business performance measures.

A reconciliation from net income (loss) attributable to common shareholders and the associated per share amounts to adjusted net income attributable to common shareholders and adjusted net income attributable to common

shareholders per diluted share is presented in the table below. Net income (loss) attributable to common shareholders and the associated per share amounts are the most directly comparable GAAP measures because they reflect the earnings relevant to the Company's shareholders, rather than the earnings attributable to non-controlling interests.

In addition to the non-GAAP financial measures discussed above, management also uses "EBITDA," as such term is defined in the Company's Credit Agreement, and which is referred to herein as "Adjusted EBITDA per Credit Facility." As allowed by the Credit Agreement, Adjusted EBITDA per Credit Facility includes adjustments in addition to the exclusion of interest, taxes, depreciation and amortization. Adjusted EBITDA per Credit Facility measure is presented to allow a more comprehensive analysis of the Company's operating performance and to provide additional information with respect to the Company's compliance against its Credit Agreement requirements when applicable. In addition, the Company believes that Adjusted EBITDA per Credit Facility presents relevant and useful information widely used by analysts, investors and other interested parties in the Company's industry to evaluate, assess and benchmark the Company's results.

EBITDA is defined as net income or loss excluding (i) income tax expense or benefit; (ii) interest expense, net of interest income; (iii) depreciation and amortization, including film asset amortization; and (iv) amortization of deferred financing costs. Adjusted EBITDA per Credit Facility is defined as EBITDA excluding: (i) share-based and other non-cash compensation; (ii) realized and unrealized investment gains or losses; (iii) transaction-related expenses; (iv) restructuring and executive transition costs; and (v) write-downs, net of recoveries, including asset impairments and credit loss expense.

A reconciliation of net income (loss) attributable to common shareholders, which is the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA per Credit Facility is presented in the table below. Net income (loss) attributable to common shareholders is the most directly comparable GAAP measure because it reflects the earnings relevant to the Company's shareholders, rather than the earnings attributable to non-controlling

interests.

In this presentation, the Company also presents free cash flow, which is not recognized under U.S. GAAP, as a supplemental measure of the Company's liquidity. The Company definition of free cash flow deducts only normal recurring capital expenditures, including the Company's investment in joint revenue sharing arrangements, the purchase of property, plant and equipment and the acquisition of other intangible assets (from the Consolidated Statements of Cash Flows), from net cash provided by or used in operating activities. Management believes that free cash flow is a supplemental measure of the cash flow available to reduce debt, add to cash balances, and fund other financing activities. Free cash flow does not represent residual cash flow available for discretionary expenditures. A reconciliation of cash provided by operating activities to free cash flow is presented below.

These non-GAAP measures may not be comparable to similarly titled amounts reported by other companies. Additionally, the non-GAAP financial measures used by the Company should not be considered as a substitute for, or superior to, the comparable GAAP amounts.
